## Case No. 84739

#### IN THE SUPREME COURT OF THE STATE OF NEVADA

# ADAM SULLIVAN, P.E., NEVADA STATE ENGINEER, et at.

Appellants,

Electronically Filed Jun 13 2022 07:04 p.m. Elizabeth A. Brown Clerk of Supreme Court

vs.

LINCOLN COUNTY WATER DISTRICT; et al.

Respondents.

# SOUTHERN NEVADA WATER AUTHORITY'S REPLY TO GEORGIA-PACIFIC GYPSUM LLC'S AND REPUBLIC ENVIRONMENT TECHNOLOGIES, INC.'S OPPOSITION TO SOUTHERN NEVADA WATER AUTHORITY'S MOTION TO EXCEED PAGE LIMIT

# **IMMEDIATE ACTION REQUESTED**

Appellant, SOUTHERN NEVADA WATER AUTHORITY ("SNWA") by and through ITS counsel, PAUL G. TAGGART, ESQ. and THOMAS P. DUENSING, ESQ., of the law firm of TAGGART & TAGGART, LTD., and STEVEN C. ANDERSON ESQ., of SNWA hereby files its reply to Georgia-Pacific Gypsum LLC's and Republic Environment Technologies, Inc.'s Opposition To Southern Nevada Water Authority's Motion To Exceed Page Limit for its Emergency Motion for Stay Under NRAP 27(e) Pending Appeal. This motion is supported by the following points and authorities.

# **MEMORANDUM OF POINTS AND AUTHORITIES**

Georgia-Pacific Gypsum LLC's and Republic Environment Technologies, Inc.'s ("Georgia-Pacific") argue that motions are different than briefs, and the relief for page limits allowed for briefs are inapplicable to motion practice.<sup>1</sup> This is not true. This Court regularly hears motions to exceed page limits for more than just appellate briefs.<sup>2</sup> SNWA has correctly followed the rules of this Court.

SNWA also correctly demonstrated diligence and good cause. SNWA properly filed a declaration in support of its motion. SNWA correctly noted that this appeal relates to a matter of first impression and is part of a complex issue related to the authority of the Nevada State Engineer to manage overappropriated groundwater basins. The fourth factor in considering relating to the likelihood of success on the merits. The Motion for Stay certainly does not present SNWA's entire case, which will be later briefed, but does provide key points on why SNWA will likely succeed

<sup>&</sup>lt;sup>1</sup> Georgia-Pacific Gypsum LLC's and Republic Environment Technologies, Inc.'s Opp'n To Southern Nevada Water Authority's Mot. To Exceed Page Limit ("Georgia-Pacific Opp'n") at 2-5.

<sup>&</sup>lt;sup>2</sup> See e.g., *TRP Fund VI, LLC v. PHH Mortgage Corp.*, 138 Nev. Adv. Op. 21, 506 P.3d 1056, 1057 (2022) (motions for leave to file a stay motion and an opposition thereto that exceed the NRAP 27(d)(2) page limits were granted).

on the merits based on legal errors made by the district court in this complex area of the law.

Lastly, Georgia-Pacific's personal attack on counsel for SNWA is unfounded.<sup>3</sup> In its declaration, counsel for SNWA declared under penalty of perjury that they worked diligently to present the Motion for Stay in a concise manner. There is no justification to support their claim that SNWA "made very little effort" to be concise in its motion. In fact, SNWA spent many hours attempting to reduce and refine its arguments to be as concise as possible.

Order 1309 is the result of decades of administrative proceedings and is 68 pages long.<sup>4</sup> The appeal of Order 1309 involves over a dozen parties who provided thousands of pages of briefing at the district court proceeding, resulting in a final judgment that is 36 pages long.<sup>5</sup> Clearly this is a complex case with complex legal issues. SNWA manages to summarize the long history and present the complex legal questions in 24 pages (including the title page and signature page).

#### **CONCLUSION**

SNWA respectfully submit that they have exercised diligence and demonstrated good cause to exceed the 10-page limit in NRAP 27(d)(2) and request leave to do so.

<sup>&</sup>lt;sup>3</sup> Georgia-Pacific Opp'n at 5

<sup>&</sup>lt;sup>4</sup> Mot. for Stay App. Vol. 1, Ex 1, at APP MFS 1-68.

<sup>&</sup>lt;sup>5</sup> Mot. for Stay App. Vol. 2, Ex 5, at APP MFS 189-228.
