Schedule of Benefits

Accessing Benefits

You can choose to receive Network Benefits or Non-Network Benefits.

Network Benefits apply to Covered Health Services that are provided by a Network Physician or other Network provider. You are not required to select a Primary Physician in order to obtain Network Benefits. In general health care terminology, a Primary Physician may also be referred to as a *Primary Care Physician* or *PCP*.

Emergency Health Services provided by a non-Network provider will be reimbursed as set forth under *Eligible Expenses* as described at the end of this *Schedule of Benefits*. **As a result, you will be responsible for the difference between the amount billed by the non-Network provider and the amount we determine to be an Eligible Expense for reimbursement. The payments you make to non-Network providers for charges above the Eligible Expense do not apply towards any applicable Out-of-Pocket Maximum.**

Covered Health Services that are provided at a Network facility by a non-Network facility based Physician, when not Emergency Health Services, will be reimbursed as set forth under *Eligible Expenses* as described at the end of this *Schedule of Benefits*. **As a result, you will be responsible for the difference between the amount billed by the non-Network facility based Physician and the amount we determine to be an Eligible Expense for reimbursement. The payments you make to non-Network facility based Physicians for charges above the Eligible Expense do not apply towards any applicable Out-of-Pocket Maximum.**

Non-Network Benefits apply to Covered Health Services that are provided by a non-Network Physician or other non-Network provider, or Covered Health Services that are provided at a non-Network facility. In general health care terminology, Non-Network Benefits may also be referred to as *Out-of-Network Benefits*.

Depending on the geographic area and the service you receive, you may have access through our Shared Savings Program to non-Network providers who have agreed to discount their charges for Covered Health Services. If you receive Covered Health Services from these providers, the Coinsurance will remain the same as it is when you receive Covered Health Services from non-Network providers who have not agreed to discount their charges; however, the total that you owe may be less when you receive Covered Health Services from Shared Savings Program providers than from other non-Network providers because the Eligible Expense may be a lesser amount.

You must show your identification card (ID card) every time you request health care services from a Network provider. If you do not show your ID card, Network providers have no way of knowing that you are enrolled under a UnitedHealthcare Policy. As a result, they may bill you for the entire cost of the services you receive.

Additional information about the network of providers and how your Benefits may be affected appears at the end of this *Schedule of Benefits*.

If there is a conflict between this *Schedule of Benefits* and any summaries provided to you by the Enrolling Group, this *Schedule of Benefits* will control.

Prior Authorization

We require prior authorization for certain Covered Health Services. In general, Network providers are responsible for obtaining prior authorization before they provide these services to you. There are some Network Benefits, however, for which you are responsible for obtaining prior authorization. Services for which you are required to obtain prior authorization are identified below and in the *Schedule of Benefits* table within each Covered Health Service category.

We recommend that you confirm with us that all Covered Health Services listed below have been prior authorized as required. Before receiving these services from a Network provider, you may want to contact us to verify that the Hospital, Physician and other providers are Network providers and that they have obtained the required prior authorization. Network facilities and Network providers cannot bill you for services they fail to prior authorize as required. You can contact us by calling the telephone number for *Customer Care* on your ID card.

When you choose to receive certain Covered Health Services from non-Network providers, you are responsible for obtaining prior authorization before you receive these services. Note that your obligation to obtain prior authorization is also applicable when a non-Network provider intends to admit you to a Network facility or refers you to other Network providers. Once you have obtained the authorization, please review it carefully so that you understand what services have been authorized and what providers are authorized to deliver the services that are subject to the authorization.

To obtain prior authorization, call the telephone number for *Customer Care* on your ID card. This call starts the utilization review process.

The utilization review process is a set of formal techniques designed to monitor the use of, or evaluate the clinical necessity, appropriateness, efficacy, or efficiency of, health care services, procedures or settings. Such techniques may include ambulatory review, prospective review, second opinion, certification, concurrent review, case management, discharge planning, retrospective review or similar programs.

Covered Health Services which Require Prior Authorization

Please note that prior authorization timelines apply. Refer to the applicable Benefit description in the *Schedule of Benefits* table to determine how far in advance you must obtain prior authorization.

- Ambulance - non-emergent air and ground.
- Breast pumps.
- Clinical trials.
- Congenital heart disease surgery.
- Dental services - accidental.
- Dental - Anesthesia and Hospital Facility Charges for Enrolled Dependent Children.
- Durable Medical Equipment over \$1,000 in cost (either retail purchase cost or cumulative).
- Formulas/specialized foods.
- Genetic Testing - BRCA.
- Home health care.
- Hospice care - inpatient.

- Hospital inpatient care - all scheduled admissions and maternity stays exceeding 48 hours for normal vaginal delivery or 96 hours for a cesarean section delivery.
- Lab, X-ray and diagnostics - sleep studies.
- Lab, X-ray and major diagnostics - CT, PET Scans, MRI, MRA, Nuclear Medicine and Capsule Endoscopy.
- Mental Health Services - inpatient services (including Partial Hospitalization/Day Treatment and services at a Residential Treatment Facility); Intensive Outpatient Treatment programs; outpatient electro-convulsive treatment; psychological testing; extended outpatient treatment visits beyond 45 - 50 minutes in duration, with or without medication management.
- Neurobiological disorders - Autism Spectrum Disorder services - inpatient services (including Partial Hospitalization/Day Treatment and services at a Residential Treatment Facility), Intensive Outpatient Treatment programs; psychological testing; extended outpatient treatment visits beyond 45 - 50 minutes in duration, with or without medication management; Applied Behavioral Analysis (ABA).
- Pain management.
- Certain Pharmaceutical Products. You may determine whether a particular Pharmaceutical Product requires authorization through the Internet at www.myuhc.com or by calling *Customer Care* at the telephone number on your ID card.
- Prosthetic devices over \$1,000 in cost per device.
- Reconstructive procedures, including breast reconstruction surgery following mastectomy.
- Rehabilitation services and Manipulative Treatment - physical therapy, occupational therapy, Manipulative Treatment and speech therapy.
- Skilled Nursing Facility and Inpatient Rehabilitation Facility services.
- Substance Use Disorder Services - inpatient services (including Partial Hospitalization/Day Treatment and services at a Residential Treatment Facility); Intensive Outpatient Treatment programs; psychological testing; extended outpatient treatment visits beyond 45 - 50 minutes in duration, with or without medication management.
- Surgery - only for the following outpatient surgeries: cardiac catheterization, pacemaker insertion, implantable cardioverter defibrillators, diagnostic catheterization and electrophysiology implant and sleep apnea surgeries.
- Temporomandibular joint services.
- Therapeutics - only for the following services: dialysis, intensity modulated radiation therapy and MR-guided focused ultrasound.
- Transplants.

For all other services, when you choose to receive services from non-Network providers, we urge you to confirm with us that the services you plan to receive are Covered Health Services. That's because in some instances, certain procedures may not be Medically Necessary or may not otherwise meet the definition of a Covered Health Service, and therefore are excluded. In other instances, the same procedure may meet the definition of Covered Health Services. By calling before you receive treatment, you can check to see if the service is subject to limitations or exclusions.

If you request a coverage determination at the time prior authorization is provided, the determination will be made based on the services you report you will be receiving. If the reported services differ from those

actually received, our final coverage determination will be modified to account for those differences, and we will only pay Benefits based on the services actually delivered to you.

If you choose to receive a service that has been determined not to be a Medically Necessary Covered Health Service, you will be responsible for paying all charges and no Benefits will be paid.

Care Management

When you seek prior authorization as required, we will work with you to implement the care management process and to provide you with information about additional services that are available to you, such as disease management programs, health education, and patient advocacy.

Special Note Regarding Medicare

If you are enrolled in Medicare on a primary basis (Medicare pays before we pay Benefits under the Policy), the prior authorization requirements do not apply to you. Since Medicare is the primary payer, we will pay as secondary payer as described in *Section 7: Coordination of Benefits*. You are not required to obtain authorization before receiving Covered Health Services.

Benefits

Annual Deductibles are calculated on a calendar year basis.

Out-of-Pocket Maximums are calculated on a calendar year basis.

When Benefit limits apply, the limit stated refers to any combination of Network Benefits and Non-Network Benefits unless otherwise specifically stated.

Benefit limits are calculated on a calendar year basis unless otherwise specifically stated.

Payment Term And Description	Amounts
Annual Deductible	
The amount of Eligible Expenses you pay for Covered Health Services per year before you are eligible to receive Benefits. Amounts paid toward the Annual Deductible for Covered Health Services that are subject to a visit or day limit will also be calculated against that maximum Benefit limit. As a result, the limited Benefit will be reduced by the number of days/visits used toward meeting the Annual Deductible. When a Covered Person was previously covered under a group policy that was replaced by the group Policy, any amount already applied to that annual deductible provision of the prior policy will apply to the Annual Deductible provision under the Policy. The amount that is applied to the Annual Deductible is calculated on the basis of Eligible Expenses. The Annual Deductible does not include any amount that exceeds Eligible Expenses. Details about the way in which Eligible Expenses are determined appear at the end of the <i>Schedule of Benefits</i> table.	Network \$1,000 per Covered Person, not to exceed \$3,000 for all Covered Persons in a family. Non-Network \$2,000 per Covered Person, not to exceed \$6,000 for all Covered Persons in a family.

Payment Term And Description	Amounts
Out-of-Pocket Maximum	
The maximum you pay per year for the Annual Deductible, Copayments or Coinsurance. Once you reach the Out-of-Pocket Maximum, Benefits are payable at 100% of Eligible Expenses during the rest of that year. The Out-of-Pocket Maximum applies to Covered Health Services under the Policy as indicated in this <i>Schedule of Benefits</i>, including Covered Health Services provided under the <i>Outpatient Prescription Drug Rider</i>. Details about the way in which Eligible Expenses are determined appear at the end of the <i>Schedule of Benefits</i> table. The Out-of-Pocket Maximum does not include any of the following and, once the Out-of-Pocket Maximum has been reached, you still will be required to pay the following: - Any charges for non-Covered Health Services. - The amount Benefits are reduced if you do not obtain prior authorization as required. - Charges that exceed Eligible Expenses. - Copayments or Coinsurance for any Covered Health Service identified in the <i>Schedule of Benefits</i> table that does not apply to the Out-of-Pocket Maximum.	Network \$4,000 per Covered Person, not to exceed \$8,000 for all Covered Persons in a family. The Out-of-Pocket Maximum includes the Annual Deductible. Non-Network \$8,000 per Covered Person, not to exceed \$16,000 for all Covered Persons in a family. The Out-of-Pocket Maximum includes the Annual Deductible.
Copayment	
Copayment is the amount you pay (calculated as a set dollar amount) each time you receive certain Covered Health Services. When Copayments apply, the amount is listed on the following pages next to the description for each Covered Health Service. Please note that for Covered Health Services, you are responsible for paying the lesser of: - The applicable Copayment. - The Eligible Expense. Details about the way in which Eligible Expenses are determined appear at the end of the <i>Schedule of Benefits</i> table.	
Coinsurance	
Coinsurance is the amount you pay (calculated as a percentage of Eligible Expenses) each time you receive certain Covered Health Services. Details about the way in which Eligible Expenses are determined appear at the end of the <i>Schedule of Benefits</i> table.	

When Benefit limits apply, the limit refers to any combination of Network Benefits and Non-Network Benefits unless otherwise specifically stated.

Prior Authorization Requirement

For Non-Network Benefits for a scheduled admission, you must obtain prior authorization five business days before admission, or as soon as is reasonably possible for non-scheduled admissions (including Emergency admissions). If you fail to obtain prior authorization as required, Benefits will be reduced to 50% of Eligible Expenses.

Network

Depending upon where the Covered Health Service is provided, Benefits will be the same as those stated under each Covered Health Service category in this *Schedule of Benefits*.

Non-Network

Depending upon where the Covered Health Service is provided, Benefits will be the same as those stated under

pay for Eligible Expenses. Eligible Expenses are determined solely in accordance with our reimbursement policy guidelines, as described in the *Certificate*.

For Network Benefits, Eligible Expenses are based on the following:

- When Covered Health Services are received from a Network provider, Eligible Expenses are our contracted fee(s) with that provider.
- When Covered Health Services are received from a non-Network provider as arranged by us, Eligible Expenses are billed charges unless a lower amount is negotiated or authorized by law.

For Non-Network Benefits, Eligible Expenses are based on either of the following:

- When Covered Health Services are received from a non-Network provider, Eligible Expenses are determined, based on:
 - Negotiated rates agreed to by the non-Network provider and either us or one of our vendors, affiliates or subcontractors, at our discretion.
 - If rates have not been negotiated, then one of the following amounts:
 - Eligible Expenses are determined based on 110% of the published rates allowed by the *Centers for Medicare and Medicaid Services (CMS)* for Medicare for the same or similar service within the geographic market, with the exception of the following:
 - 50% of *CMS* for the same or similar laboratory service.
 - 45% of *CMS* for the same or similar durable medical equipment, or *CMS* competitive bid rates.
 - When a rate is not published by *CMS* for the service, we use an available gap methodology to determine a rate for the service as follows:
 - For services other than Pharmaceutical Products, we use a gap methodology established by *OptumInsight* and/or a third party vendor that uses a relative value scale. The relative value scale is usually based on the difficulty, time, work, risk and resources of the service. If the relative value scale(s) currently in use become no longer available, we will use a comparable scale(s). We and *OptumInsight* are related companies through common ownership by *UnitedHealth Group*. Refer to our website at www.myuhc.com for information regarding the vendor that provides the applicable gap fill relative value scale information.
 - For Pharmaceutical Products, we use gap methodologies that are similar to the pricing methodology used by *CMS*, and produce fees based on published acquisition costs or average wholesale price for the pharmaceuticals. These methodologies are currently created by *RJ Health Systems*, *Thomson Reuters* (published in its *Red Book*), or *UnitedHealthcare* based on an internally developed pharmaceutical pricing resource.
 - When a rate is not published by *CMS* for the service and a gap methodology does not apply to the service, the Eligible Expense is based on 50% of the provider's billed charge.
 - For Mental Health Services and Substance Use Disorder Services the Eligible Expense will be reduced by 25% for Covered Health Services provided by a psychologist and by 35% for Covered Health Services provided by a masters level counselor.

We update the *CMS* published rate data on a regular basis when updated data from *CMS* becomes available. These updates are typically implemented within 30 to 90 days after *CMS* updates its data.

IMPORTANT NOTICE: Non-Network providers may bill you for any difference between the provider's billed charges and the Eligible Expense described here.

For Covered Health Services received at a Network facility on a non-Emergency basis from a non-Network facility based Physician, the Eligible Expense is based on 110% of the published rates allowed by the *Centers for Medicare and Medicaid Services (CMS)* for the same or similar service within the geographic market with the exception of the following:

- 50% of *CMS* for the same or similar laboratory service.
- 45% of *CMS* for the same or similar durable medical equipment, or *CMS* competitive bid rates.

When a rate is not published by *CMS* for the service, we use a gap methodology established by *OptumInsight* and/or a third party vendor that uses a relative value scale. The relative value scale is usually based on the difficulty, time, work, risk and resources of the service. If the relative value scale currently in use becomes no longer available, we will use a comparable scale(s). We and *OptumInsight* are related companies through common ownership by *UnitedHealth Group*. Refer to our website at www.myuhc.com for information regarding the vendor that provides the applicable gap fill relative value scale information.

For Pharmaceutical Products, we use gap methodologies that are similar to the pricing methodology used by *CMS*, and produce fees based on published acquisition costs or average wholesale price for the pharmaceuticals. These methodologies are currently created by *RJ Health Systems*, *Thomson Reuters* (published in its *Red Book*), or *UnitedHealthcare* based on an internally developed pharmaceutical pricing resource.

When a rate is not published by *CMS* for the service and a gap methodology does not apply to the service, the Eligible Expense is based on 50% of the provider's billed charge.

For Mental Health Services and Substance Use Disorder Services the Eligible Expense will be reduced by 25% for Covered Health Services provided by a psychologist and by 35% for Covered Health Services provided by a masters level counselor.

IMPORTANT NOTICE: Non-Network facility based Physicians may bill you for any difference between the Physician's billed charges and the Eligible Expense described here.

For Emergency Health Services provided by a non-Network provider, the Eligible Expense is a rate agreed upon by the non-Network provider or determined based upon the higher of:

- The median amount negotiated with Network providers for the same service.
- 110% of the published rates allowed by the *Centers for Medicare and Medicaid Services (CMS)* for the same or similar service within the geographic market.

When a rate is not published by *CMS* for the service, we use a gap methodology established by *OptumInsight* and/or a third party vendor that uses a relative value scale. The relative value scale is usually based on the difficulty, time, work, risk and resources of the service. If the relative value scale currently in use becomes no longer available, we will use a comparable scale(s). We and *OptumInsight* are related companies through common ownership by *UnitedHealth Group*. Refer to our website at www.myuhc.com for information regarding the vendor that provides the applicable gap fill relative value scale information.

For Pharmaceutical Products, we use gap methodologies that are similar to the pricing methodology used by *CMS*, and produce fees based on published acquisition costs or average wholesale price for the pharmaceuticals. These methodologies are currently created by *RJ Health Systems*, *Thomson Reuters*

(published in its *Red Book*), or *UnitedHealthcare* based on an internally developed pharmaceutical pricing resource.

When a rate is not published by *CMS* for the service and a gap methodology does not apply to the service, the Eligible Expense is based on 50% of the provider's billed charge.

IMPORTANT NOTICE: Non-Network providers may bill you for any difference between the provider's billed charges and the Eligible Expense described here.

- When Covered Health Services are received from a Network provider, Eligible Expenses are our contracted fee(s) with that provider.

Provider Network

We arrange for health care providers to participate in a Network. Network providers are independent practitioners. They are not our employees. It is your responsibility to select your provider.

Our credentialing process confirms public information about the providers' licenses and other credentials, but does not assure the quality of the services provided.

Before obtaining services you should always verify the Network status of a provider. A provider's status may change. You can verify the provider's status by calling *Customer Care*. A directory of providers is available online at www.myuhc.com or by calling *Customer Care* at the telephone number on your ID card to request a copy.

It is possible that you might not be able to obtain services from a particular Network provider. The network of providers is subject to change. Or you might find that a particular Network provider may not be accepting new patients. If a provider leaves the Network or is otherwise not available to you, you must choose another Network provider to get Network Benefits.

If you are currently undergoing a course of treatment utilizing a non-Network Physician or health care facility, you may be eligible to receive transition of care Benefits. This transition period is available for specific medical services and for limited periods of time. If you have questions regarding this transition of care reimbursement policy or would like help determining whether you are eligible for transition of care Benefits, please contact *Customer Care* at the telephone number on your ID card.

Do not assume that a Network provider's agreement includes all Covered Health Services. Some Network providers contract with us to provide only certain Covered Health Services, but not all Covered Health Services. Some Network providers choose to be a Network provider for only some of our products. Refer to your provider directory or contact us for assistance.

Continuity of Care

If you are under the care of a Network provider and the Network provider caring for you is terminated from the Network by us, we can arrange (at your request and subject to the provider's agreement) for continuation of Covered Health Services rendered by the terminated provider for the time periods shown below. Copayments, Coinsurance, any deductible, or other cost sharing components will be the same as you would have paid for a provider currently contracting with us.

The time periods for which treatment by a terminated Network provider will be covered under the Policy are:

- Pregnancy. The 45th day after either of the following:
 - The date of delivery.
 - The date of the end of the Pregnancy, if the Pregnancy does not end in delivery.
- Other than Pregnancy.

- The 120th day after the date the provider's contract is terminated.

Continuity of care does not apply when:

- The provider of health care was under contract with us and we terminated that contract because of the medical incompetence or professional misconduct of the provider of health care; and
- We did not enter into another contract with the provider of health.

Designated Facilities and Other Providers

If you have a medical condition that we believe needs special services, we may direct you to a Designated Facility and/or a Designated Physician chosen by us. If you require certain complex Covered Health Services for which expertise is limited, we may direct you to a Network facility or provider that is outside your local geographic area. If you are required to travel to obtain such Covered Health Services from a Designated Facility or Designated Physician, we may reimburse certain travel expenses at our discretion.

In both cases, Network Benefits will only be paid if your Covered Health Services for that condition are provided by or arranged by the Designated Facility, Designated Physician or other provider chosen by us.

You or your Network Physician must notify us of special service needs (such as transplants or cancer treatment) that might warrant referral to a Designated Facility or Designated Physician. If you do not notify us in advance, and if you receive services from a non-Network facility (regardless of whether it is a Designated Facility) or other non-Network provider, Network Benefits will not be paid. Non-Network Benefits may be available if the special needs services you receive are Covered Health Services for which Benefits are provided under the Policy.

Health Services from Non-Network Providers Paid as Network Benefits

If specific Covered Health Services are not available from a Network provider, you may be eligible for Network Benefits when Covered Health Services are received from non-Network providers. In this situation, your Network Physician will notify us and, if we confirm that care is not available from a Network provider, we will work with you and your Network Physician to coordinate care through a non-Network provider.

Limitations on Selection of Providers

If we determine that you are using health care services in a harmful or abusive manner, or with harmful frequency, your selection of Network providers may be limited. If this happens, we may require you to select a single Network Physician to provide and coordinate all future Covered Health Services.

If you don't make a selection within 31 days of the date we notify you, we will select a single Network Physician for you.

If you fail to use the selected Network Physician, Covered Health Services will be paid as Non-Network Benefits.

Certificate of Coverage

UnitedHealthcare Insurance Company

Certificate of Coverage is Part of Policy

This *Certificate of Coverage (Certificate)* is part of the Policy that is a legal document between UnitedHealthcare Insurance Company and the Enrolling Group to provide Benefits to Covered Persons, subject to the terms, conditions, exclusions and limitations of the Policy. We issue the Policy based on the Enrolling Group's application and payment of the required Policy Charges.

In addition to this *Certificate* the Policy includes:

- The *Group Policy*.
- The *Schedule of Benefits*.
- The Enrolling Group's application.
- Riders, including the *Outpatient Prescription Drug Rider*.
- Amendments.

You can review the Policy at the office of the Enrolling Group during regular business hours.

Changes to the Document

We may from time to time modify this *Certificate* by attaching legal documents called Riders and/or Amendments that may change certain provisions of this *Certificate*. When that happens we will send you a new *Certificate*, Rider or Amendment pages.

No one can make any changes to the Policy unless those changes are in writing.

Other Information You Should Have

We have the right to change, interpret, modify, withdraw or add Benefits, or to terminate the Policy, as permitted by law, without your approval.

On its effective date, this *Certificate* replaces and overrules any *Certificate* that we may have previously issued to you. This *Certificate* will in turn be overruled by any *Certificate* we issue to you in the future.

The Policy will take effect on the date specified in the Policy. Coverage under the Policy will begin at 12:01 a.m. and end at 12:00 midnight in the time zone of the Enrolling Group's location. The Policy will remain in effect as long as the Policy Charges are paid when they are due, subject to termination of the Policy.

We are delivering the Policy in the State of Nevada. The Policy is governed by ERISA unless the Enrolling Group is not an employee welfare benefit plan as defined by ERISA. To the extent that state law applies, the laws of the State of Nevada are the laws that govern the Policy.

Introduction to Your Certificate

We are pleased to provide you with this *Certificate*. This *Certificate* and the other Policy documents describe your Benefits, as well as your rights and responsibilities, under the Policy.

How to Use this Document

We encourage you to read your *Certificate* and any attached Riders and/or Amendments carefully.

We especially encourage you to review the Benefit limitations of this *Certificate* by reading the attached *Schedule of Benefits* along with *Section 1: Covered Health Services* and *Section 2: Exclusions and Limitations*. You should also carefully read *Section 8: General Legal Provisions* to better understand how this *Certificate* and your Benefits work. You should call us if you have questions about the limits of the coverage available to you.

Many of the sections of this *Certificate* are related to other sections of the document. You may not have all of the information you need by reading just one section. We also encourage you to keep your *Certificate* and *Schedule of Benefits* and any attachments in a safe place for your future reference.

If there is a conflict between this *Certificate* and any summaries provided to you by the Enrolling Group, this *Certificate* will control.

Please be aware that your Physician is not responsible for knowing or communicating your Benefits.

Information about Defined Terms

Because this *Certificate* is part of a legal document, we want to give you information about the document that will help you understand it. Certain capitalized words have special meanings. We have defined these words in *Section 9: Defined Terms*. You can refer to *Section 9: Defined Terms* as you read this document to have a clearer understanding of your *Certificate*.

When we use the words "we," "us," and "our" in this document, we are referring to UnitedHealthcare Insurance Company. When we use the words "you" and "your," we are referring to people who are Covered Persons, as that term is defined in *Section 9: Defined Terms*.

Don't Hesitate to Contact Us

Throughout the document you will find statements that encourage you to contact us for further information. Whenever you have a question or concern regarding your Benefits, please call us using the telephone number for *Customer Care* listed on your ID card. It will be our pleasure to assist you.

Your Responsibilities

Be Enrolled and Pay Required Contributions

Benefits are available to you only if you are enrolled for coverage under the Policy. Your enrollment options, and the corresponding dates that coverage begins, are listed in *Section 3: When Coverage Begins*. To be enrolled with us and receive Benefits, both of the following apply:

- Your enrollment must be in accordance with the Policy issued to your Enrolling Group, including the eligibility requirements.
- You must qualify as a Subscriber or his or her Dependent as those terms are defined in *Section 9: Defined Terms*.

Your Enrolling Group may require you to make certain payments to them, in order for you to remain enrolled under the Policy and receive Benefits. If you have questions about this, contact your Enrolling Group.

Be Aware this Benefit Plan Does Not Pay for All Health Services

Your right to Benefits is limited to Covered Health Services. The extent of this Benefit plan's payments for Covered Health Services and any obligation that you may have to pay for a portion of the cost of those Covered Health Services is set forth in the *Schedule of Benefits*.

Decide What Services You Should Receive

Care decisions are between you and your Physicians. We do not make decisions about the kind of care you should or should not receive.

Choose Your Physician

It is your responsibility to select the health care professionals who will deliver care to you. We arrange for Physicians and other health care professionals and facilities to participate in a Network. Our credentialing process confirms public information about the professionals' and facilities' licenses and other credentials, but does not assure the quality of their services. These professionals and facilities are independent practitioners and entities that are solely responsible for the care they deliver.

Obtain Prior Authorization

Some Covered Health Services require prior authorization. In general, Physicians and other health care professionals who participate in a Network are responsible for obtaining prior authorization. However, if you choose to receive Covered Health Services from a non-Network provider, you are responsible for obtaining prior authorization before you receive the services. For detailed information on the Covered Health Services that require prior authorization, please refer to the *Schedule of Benefits*.

Pay Your Share

You must meet any applicable deductible and pay a Copayment and/or Coinsurance for most Covered Health Services. These payments are due at the time of service or when billed by the Physician, provider or facility. Any applicable deductible Copayment and Coinsurance amounts are listed in the *Schedule of Benefits*. You must also pay any amount that exceeds Eligible Expenses.

Pay the Cost of Excluded Services

You must pay the cost of all excluded services and items. Review *Section 2: Exclusions and Limitations* to become familiar with this Benefit plan's exclusions.

Show Your ID Card

You should show your identification (ID) card every time you request health services. If you do not show your ID card, the provider may fail to bill the correct entity for the services delivered, and any resulting delay may mean that you will be unable to collect any Benefits otherwise owed to you.

File Claims with Complete and Accurate Information

When you receive Covered Health Services from a non-Network provider, you are responsible for requesting payment from us. You must file the claim in a format that contains all of the information we require, as described in *Section 5: How to File a Claim*.

Use Your Prior Health Care Coverage

If you have prior coverage that, as required by state law, extends benefits for a particular condition or a disability, we will not pay Benefits for health services for that condition or disability until the prior coverage ends. We will pay Benefits as of the day your coverage begins under this Benefit plan for all other Covered Health Services that are not related to the condition or disability for which you have other coverage.

Our Responsibilities

Determine Benefits

We make administrative decisions regarding whether this Benefit plan will pay for any portion of the cost of a health care service you intend to receive or have received. Our decisions are for payment purposes only. We do not make decisions about the kind of care you should or should not receive. You and your providers must make those treatment decisions.

We have the discretion to do the following:

- Interpret Benefits and the other terms, limitations and exclusions set out in this *Certificate*, the *Schedule of Benefits* and any Riders and/or Amendments.
- Make factual determinations relating to Benefits.

We may delegate this discretionary authority to other persons or entities that may provide administrative services for this Benefit plan, such as claims processing. The identity of the service providers and the nature of their services may be changed from time to time in our discretion. In order to receive Benefits, you must cooperate with those service providers.

Pay for Our Portion of the Cost of Covered Health Services

We pay Benefits for Covered Health Services as described in *Section 1: Covered Health Services* and in the *Schedule of Benefits*, unless the service is excluded in *Section 2: Exclusions and Limitations*. This means we only pay our portion of the cost of Covered Health Services. It also means that not all of the health care services you receive may be paid for (in full or in part) by this Benefit plan.

Pay Network Providers

It is the responsibility of Network Physicians and facilities to file for payment from us. When you receive Covered Health Services from Network providers, you do not have to submit a claim to us.

Pay for Covered Health Services Provided by Non-Network Providers

In accordance with any state prompt pay requirements, we will pay Benefits after we receive your request for payment that includes all required information. See *Section 5: How to File a Claim*.

Review and Determine Benefits in Accordance with our Reimbursement Policies

We develop our reimbursement policy guidelines, in our sole discretion, in accordance with one or more of the following methodologies:

- As indicated in the most recent edition of the *Current Procedural Terminology (CPT)*, a publication of the *American Medical Association*, and/or the *Centers for Medicare and Medicaid Services (CMS)*.
- As reported by generally recognized professionals or publications.
- As used for Medicare.
- As determined by medical staff and outside medical consultants pursuant to other appropriate sources or determinations that we accept.

Following evaluation and validation of certain provider billings (e.g., error, abuse and fraud reviews), our reimbursement policies are applied to provider billings. We share our reimbursement policies with Physicians and other providers in our Network through our provider website. Network Physicians and providers may not bill you for the difference between their contract rate (as may be modified by our reimbursement policies) and the billed charge. However, non-Network providers are not subject to this prohibition, and may bill you for any amounts we do not pay, including amounts that are denied because one of our reimbursement policies does not reimburse (in whole or in part) for the service billed. You may obtain copies of our reimbursement policies for yourself or to share with your non-Network Physician or provider by going to www.myuhc.com or by calling *Customer Care* at the telephone number on your ID card.

Offer Health Education Services to You

From time to time, we may provide you with access to information about additional services that are available to you, such as disease management programs, health education and patient advocacy. It is solely your decision whether to participate in the programs, but we recommend that you discuss them with your Physician.

Certificate of Coverage Table of Contents

Section 1: Covered Health Services	8
Section 2: Exclusions and Limitations	27
Section 3: When Coverage Begins	40
Section 4: When Coverage Ends	44
Section 5: How to File a Claim	47
Section 6: Questions, Complaints and Appeals	49
Section 7: Coordination of Benefits	54
Section 8: General Legal Provisions	59
Section 9: Defined Terms	66

Section 1: Covered Health Services

Benefits for Covered Health Services

Benefits are available only if all of the following are true:

- The health care service, supply or Pharmaceutical Product is only a Covered Health Service if it is Medically Necessary. (See definitions of Medically Necessary and Covered Health Service in *Section 9: Defined Terms*.) The fact that a Physician or other provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment for a Sickness, Injury, Mental Illness, substance-related and addictive disorders, disease or its symptoms does not mean that the procedure or treatment is a Covered Health Service under the Policy.
- Covered Health Services are received while the Policy is in effect.
- Covered Health Services are received prior to the date that any of the individual termination conditions listed in *Section 4: When Coverage Ends* occurs.
- The person who receives Covered Health Services is a Covered Person and meets all eligibility requirements specified in the Policy.

This section describes Covered Health Services for which Benefits are available. Please refer to the attached *Schedule of Benefits* for details about:

- The amount you must pay for these Covered Health Services (including any Annual Deductible, Copayment and/or Coinsurance).
- Any limit that applies to these Covered Health Services (including visit, day and dollar limits on services).
- Any limit that applies to the amount of Eligible Expenses you are required to pay in a year (Out-of-Pocket Maximum).
- Any responsibility you have for obtaining prior authorization or notifying us.

Please note that in listing services or examples, when we say "this includes," it is not our intent to limit the description to that specific list. When we do intend to limit a list of services or examples, we state specifically that the list "is limited to."

1. Ambulance Services

Emergency ambulance transportation by a licensed ambulance service (either ground or air ambulance) to the nearest Hospital where Emergency Health Services can be performed.

Non-Emergency ambulance transportation by a licensed ambulance service (either ground or air ambulance, as we determine appropriate) between facilities when the transport is any of the following:

- From a non-Network Hospital to a Network Hospital.
- To a Hospital that provides a higher level of care that was not available at the original Hospital.
- To a more cost-effective acute care facility.
- From an acute facility to a sub-acute setting.

We will reimburse the ambulance service directly if the Covered Health Service is not reimbursed by any other source.

2. Clinical Trials

Routine patient care costs incurred during participation in a qualifying clinical trial for the treatment of:

- Cancer. Benefits for clinical trials for cancer apply to any medical treatment provided in a Phase I, Phase II, Phase III or Phase IV for the treatment of cancer.
- Chronic fatigue syndrome. Benefits for clinical trials for chronic fatigue syndrome apply to any medical treatment provided in a Phase II, Phase III or Phase IV for the treatment of chronic fatigue syndrome.
- Cardiovascular disease (cardiac/stroke).
- Surgical musculoskeletal disorders of the spine, hip and knees.

Benefits include the reasonable and necessary items and services used to diagnose and treat complications arising from participation in a qualifying clinical trial.

Benefits are available only when the Covered Person is clinically eligible for participation in the clinical trial as defined by the researcher. Benefits are not available for preventive clinical trials.

Benefits for clinical trials for cancer and for chronic fatigue syndrome are available only if the Covered Person has signed (before participation in the clinical trial or study) a statement of consent indicating that he or she has been informed of all of the following:

- The procedure to be undertaken.
- Alternative methods and treatments.
- The risks associated with participating in the clinical trial or study, including the general nature and extent of such risks.

Routine patient care costs for clinical trials include:

- Covered Health Services for which Benefits are typically provided absent a clinical trial.
- Covered Health Services required solely for the provision of the Experimental or Investigational Service(s) or item, the clinically appropriate monitoring of the effects of the service or item, or the prevention of complications.
- Covered Health Services needed for reasonable and necessary care arising from the provision of an Experimental or Investigational Service(s) or item.

Routine costs for clinical trials do not include:

- The Experimental or Investigational Service(s) or item. The only exceptions to this are:
 - Certain *Category B* devices.
 - Certain promising interventions for patients with terminal illnesses.
 - Other items and services that meet specified criteria in accordance with our medical and drug policies.
- Items and services provided solely to satisfy data collection and analysis needs and that are not used in the direct clinical management of the patient.
- A service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis.
- Items and services provided by the research sponsors free of charge for any person enrolled in the trial.

With respect to cancer or other life-threatening diseases or conditions, a qualifying clinical trial is a Phase I, Phase II, Phase III, or Phase IV clinical trial that is conducted in relation to the prevention, detection or treatment of cancer or other life-threatening disease or condition and which meets any of the following criteria in the bulleted list below.

With respect to cardiovascular disease or musculoskeletal disorders of the spine and hip and knees which are not life-threatening, a qualifying clinical trial is a Phase I, Phase II, or Phase III clinical trial that is conducted in relation to the detection or treatment of such non-life-threatening disease or disorder and which meets any of the following criteria in the bulleted list below.

- Federally funded trials. The study or investigation is approved or funded (which may include funding through in-kind contributions) by one or more of the following:
 - *National Institutes of Health (NIH)*. (Includes *National Cancer Institute (NCI)*.)
 - *Centers for Disease Control and Prevention (CDC)*.
 - *Agency for Healthcare Research and Quality (AHRQ)*.
 - *Centers for Medicare and Medicaid Services (CMS)*.
 - A cooperative group or center of any of the entities described above or the *Department of Defense (DOD)* or the *Veterans Administration (VA)*.
 - A qualified non-governmental research entity identified in the guidelines issued by the *National Institutes of Health* for center support grants.
 - The *Department of Veterans Affairs*, the *Department of Defense* or the *Department of Energy* as long as the study or investigation has been reviewed and approved through a system of peer review that is determined by the *Secretary of Health and Human Services* to meet both of the following criteria:
 - Comparable to the system of peer review of studies and investigations used by the *National Institutes of Health*.
 - Ensures unbiased review of the highest scientific standards by qualified individuals who have no interest in the outcome of the review.
- The study or investigation is conducted under an investigational new drug application reviewed by the *U.S. Food and Drug Administration*.
- The study or investigation is a drug trial that is exempt from having such an investigational new drug application.
- For clinical trials for cancer and chronic fatigue syndrome, be either:
 - Provided by a facility that is authorized to conduct Phase I clinical trials or studies for the treatment of cancer.
 - Provided by a provider of health care and the facility and personnel for the clinical trial or study have the experience and training to provide the treatment in a capable manner for a Phase II, Phase III or Phase IV study or clinical trial for the treatment of cancer or chronic fatigue syndrome.
- The clinical trial must have a written protocol that describes a scientifically sound study and have been approved by all relevant institutional review boards (*IRBs*) before participants are enrolled in the trial. We may, at any time, request documentation about the trial.
- The subject or purpose of the trial must be the evaluation of an item or service that meets the definition of a Covered Health Service and is not otherwise excluded under the Policy.

3. Congenital Heart Disease Surgeries

Congenital heart disease (CHD) surgeries which are ordered by a Physician. CHD surgical procedures include surgeries to treat conditions such as coarctation of the aorta, aortic stenosis, tetralogy of fallot, transposition of the great vessels and hypoplastic left or right heart syndrome.

Benefits under this section include the facility charge and the charge for supplies and equipment. Benefits for Physician services are described under *Physician Fees for Surgical and Medical Services*.

Surgery may be performed as open or closed surgical procedures or may be performed through interventional cardiac catheterization.

We have specific guidelines regarding Benefits for CHD services. Contact us at the telephone number on your ID card for information about these guidelines.

4. Dental Services - Accident Only

Dental services when all of the following are true:

- Treatment is necessary because of accidental damage.
- Dental services are received from a Doctor of Dental Surgery or Doctor of Medical Dentistry.
- The dental damage is severe enough that initial contact with a Physician or dentist occurred within 72 hours of the accident. (You may request an extension of this time period provided that you do so within 60 days of the Injury and if extenuating circumstances exist due to the severity of the Injury.)

Please note that dental damage that occurs as a result of normal activities of daily living or extraordinary use of the teeth is not considered having occurred as an accident. Benefits are not available for repairs to teeth that are damaged as a result of such activities.

Dental services to repair damage caused by accidental Injury must conform to the following time-frames:

- Treatment is started within three months of the accident, unless extenuating circumstances exist (such as prolonged hospitalization or the presence of fixation wires from fracture care).
- Treatment must be completed within 12 months of the accident.

Benefits for treatment of accidental Injury are limited to the following:

- Emergency examination.
- Necessary diagnostic X-rays.
- Endodontic (root canal) treatment.
- Temporary splinting of teeth.
- Prefabricated post and core.
- Simple minimal restorative procedures (fillings).
- Extractions.
- Post-traumatic crowns if such are the only clinically acceptable treatment.
- Replacement of lost teeth due to the Injury by implant, dentures or bridges.

5. Diabetes Services

Diabetes Self-Management and Training/Diabetic Eye Examinations/Foot Care

Outpatient self-management training for the treatment of diabetes, education and medical nutrition therapy services. Diabetes outpatient self-management training, education and medical nutrition therapy services must be ordered by a Physician and provided by appropriately licensed, registered or certified healthcare professionals.

Benefits include:

- Training of a Covered Person after the initial diagnosis of diabetes in the care and management of that condition, including nutritional counseling and proper use of diabetes equipment and supplies.
- Additional training as authorized on the diagnosis of a Physician or other health care practitioner of a significant change in the Covered Person's symptoms or conditions that requires changes in the Covered Person's self-management regime.
- Periodic or episodic continuing education training when prescribed by an appropriate health care practitioner as warranted by the development of new techniques and treatments for diabetes.

Benefits under this section also include medical eye examinations (dilated retinal examinations) and preventive foot care for Covered Persons with diabetes.

Diabetic Self-Management Items

Insulin pumps and supplies for the management and treatment of diabetes, based upon the medical needs of the Covered Person. An insulin pump is subject to all the conditions of coverage stated under *Durable Medical Equipment*. Benefits for blood glucose monitors, insulin syringes with needles, blood glucose and urine test strips, ketone test strips and tablets and lancets and lancet devices are described under the *Outpatient Prescription Drug Rider*.

6. Durable Medical Equipment

Durable Medical Equipment that meets each of the following criteria:

- Ordered or provided by a Physician for outpatient use primarily in a home setting.
- Used for medical purposes.
- Not consumable or disposable except as needed for the effective use of covered Durable Medical Equipment.
- Not of use to a person in the absence of a disease or disability.

Benefits under this section include Durable Medical Equipment provided to you by a Physician.

If more than one piece of Durable Medical Equipment can meet your functional needs, Benefits are available only for the equipment that meets the minimum specifications for your needs. If you rent or purchase a piece of Durable Medical Equipment that exceeds this guideline, you will be responsible for any cost difference between the piece you rent or purchase and the piece we have determined is the most cost-effective.

Examples of Durable Medical Equipment include:

- Equipment to assist mobility, such as a standard wheelchair.
- A standard Hospital-type bed.
- Oxygen and the rental of equipment to administer oxygen (including tubing, connectors and masks).
- Delivery pumps for tube feedings (including tubing and connectors).
- Negative pressure wound therapy pumps (wound vacuums).

- Braces, including necessary adjustments to shoes to accommodate braces. Braces that stabilize an injured body part and braces to treat curvature of the spine are considered Durable Medical Equipment and are a Covered Health Service. Braces that straighten or change the shape of a body part are orthotic devices, and are excluded from coverage. Dental braces are also excluded from coverage.
- Mechanical equipment necessary for the treatment of chronic or acute respiratory failure (except that air-conditioners, humidifiers, dehumidifiers, air purifiers and filters and personal comfort items are excluded from coverage).
- Burn garments.
- Insulin pumps and all related necessary supplies as described under *Diabetes Services*.
- External cochlear devices and systems. Benefits for cochlear implantation are provided under the applicable medical/surgical Benefit categories in this *Certificate*.

Benefits under this section also include speech aid devices and tracheo-esophageal voice devices required for treatment of severe speech impediment or lack of speech directly attributed to Sickness or Injury. Benefits for the purchase of speech aid devices and tracheo-esophageal voice devices are available only after completing a required three-month rental period. Benefits are limited as stated in the *Schedule of Benefits*.

Benefits under this section do not include any device, appliance, pump, machine, stimulator, or monitor that is fully implanted into the body.

We will decide if the equipment should be purchased or rented.

Benefits are available for repairs and replacement, except that:

- Benefits for repair and replacement do not apply to damage due to misuse, malicious breakage or gross neglect.
- Benefits are not available to replace lost or stolen items.

7. Emergency Health Services - Outpatient

Services that are required to stabilize or initiate treatment in an Emergency. Emergency Health Services must be received on an outpatient basis at a Hospital or Alternate Facility.

Benefits under this section include the facility charge, supplies and all professional services required to stabilize your condition and/or initiate treatment. This includes placement in an observation bed for the purpose of monitoring your condition (rather than being admitted to a Hospital for an Inpatient Stay).

8. Hearing Aids

Hearing aids required for the correction of a hearing impairment (a reduction in the ability to perceive sound which may range from slight to complete deafness). Hearing aids are electronic amplifying devices designed to bring sound more effectively into the ear. A hearing aid consists of a microphone, amplifier and receiver.

Benefits are available for a hearing aid that is purchased as a result of a written recommendation by a Physician. Benefits are provided for the hearing aid and for charges for associated fitting and testing.

Benefits under this section do not include bone anchored hearing aids. Bone anchored hearing aids are a Covered Health Service for which Benefits are available under the applicable medical/surgical Covered Health Services categories in this *Certificate*, only for Covered Persons who have either of the following:

- Craniofacial anomalies whose abnormal or absent ear canals preclude the use of a wearable hearing aid.
- Hearing loss of sufficient severity that it would not be adequately remedied by a wearable hearing aid.

9. Home Health Care

Services received from a Home Health Agency that are both of the following:

- Ordered by a Physician.
- Provided in your home by a registered nurse, or provided by either a home health aide or licensed practical nurse and supervised by a registered nurse.

Benefits are available only when the Home Health Agency services are provided on a part-time, Intermittent Care schedule and when skilled care is required.

Skilled care is skilled nursing, skilled teaching and skilled rehabilitation services when all of the following are true:

- It must be delivered or supervised by licensed technical or professional medical personnel in order to obtain the specified medical outcome, and provide for the safety of the patient.
- It is ordered by a Physician.
- It is not delivered for the purpose of assisting with activities of daily living, including dressing, feeding, bathing or transferring from a bed to a chair.
- It requires clinical training in order to be delivered safely and effectively.
- It is not Custodial Care.

We will determine if Benefits are available by reviewing both the skilled nature of the service and the need for Physician-directed medical management. A service will not be determined to be "skilled" simply because there is not an available caregiver.

10. Hospice Care

Hospice care that is recommended by a Physician. Hospice care is an integrated program that provides comfort and support services for the terminally ill. Hospice care includes physical, psychological, social, spiritual and respite care for the terminally ill person and short-term grief counseling for immediate family members while the Covered Person is receiving hospice care. Benefits are available when hospice care is received from a licensed hospice agency.

Please contact us for more information regarding our guidelines for hospice care. You can contact us at the telephone number on your ID card.

11. Hospital - Inpatient Stay

Services and supplies provided during an Inpatient Stay in a Hospital. Benefits are available for:

- Supplies and non-Physician services received during the Inpatient Stay.
- Room and board in a Semi-private Room (a room with two or more beds).
- Physician services for radiologists, anesthesiologists, pathologists and Emergency room Physicians. (Benefits for other Physician services are described under *Physician Fees for Surgical and Medical Services*.)

12. Lab, X-Ray and Diagnostics - Outpatient

Services for Sickness and Injury-related diagnostic purposes, received on an outpatient basis at a Hospital or Alternate Facility or in a Physician's office include:

- Lab and radiology/X-ray.
- Mammography testing and cytologic screening.

Benefits under this section include:

- The facility charge and the charge for supplies and equipment.
- Physician services for radiologists, anesthesiologists and pathologists. (Benefits for other Physician services are described under *Physician Fees for Surgical and Medical Services*.)

Lab, X-ray and diagnostic services for preventive care are described under *Preventive Care Services*.

CT scans, PET scans, MRI, MRA, nuclear medicine and major diagnostic services are described under *Lab, X-Ray and Major Diagnostics - CT, PET Scans, MRI, MRA and Nuclear Medicine - Outpatient*.

13. Lab, X-Ray and Major Diagnostics - CT, PET Scans, MRI, MRA and Nuclear Medicine - Outpatient

Services for CT scans, PET scans, MRI, MRA, nuclear medicine and major diagnostic services received on an outpatient basis at a Hospital or Alternate Facility.

Benefits under this section include:

- The facility charge and the charge for supplies and equipment.
- Physician services for radiologists, anesthesiologists and pathologists. (Benefits for other Physician services are described under *Physician Fees for Surgical and Medical Services*.)

When these services are performed in a Physician's office, Benefits are described under *Physician's Office Services - Sickness and Injury*.

14. Mental Health Services

Mental Health Services include those received on an inpatient or outpatient basis in a Hospital an Alternate Facility, or in a provider's office.

Benefits under this section include Mental Health Services to treat Severe Mental Illness, as required under Nevada insurance law.

Benefits include the following services:

- Diagnostic evaluations and assessment.
- Treatment planning.
- Treatment and/or procedures.
- Referral services.
- Medication management.
- Individual, family, therapeutic group and provider-based case management services.
- Crisis intervention.

Partial Hospitalization/Day Treatment.

- Services at a Residential Treatment Facility.
- Intensive Outpatient Treatment.

The Mental Health/Substance Use Disorder Designee determines coverage for all levels of care. If an Inpatient Stay is required, it is covered on a Semi-private Room basis.

We encourage you to contact the Mental Health/Substance Use Disorder Designee for referrals to providers and coordination of care.

Special Mental Health Programs and Services

Special programs and services that are contracted under the Mental Health/Substance Use Disorder Designee may become available to you as a part of your Mental Health Services Benefit. The Mental Health Services Benefits and financial requirements assigned to these programs or services are based on the designation of the program or service to inpatient, Partial Hospitalization/Day Treatment, Intensive Outpatient Treatment, outpatient or a Transitional Care category of Benefit use. Special programs or services provide access to services that are beneficial for the treatment of your Mental Illness which may not otherwise be covered under the Policy. You must be referred to such programs through the Mental Health/Substance Use Disorder Designee, who is responsible for coordinating your care or through other pathways as described in the program introductions. Any decision to participate in such a program or service is at the discretion of the Covered Person and is not mandatory.

15. Neurobiological Disorders - Autism Spectrum Disorder Services

Psychiatric services for Autism Spectrum Disorder (otherwise known as neurodevelopmental disorders) that are both of the following:

- Provided by or under the direction of an experienced psychiatrist and/or an experienced licensed psychiatric provider.
- Focused on treating maladaptive/stereotypic behaviors that are posing danger to self, others and property, and impairment in daily functioning.

This section describes only the psychiatric component of treatment for Autism Spectrum Disorder. Medical treatment of Autism Spectrum Disorder is a Covered Health Service for which Benefits are available under *Additional Benefits Required by Nevada Law - Autism Spectrum Disorder* below.

Benefits include the following services provided on either an inpatient or outpatient basis:

- Diagnostic evaluations and assessment.
- Treatment planning.
- Treatment and/or procedures.
- Referral services.
- Medication management.
- Individual, family, therapeutic group and provider-based case management services.
- Crisis intervention.
- Partial Hospitalization/Day Treatment.
- Services at a Residential Treatment Facility.
- Intensive Outpatient Treatment.

Enhanced Autism Spectrum Disorder services that are focused on educational/behavioral intervention that are habilitative in nature and that are backed by credible research demonstrating that the services or supplies have a measurable and beneficial effect on health outcomes only for Covered Persons under age 18 or, if enrolled in high school, until age 22. Benefits are provided for intensive behavioral therapies (educational/behavioral services that are focused on primarily building skills and capabilities in communication, social interaction and learning such as *Applied Behavioral Analysis* (ABA)).

The Mental Health/Substance Use Disorder Designee determines coverage for all levels of care. If an Inpatient Stay is required, it is covered on a Semi-private Room basis.

We encourage you to contact the Mental Health/Substance Use Disorder Designee for referrals to providers and coordination of care.

16. Ostomy Supplies

Benefits for ostomy supplies are limited to the following:

- Pouches, face plates and belts.
- Irrigation sleeves, bags and ostomy irrigation catheters.
- Skin barriers.

Benefits are not available for deodorants, filters, lubricants, tape, appliance cleaners, adhesive, adhesive remover, or other items not listed above.

17. Pharmaceutical Products - Outpatient

Pharmaceutical Products that are administered on an outpatient basis in a Hospital, Alternate Facility, Physician's office, or in a Covered Person's home.

Benefits under this section are provided only for Pharmaceutical Products which, due to their characteristics (as determined by us), must typically be administered or directly supervised by a qualified provider or licensed/certified health professional. Benefits under this section do not include medications that are typically available by prescription order or refill at a pharmacy.

Certain Pharmaceutical Products are subject to step therapy requirements. This means that in order to receive Benefits for such Pharmaceutical Products, you are required to use a different Pharmaceutical Product and/or prescription drug product first. You may determine whether a particular Pharmaceutical Product is subject to step therapy requirements through the Internet at www.myuhc.com or by calling *Customer Care* at the telephone number on your ID card.

We may have certain programs in which you may receive an enhanced or reduced Benefit based on your actions such as adherence/compliance to medication or treatment regimens and/or participation in health management programs. You may access information on these programs through the Internet at www.myuhc.com or by calling *Customer Care* at the telephone number on your ID card.

18. Physician Fees for Surgical and Medical Services

Physician fees for surgical procedures and other medical care received on an outpatient or inpatient basis in a Hospital, Skilled Nursing Facility, Inpatient Rehabilitation Facility or Alternate Facility, or for Physician house calls.

19. Physician's Office Services - Sickness and Injury

Services provided in a Physician's office for the diagnosis and treatment of a Sickness or Injury. Benefits are provided under this section regardless of whether the Physician's office is free-standing, located in a clinic or located in a Hospital.

Covered Health Services include medical education services that are provided in a Physician's office by appropriately licensed or registered healthcare professionals when both of the following are true:

- Education is required for a disease in which patient self-management is an important component of treatment.
- There exists a knowledge deficit regarding the disease which requires the intervention of a trained health professional.

Covered Health Services include genetic counseling. Benefits are available for Genetic Testing which is determined to be Medically Necessary following genetic counseling when ordered by the Physician and authorized in advance by us.

Benefits under this section include allergy injections.

As required under Nevada insurance law, Benefits include:

- Health care services related to hormone replacement therapy.
- Health care services related to contraceptives.

Covered Health Services for preventive care provided in a Physician's office are described under *Preventive Care Services*.

When a test is performed or a sample is drawn in the Physician's office and then sent outside the Physician's office for analysis or testing, Benefits for lab, radiology/X-rays and other diagnostic services that are performed outside the Physician's office are described in *Lab, X-ray and Diagnostics - Outpatient*.

20. Pregnancy - Maternity Services

Benefits for Pregnancy include all maternity-related medical services for prenatal care, postnatal care, delivery and any related complications.

Both before and during a Pregnancy, Benefits include the services of a genetic counselor when provided or referred by a Physician. These Benefits are available to all Covered Persons in the immediate family. Covered Health Services include related tests and treatment.

We also have special prenatal programs to help during Pregnancy. They are completely voluntary and there is no extra cost for participating in the program. To sign up, you should notify us during the first trimester, but no later than one month prior to the anticipated childbirth. It is important that you notify us regarding your Pregnancy. Your notification will open the opportunity to become enrolled in prenatal programs designed to achieve the best outcomes for you and your baby.

We will pay Benefits for an Inpatient Stay of at least:

- 48 hours for the mother and newborn child following a normal vaginal delivery.
- 96 hours for the mother and newborn child following a cesarean section delivery.

If the mother agrees, the attending provider may discharge the mother and/or the newborn child earlier than these minimum time frames.

21. Preventive Care Services

Preventive care services provided on an outpatient basis at a Physician's office, an Alternate Facility or a Hospital encompass medical services that have been demonstrated by clinical evidence to be safe and effective in either the early detection of disease or in the prevention of disease, have been proven to have a beneficial effect on health outcomes and include the following as required under applicable law:

- Evidence-based items or services that have in effect a rating of "A" or "B" in the current recommendations of the *United States Preventive Services Task Force*.
- Immunizations that have in effect a recommendation from the *Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention*.
- With respect to infants, children and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the *Health Resources and Services Administration*.
- With respect to women, such additional preventive care and screenings as provided for in comprehensive guidelines supported by the *Health Resources and Services Administration*.

As required under Nevada insurance law, Benefits under this section specifically include:

- Screening mammography:
 - For a woman who is at least 35 years of age, but under 40 years of age, one baseline screening mammography.
 - For a woman who is at least 40 years of age, an annual mammogram.
- Human papillomavirus (HPV) vaccine as recommended for vaccination by a competent authority.
- Benefits defined under the *Health Resources and Services Administration (HRSA)* requirement include the cost of renting one breast pump per Pregnancy in conjunction with childbirth. Breast pumps must be ordered by or provided by a Physician. You can obtain additional information on how to access Benefits for breast pumps by going to www.myuhc.com or by calling *Customer Care* at the telephone number on your ID card.

If more than one breast pump can meet your needs, Benefits are available only for the most cost effective pump. We will determine the following:

- Which pump is the most cost effective.
- Whether the pump should be purchased or rented.
- Duration of a rental.
- Timing of an acquisition.

22. Prosthetic Devices

External prosthetic devices that replace a limb or a body part, limited to:

- Artificial arms, legs, feet and hands.
- Artificial face, eyes, ears and nose.
- Breast prosthesis as needed and as required by the *Women's Health and Cancer Rights Act of 1998*. Benefits include mastectomy bras and lymphedema stockings for the arm.

Benefits under this section are provided only for external prosthetic devices and do not include any device that is fully implanted into the body.

If more than one prosthetic device can meet your functional needs, Benefits are available only for the prosthetic device that meets the minimum specifications for your needs. If you purchase a prosthetic device that exceeds these minimum specifications, we will pay only the amount that we would have paid for the prosthetic that meets the minimum specifications, and you will be responsible for paying any difference in cost.

The prosthetic device must be ordered or provided by, or under the direction of a Physician.

Benefits are available for repairs and replacement, except that:

- There are no Benefits for repairs due to misuse, malicious damage or gross neglect.
- There are no Benefits for replacement due to misuse, malicious damage, gross neglect or for lost or stolen prosthetic devices.

23. Reconstructive Procedures

Reconstructive procedures when the primary purpose of the procedure is either to treat a medical condition or to improve or restore physiologic function. Reconstructive procedures include surgery or other procedures which are associated with an Injury, Sickness or Congenital Anomaly. The primary result of the procedure is not a changed or improved physical appearance.

Cosmetic Procedures are excluded from coverage. Procedures that correct an anatomical Congenital Anomaly without improving or restoring physiologic function are considered Cosmetic Procedures. The fact that a Covered Person may suffer psychological consequences or socially avoidant behavior as a result of an Injury, Sickness or Congenital Anomaly does not classify surgery (or other procedures done to relieve such consequences or behavior) as a reconstructive procedure.

Please note that Benefits for reconstructive procedures include breast reconstruction following a mastectomy, and reconstruction of the non-affected breast to achieve symmetry including augmentation, mammoplasty, reduction mammoplasty, and mastopexy. Other services required by the *Women's Health and Cancer Rights Act of 1998*, including breast prostheses and treatment of complications, are provided in the same manner and at the same level as those for any other Covered Health Service. You can contact us at the telephone number on your ID card for more information about Benefits for mastectomy-related services.

24. Rehabilitation Services - Outpatient Therapy and Manipulative Treatment

Short-term outpatient rehabilitation services, limited to:

- Physical therapy.
- Occupational therapy.
- Manipulative Treatment.
- Speech therapy.
- Pulmonary rehabilitation therapy.
- Cardiac rehabilitation therapy.
- Post-cochlear implant aural therapy.
- Cognitive rehabilitation therapy.

Rehabilitation services must be performed by a Physician or by a licensed therapy provider. Benefits under this section include rehabilitation services provided in a Physician's office or on an outpatient basis at a Hospital or Alternate Facility.

Benefits can be denied or shortened for Covered Persons who are not progressing in goal-directed rehabilitation services or if rehabilitation goals have previously been met. Benefits can be denied or shortened for Covered Persons who are not progressing in goal-directed Manipulative Treatment or if treatment goals have previously been met. Benefits under this section are not available for maintenance/preventive Manipulative Treatment.

Please note that we will pay Benefits for speech therapy for the treatment of disorders of speech, language, voice, communication and auditory processing only when the disorder results from Injury, stroke, cancer, Congenital Anomaly, or Autism Spectrum Disorders. We will pay Benefits for cognitive rehabilitation therapy only when Medically Necessary following a post-traumatic brain Injury or cerebral vascular accident.

25. Scopic Procedures - Outpatient Diagnostic and Therapeutic

Diagnostic and therapeutic scopic procedures and related services received on an outpatient basis at a Hospital or Alternate Facility or in a Physician's office.

Diagnostic scopic procedures are those for visualization, biopsy and polyp removal. Examples of diagnostic scopic procedures include colonoscopy, sigmoidoscopy and endoscopy.

Please note that Benefits under this section do not include surgical scopic procedures, which are for the purpose of performing surgery. Benefits for surgical scopic procedures are described under *Surgery - Outpatient*. Examples of surgical scopic procedures include arthroscopy, laparoscopy, bronchoscopy and hysteroscopy.

Benefits under this section include:

- The facility charge and the charge for supplies and equipment.
- Physician services for radiologists, anesthesiologists and pathologists. (Benefits for all other Physician services are described under *Physician Fees for Surgical and Medical Services*.)

When these services are performed for preventive screening purposes, Benefits are described under *Preventive Care Services*.

26. Skilled Nursing Facility/Inpatient Rehabilitation Facility Services

Services and supplies provided during an Inpatient Stay in a Skilled Nursing Facility or Inpatient Rehabilitation Facility. Benefits are available for:

- Supplies and non-Physician services received during the Inpatient Stay.
- Room and board in a Semi-private Room (a room with two or more beds).
- Physician services for radiologists, anesthesiologists and pathologists. (Benefits for other Physician services are described under *Physician Fees for Surgical and Medical Services*.)

Please note that Benefits are available only if both of the following are true:

- If the initial confinement in a Skilled Nursing Facility or Inpatient Rehabilitation Facility was or will be a cost effective alternative to an Inpatient Stay in a Hospital.
- You will receive skilled care services that are not primarily Custodial Care.

Skilled care is skilled nursing, skilled teaching and skilled rehabilitation services when all of the following are true:

- It must be delivered or supervised by licensed technical or professional medical personnel in order to obtain the specified medical outcome, and provide for the safety of the patient.
- It is ordered by a Physician.
- It is not delivered for the purpose of assisting with activities of daily living, including dressing, feeding, bathing or transferring from a bed to a chair.
- It requires clinical training in order to be delivered safely and effectively.

We will determine if Benefits are available by reviewing both the skilled nature of the service and the need for Physician-directed medical management. A service will not be determined to be "skilled" simply because there is not an available caregiver.

Benefits can be denied or shortened for Covered Persons who are not progressing in goal-directed rehabilitation services or if discharge rehabilitation goals have previously been met.

27. Substance Use Disorder Services

Substance Use Disorder Services (also known as substance-related and addictive disorders services) include those received on an inpatient or outpatient basis in a Hospital, an Alternate Facility, or in a provider's office.

Benefits include the following services:

- Diagnostic evaluations and assessment.
- Treatment planning.
- Treatment and/or procedures.
- Referral services.
- Medication management.
- Individual, family, therapeutic group and provider-based case management services.
- Crisis intervention.
- Partial Hospitalization/Day Treatment.
- Services at a Residential Treatment Facility.
- Intensive Outpatient Treatment.

The Mental Health/Substance Use Disorder Designee determines coverage for all levels of care. If an Inpatient Stay is required, it is covered on a Semi-private Room basis.

We encourage you to contact the Mental Health/Substance Use Disorder Designee for referrals to providers and coordination of care.

Special Substance Use Disorder Programs and Services

Special programs and services that are contracted under the Mental Health/Substance Use Disorder Designee may become available to you as a part of your Substance Use Disorder Services Benefit. The Substance Use Disorder Services Benefits and financial requirements assigned to these programs or services are based on the designation of the program or service to inpatient, Partial Hospitalization/Day Treatment, Intensive Outpatient Treatment, outpatient or a Transitional Care category of Benefit use. Special programs or services provide access to services that are beneficial for the treatment of your substance use disorder which may not otherwise be covered under the Policy. You must be referred to such programs through the Mental Health/Substance Use Disorder Designee, who is responsible for coordinating your care or through other pathways as described in the program introductions. Any decision to participate in such a program or service is at the discretion of the Covered Person and is not mandatory.

28. Surgery - Outpatient

Surgery and related services received on an outpatient basis at a Hospital or Alternate Facility or in a Physician's office.

Benefits under this section include certain scopic procedures. Examples of surgical scopic procedures include arthroscopy, laparoscopy, bronchoscopy and hysteroscopy.

Examples of surgical procedures performed in a Physician's office are mole removal and ear wax removal.

Benefits under this section include:

- The facility charge and the charge for supplies and equipment.
- Physician services for radiologists, anesthesiologists and pathologists. (Benefits for other Physician services are described under *Physician Fees for Surgical and Medical Services*.)

29. Temporomandibular Joint Services

Services for the evaluation and treatment of temporomandibular joint syndrome (TMJ) and associated muscles.

Diagnosis: Examination, radiographs and applicable imaging studies and consultation.

Non-surgical treatment including clinical examinations, oral appliances (orthotic splints), arthrocentesis and trigger-point injections.

Benefits are provided for surgical treatment if the following criteria are met:

- There is clearly demonstrated radiographic evidence of significant joint abnormality.
- Non-surgical treatment has failed to adequately resolve the symptoms.
- Pain or dysfunction is moderate or severe.

Benefits for surgical services include arthrocentesis, arthroscopy, arthroplasty, arthrotomy and open or closed reduction of dislocations.

30. Therapeutic Treatments - Outpatient

Therapeutic treatments received on an outpatient basis at a Hospital or Alternate Facility or in a Physician's office, including dialysis (both hemodialysis and peritoneal dialysis), intravenous chemotherapy, or other intravenous infusion therapy and radiation oncology.

Covered Health Services include medical education services that are provided on an outpatient basis at a Hospital or Alternate Facility by appropriately licensed or registered healthcare professionals when both of the following are true:

- Education is required for a disease in which patient self-management is an important component of treatment.
- There exists a knowledge deficit regarding the disease which requires the intervention of a trained health professional.

Benefits under this section include:

- The facility charge and the charge for related supplies and equipment.
- Physician services for anesthesiologists, pathologists and radiologists. Benefits for other Physician services are described under *Physician Fees for Surgical and Medical Services*.

31. Transplantation Services

Organ and tissue transplants when ordered by a Physician. Benefits are available for transplants when the transplant meets the definition of a Covered Health Service, and is not an Experimental or Investigational or Unproven Service.

Examples of transplants for which Benefits are available include bone marrow, heart, heart/lung, lung, kidney, kidney/pancreas, liver, liver/small bowel, pancreas, small bowel and cornea.

Donor costs that are directly related to organ removal are Covered Health Services for which Benefits are payable through the organ recipient's coverage under the Policy.

We have specific guidelines regarding Benefits for transplant services. Contact us at the telephone number on your ID card for information about these guidelines.

32. Urgent Care Center Services

Covered Health Services received at an Urgent Care Center. When services to treat urgent health care needs are provided in a Physician's office, Benefits are available as described under *Physician's Office Services - Sickness and Injury*.

33. Virtual Visits

Virtual visits for Covered Health Services that include the diagnosis and treatment of low acuity medical conditions for Covered Persons through the use of interactive audio and video telecommunication and transmissions, and audio-visual communication technology. Virtual visits provide communication of medical information in real-time between the patient and a distant Physician or health specialist, through use of interactive audio and video communications equipment outside of a medical facility (for example, from home or from work).

Network Benefits are available only when services are delivered through a Designated Virtual Network Provider. You can find a Designated Virtual Network Provider by going to www.myuhc.com or by calling *Customer Care* at the telephone number on your ID card.

Please Note: Not all medical conditions can be appropriately treated through virtual visits. The Designated Virtual Network Provider will identify any condition for which treatment by in-person Physician contact is necessary.

Benefits under this section do not include email, fax and standard telephone calls, or for telehealth/telemedicine visits that occur within medical facilities (*CMS* defined originating facilities).

Additional Benefits Required By Nevada Law

34. Autism Spectrum Disorder

Benefits are provided for Covered Health Services for the screening, diagnosis and treatment of Autism Spectrum Disorders for Covered Persons under 18 years of age or, if enrolled in high school, until age 22. Treatment of Autism Spectrum Disorders must be identified in a treatment plan that is prescribed by a Physician.

Benefits under this section include only the medical diagnosis and treatment of Autism Spectrum Disorders. Behavioral, psychiatric and psychological care for Autism Spectrum Disorders (including *Applied Behavior Analysis*) are described under *Neurobiological Disorders - Autism Spectrum Disorder Services* above.

35. Dental - Anesthesia and Hospital Facility Charges For Enrolled Dependent Children

Anesthesia and Hospital or facility charges in connection with dental procedures when hospitalization or general anesthesia is required when, in the opinion of the dentist, the Enrolled Dependent child meets any of the following criteria:

- Has a physical, mental or medically compromising condition.
- Has dental needs for which local anesthesia is ineffective because of an acute infection, an anatomic anomaly or an allergy.
- Is extremely uncooperative, unmanageable or anxious.
- Has sustained extensive orofacial and dental trauma to a degree that would require unconscious sedation

The dentist must certify (or provide supporting documentation) that the criteria have been met.

36. Medical Foods

Benefits for enteral formulas for use at home that are prescribed or ordered by a Physician for the dietary treatment of inherited metabolic diseases.

"Inherited metabolic disease" means a disease caused by an inherited abnormality of the body chemistry of a person.

"Special food product" means a food product that is specially formulated to have less than one gram of protein per serving and is intended to be consumed under the direction of a Physician for the dietary treatment of an inherited metabolic disease. The term does not include a food that is naturally low in protein.

37. Telemedical Services

Benefits for "telemedical" services or "telemedicine" are provided the same as other Covered Health Services. "Telemedicine" means the practice of osteopathic medicine by using equipment that transfers information concerning the medical condition of a patient electronically, telephonically or by fiber optics.

For purposes of this Benefit for telemedical health services not related to the treatment of diabetes, "telemedical" means delivered through a two-way video communication that allows a health professional to interact with a patient who is at an originating site. An originating site for telemedical services includes but is not limited to:

- Hospital.
- Rural health clinic.
- Federally qualified health center.
- Physician's office or a different site, including a site located within or outside this State or the United States.
- A remote site pharmacy to allow for "telepharmacy", where a pharmacy or an office of a dispensing practitioner is accessible by a remote site or a satellite consultation site electronically, telephonically or by fiber optics from within or outside this State or the United States.
- Community mental health center.
- Skilled nursing facility.

- Renal dialysis center.
- Site where public health services are provided.

For telemedical health services provided in connection with the treatment of diabetes, "telemedical" means delivered through a two-way electronic communication, including but not limited to video, audio, Voice over Internet Protocol or transmission of telemetry, that allows a health professional to interact with a patient, a parent or guardian of a patient or another health professional on a patient's behalf, who is at an originating site. For purposes of this Benefit in connection with the treatment of diabetes, "originating site" means a location where health care services are provided or where the patient is receiving a telemedical health service.

Telemedicine does not include:

- An audio-only telephone conversation between a health care provider and a patient;
- An electronic mail message between a health care provider and a patient; or

A facsimile transmission between a health care provider and a patient.

Section 2: Exclusions and Limitations

How We Use Headings in this Section

To help you find specific exclusions more easily, we use headings (for example *A. Alternative Treatments* below). The headings group services, treatments, items, or supplies that fall into a similar category. Actual exclusions appear underneath headings. A heading does not create, define, modify, limit or expand an exclusion. All exclusions in this section apply to you.

We do not Pay Benefits for Exclusions

We will not pay Benefits for any of the services, treatments, items or supplies described in this section, even if either of the following is true:

- It is recommended or prescribed by a Physician.
- It is the only available treatment for your condition.

The services, treatments, items or supplies listed in this section are not Covered Health Services, except as may be specifically provided for in *Section 1: Covered Health Services* or through a Rider to the Policy.

Benefit Limitations

When Benefits are limited within any of the Covered Health Service categories described in *Section 1: Covered Health Services*, those limits are stated in the corresponding Covered Health Service category in the *Schedule of Benefits*. Limits may also apply to some Covered Health Services that fall under more than one Covered Health Service category. When this occurs, those limits are also stated in the *Schedule of Benefits* under the heading *Benefit Limits*. Please review all limits carefully, as we will not pay Benefits for any of the services, treatments, items or supplies that exceed these Benefit limits.

Please note that in listing services or examples, when we say "this includes," it is not our intent to limit the description to that specific list. When we do intend to limit a list of services or examples, we state specifically that the list "is limited to."

A. Alternative Treatments

1. Acupressure and acupuncture.
2. Aromatherapy.
3. Hypnotism.
4. Massage therapy.
5. Rolfing.
6. Art therapy, music therapy, dance therapy, horseback therapy and other forms of alternative treatment as defined by the *National Center for Complementary and Alternative Medicine (NCCAM)* of the *National Institutes of Health*. This exclusion does not apply to Manipulative Treatment and non-manipulative osteopathic care for which Benefits are provided as described in *Section 1: Covered Health Services*.

B. Dental

1. Dental care (which includes dental X-rays, supplies and appliances and all associated expenses, including hospitalizations and anesthesia).

This exclusion does not apply to accident-related dental services for which Benefits are provided as described under *Dental Services - Accident Only* in *Section 1: Covered Health Services*.

This exclusion does not apply to dental anesthesia or Hospital charges for which Benefits are provided as described under *Dental - Anesthesia and Hospital Facility Charges for Enrolled Dependent Children* in *Section 1: Covered Health Services*.

This exclusion does not apply to dental care (oral examination, X-rays, extractions and non-surgical elimination of oral infection) required for the direct treatment of a medical condition for which Benefits are available under the Policy, limited to:

- Transplant preparation.
- Prior to the initiation of immunosuppressive drugs.
- The direct treatment of acute traumatic injury, cancer or cleft palate.

Dental care that is required to treat the effects of a medical condition, but that is not necessary to directly treat the medical condition, is excluded. Examples include treatment of dental caries resulting from dry mouth after radiation treatment or as a result of medication.

Endodontics, periodontal surgery and restorative treatment are excluded.

2. Preventive care, diagnosis, treatment of or related to the teeth, jawbones or gums. Examples include:

- Extraction, restoration and replacement of teeth.
- Medical or surgical treatments of dental conditions.
- Services to improve dental clinical outcomes.

This exclusion does not apply to accident-related dental services for which Benefits are provided as described under *Dental Services - Accident Only* in *Section 1: Covered Health Services*.

3. Dental implants, bone grafts and other implant-related procedures. This exclusion does not apply to accident-related dental services for which Benefits are provided as described under *Dental Services - Accident Only* in *Section 1: Covered Health Services*.
4. Dental braces (orthodontics).
5. Treatment of congenitally missing, malpositioned or supernumerary teeth, even if part of a Congenital Anomaly.

C. Devices, Appliances and Prosthetics

1. Devices used specifically as safety items or to affect performance in sports-related activities.
2. Orthotic appliances that straighten or re-shape a body part. Examples include foot orthotics and some types of braces, including over-the-counter orthotic braces.
3. Cranial banding.
4. The following items are excluded, even if prescribed by a Physician:
 - Blood pressure cuff/monitor.
 - Enuresis alarm.
 - Non-wearable external defibrillator.
 - Trusses.

- Ultrasonic nebulizers.
5. Devices and computers to assist in communication and speech except for speech aid devices and tracheo-esophageal voice devices for which Benefits are provided as described under *Durable Medical Equipment* in *Section 1: Covered Health Services*.
 6. Oral appliances for snoring.
 7. Repairs to prosthetic devices due to misuse, malicious damage or gross neglect.
 8. Replacement of prosthetic devices due to misuse, malicious damage or gross neglect or to replace lost or stolen items.

D. Drugs

1. Prescription drug products for outpatient use that are filled by a prescription order or refill.
2. Self-injectable medications. This exclusion does not apply to medications which, due to their characteristics (as determined by us), must typically be administered or directly supervised by a qualified provider or licensed/certified health professional in an outpatient setting.
3. Non-injectable medications given in a Physician's office. This exclusion does not apply to non-injectable medications that are required in an Emergency and consumed in the Physician's office.
4. Over-the-counter drugs and treatments.
5. Growth hormone therapy.
6. New Pharmaceutical Products and/or new dosage forms until the date they are reviewed.
7. A Pharmaceutical Product that contains (an) active ingredient(s) available in and therapeutically equivalent (having essentially the same efficacy and adverse effect profile) to another covered Pharmaceutical Product. Such determinations may be made up to six times during a calendar year.
8. A Pharmaceutical Product that contains (an) active ingredient(s) which is (are) a modified version of and therapeutically equivalent (having essentially the same efficacy and adverse effect profile) to another covered Pharmaceutical Product. Such determinations may be made up to six times during a calendar year.

E. Experimental or Investigational or Unproven Services

Experimental or Investigational and Unproven Services and all services related to Experimental or Investigational and Unproven Services are excluded. The fact that an Experimental or Investigational or Unproven Service, treatment, device or pharmacological regimen is the only available treatment for a particular condition will not result in Benefits if the procedure is considered to be Experimental or Investigational or Unproven in the treatment of that particular condition.

This exclusion does not apply to Covered Health Services provided during a clinical trial for which Benefits are provided as described under *Clinical Trials* in *Section 1: Covered Health Services*.

This exclusion does not apply to prescription drugs which have not yet been approved by *the Food and Drug Administration* if the prescribed drug has been recognized as safe and effective for treatment of a particular indication in one or more of the following:

- In publications that the Health Resources Commission determines to be equivalent to:
 - *The American Hospital Formulary Service Drug Information.*
 - *Drug Facts and Comparisons (Lippincott-Raven Publishers).*
 - *The United States Pharmacopoeia Dispensing Information, Volume 1.*

- Other publications that have been identified by the *United States Secretary of Health and Human Services* as authoritative.
- In the majority of relevant peer reviewed medical literature.
- By the *United States Secretary of Health and Human Services*.

F. Foot Care

1. Routine foot care. Examples include the cutting or removal of corns and calluses. This exclusion does not apply to preventive foot care for Covered Persons with diabetes for which Benefits are provided as described under *Diabetes Services* in *Section 1: Covered Health Services*.
2. Nail trimming, cutting, or debriding.
3. Hygienic and preventive maintenance foot care. Examples include:
 - Cleaning and soaking the feet.
 - Applying skin creams in order to maintain skin tone.

This exclusion does not apply to preventive foot care for Covered Persons who are at risk of neurological or vascular disease arising from diseases such as diabetes.

4. Treatment of flat feet.
5. Treatment of subluxation of the foot.
6. Shoes.
7. Shoe orthotics.
8. Shoe inserts.
9. Arch supports.

G. Medical Supplies

1. Prescribed or non-prescribed medical supplies and disposable supplies. Examples include:
 - Compression stockings.
 - Ace bandages.
 - Gauze and dressings.
 - Urinary catheters.

This exclusion does not apply to:

- Disposable supplies necessary for the effective use of Durable Medical Equipment for which Benefits are provided as described under *Durable Medical Equipment* in *Section 1: Covered Health Services*.
 - Diabetic supplies for which Benefits are provided as described under *Diabetes Services* in *Section 1: Covered Health Services*.
 - Ostomy supplies for which Benefits are provided as described under *Ostomy Supplies* in *Section 1: Covered Health Services*.
2. Tubings and masks except when used with Durable Medical Equipment as described under *Durable Medical Equipment* in *Section 1: Covered Health Services*.

H. Mental Health

In addition to all other exclusions listed in this *Section 2: Exclusions and Limitations*, the exclusions listed directly below apply to services described under *Mental Health Services* in *Section 1: Covered Health Services*.

1. Services performed in connection with conditions not classified in the current edition of the *Diagnostic and Statistical Manual of the American Psychiatric Association*. This exclusion does not apply to conditions defined as *Severe Mental Illness* in *Section 9: Defined Terms*.
2. Mental Health Services as treatments for R and T code conditions as listed within the current edition of the *Diagnostic and Statistical Manual of the American Psychiatric Association*. This exclusion does not apply to conditions defined as *Severe Mental Illness* in *Section 9: Defined Terms*.
3. Mental Health Services as treatment for a primary diagnosis of insomnia and other sleep-wake disorders, feeding disorders, binge eating disorders, sexual dysfunction, communication disorders, motor disorders, neurological disorders and other disorders with a known physical basis.
4. Treatments for the primary diagnoses of learning disabilities, conduct and impulse control disorders, personality disorders and paraphilic disorder.
5. Educational services that are focused on primarily building skills and capabilities in communication, social interaction and learning.
6. Tuition for or services that are school-based for children and adolescents under the *Individuals with Disabilities Education Act*.
7. Motor disorders and primary communication disorders as defined in the current edition of the *Diagnostic and Statistical Manual of the American Psychiatric Association*.
8. Intellectual disabilities as a primary diagnosis defined in the current edition of the *Diagnostic and Statistical Manual of the American Psychiatric Association*.
9. Autism spectrum disorder as a primary diagnosis defined in the current edition of the *Diagnostic and Statistical Manual of the American Psychiatric Association*. Benefits for autism spectrum disorder as a primary diagnosis are described under *Neurobiological Disorders - Autism Spectrum Disorder Services* in *Section 1: Covered Health Services*.
10. Mental Health Services as a treatment for other conditions that may be a focus of clinical attention as listed in the current edition of the *Diagnostic and Statistical Manual of the American Psychiatric Association*.
11. All unspecified disorders in the current edition of the *Diagnostic and Statistical Manual of the American Psychiatric Association*.
12. Health services and supplies that do not meet the definition of a Covered Health Service - see the definition in *Section 9: Defined Terms*. Covered Health Services are those health services, including services, supplies, or Pharmaceutical Products, which we determine to be all of the following:
 - Medically Necessary.
 - Described as a Covered Health Service in this *Certificate* under *Section 1: Covered Health Services* and in the *Schedule of Benefits*.

Not otherwise excluded in this *Certificate* under *Section 2: Exclusions and Limitations*.

I. Neurobiological Disorders - Autism Spectrum Disorder

In addition to all other exclusions listed in this *Section 2: Exclusions and Limitations*, the exclusions listed directly below apply to services described under *Neurobiological Disorders - Autism Spectrum Disorder Services* in *Section 1: Covered Health Services*.

1. Any treatments or other specialized services designed for Autism Spectrum Disorder that are not backed by credible research demonstrating that the services or supplies have a measurable and beneficial health outcome and therefore considered Experimental or Investigational or Unproven Services.
2. Intellectual disability as the primary diagnosis defined in the current edition of the *Diagnostic and Statistical Manual of the American Psychiatric Association*.
3. Tuition for or services that are school-based for children and adolescents under the *Individuals with Disabilities Education Act*.
4. Learning, motor disorders and communication disorders as defined in the current edition of the *Diagnostic and Statistical Manual of the American Psychiatric Association* and which are not a part of Autism Spectrum Disorder.
5. Treatments for the primary diagnoses of learning disabilities, conduct and impulse control disorders, personality disorders and paraphilic disorder.
6. All unspecified disorders in the current edition of the *Diagnostic and Statistical Manual of the American Psychiatric Association*.
7. Intensive behavioral therapies such as applied behavioral analysis for Autism Spectrum Disorder. This exclusion does not apply to *Applied Behavioral Analysis* for which Benefits are provided for Covered Persons under age 18 or, if enrolled in high school, until age 22 as described under *Neurobiological Disorders - Autism Spectrum Disorder Services* in *Section 1: Covered Health Services*.
8. Health services and supplies that do not meet the definition of a Covered Health Service - see the definition in *Section 9: Defined Terms*. Covered Health Services are those health services, including services, supplies, or Pharmaceutical Products, which we determine to be all of the following:
 - Medically Necessary.
 - Described as a Covered Health Service in this *Certificate* under *Section 1: Covered Health Services* and in the *Schedule of Benefits*.

Not otherwise excluded in this *Certificate* under *Section 2: Exclusions and Limitations*.

J. Nutrition

1. Individual and group nutritional counseling. This exclusion does not apply to medical nutritional education services that are provided by appropriately licensed or registered health care professionals when both of the following are true:
 - Nutritional education is required for a disease in which patient self-management is an important component of treatment.
 - There exists a knowledge deficit regarding the disease which requires the intervention of a trained health professional.
2. Enteral feedings, even if the sole source of nutrition. This exclusion does not apply to enteral formula for which Benefits are provided as described under *Medical Foods* in *Section 1: Covered Health Services*.

3. Infant formula and donor breast milk.
4. Nutritional or cosmetic therapy using high dose or mega quantities of vitamins, minerals or elements, and other nutrition-based therapy. Examples include supplements, electrolytes and foods of any kind (including high protein foods and low carbohydrate foods).

K. Personal Care, Comfort or Convenience

1. Television.
2. Telephone.
3. Beauty/barber service.
4. Guest service.
5. Supplies, equipment and similar incidental services and supplies for personal comfort. Examples include:
 - Air conditioners, air purifiers and filters and dehumidifiers.
 - Batteries and battery chargers.
 - Breast pumps. This exclusion does not apply to breast pumps for which Benefits are provided under *the Health Resources and Services Administration (HRSA)* requirement.
 - Car seats.
 - Chairs, bath chairs, feeding chairs, toddler chairs, chair lifts and recliners.
 - Exercise equipment.
 - Home modifications such as elevators, handrails and ramps.
 - Hot tubs.
 - Humidifiers.
 - Jacuzzis.
 - Mattresses.
 - Medical alert systems.
 - Motorized beds.
 - Music devices.
 - Personal computers.
 - Pillows.
 - Power-operated vehicles.
 - Radios.
 - Saunas.
 - Stair lifts and stair glides.
 - Strollers.
 - Safety equipment.

- Treadmills.
- Vehicle modifications such as van lifts.
- Video players.
- Whirlpools.

L. Physical Appearance

1. Cosmetic Procedures. See the definition in *Section 9: Defined Terms*. Examples include:
 - Pharmacological regimens, nutritional procedures or treatments.
 - Scar or tattoo removal or revision procedures (such as salabrasion, chemosurgery and other such skin abrasion procedures).
 - Skin abrasion procedures performed as a treatment for acne.
 - Liposuction or removal of fat deposits considered undesirable, including fat accumulation under the male breast and nipple.
 - Treatment for skin wrinkles or any treatment to improve the appearance of the skin.
 - Treatment for spider veins.
 - Hair removal or replacement by any means.
2. Replacement of an existing breast implant if the earlier breast implant was performed as a Cosmetic Procedure. Note: Replacement of an existing breast implant is considered reconstructive if the initial breast implant followed mastectomy. See *Reconstructive Procedures* in *Section 1: Covered Health Services*.
3. Treatment of benign gynecomastia (abnormal breast enlargement in males).
4. Physical conditioning programs such as athletic training, body-building, exercise, fitness, flexibility and diversion or general motivation.
5. Weight loss programs whether or not they are under medical supervision. Weight loss programs for medical reasons are also excluded.
6. Wigs regardless of the reason for the hair loss.

M. Procedures and Treatments

1. Excision or elimination of hanging skin on any part of the body. Examples include plastic surgery procedures called abdominoplasty or abdominal panniculectomy and brachioplasty.
2. Medical and surgical treatment of excessive sweating (hyperhidrosis).
3. Medical and surgical treatment for snoring, except when provided as a part of treatment for documented obstructive sleep apnea.
4. Rehabilitation services and Manipulative Treatment to improve general physical condition that are provided to reduce potential risk factors, where significant therapeutic improvement is not expected, including routine, long-term or maintenance/preventive treatment.
5. Speech therapy except as required for treatment of a speech impediment or speech dysfunction that results from Injury, stroke, cancer, Congenital Anomaly, or Autism Spectrum Disorder.
6. Outpatient cognitive rehabilitation therapy except as Medically Necessary following a post-traumatic brain Injury or cerebral vascular accident.

7. Psychosurgery.
8. Physiological modalities and procedures that result in similar or redundant therapeutic effects when performed on the same body region during the same visit or office encounter.
9. Biofeedback.
10. The following services for the diagnosis and treatment of TMJ: surface electromyography; Doppler analysis; vibration analysis; computerized mandibular scan or jaw tracking; craniosacral therapy; orthodontics; occlusal adjustment; and dental restorations.
11. Upper and lower jawbone surgery, orthognathic surgery, and jaw alignment. This exclusion does not apply to reconstructive jaw surgery required for Covered Persons because of a Congenital Anomaly, acute traumatic Injury, dislocation, tumors, cancer or obstructive sleep apnea.
12. Surgical and non-surgical treatment of obesity.
13. Stand-alone multi-disciplinary smoking cessation programs. These are programs that usually include health care providers specializing in smoking cessation and may include a psychologist, social worker or other licensed or certified professional. The programs usually include intensive psychological support, behavior modification techniques and medications to control cravings.
14. Breast reduction surgery except as coverage is required by the *Women's Health and Cancer Rights Act of 1998* for which Benefits are described under *Reconstructive Procedures* in *Section 1: Covered Health Services*.
15. In vitro fertilization regardless of the reason for treatment.

N. Providers

1. Services performed by a provider who is a family member by birth or marriage. Examples include a spouse, Domestic Partner, brother, sister, parent or child. This includes any service the provider may perform on himself or herself.
2. Services performed by a provider with your same legal residence.
3. Services provided at a free-standing or Hospital-based diagnostic facility without an order written by a Physician or other provider. Services which are self-directed to a free-standing or Hospital-based diagnostic facility. Services ordered by a Physician or other provider who is an employee or representative of a free-standing or Hospital-based diagnostic facility, when that Physician or other provider:
 - Has not been actively involved in your medical care prior to ordering the service, or
 - Is not actively involved in your medical care after the service is received.

This exclusion does not apply to mammography.

O. Reproduction

1. Health services and associated expenses for infertility treatments, including assisted reproductive technology, regardless of the reason for the treatment. This exclusion does not apply to services required to treat or correct underlying causes of infertility.
2. Surrogate parenting, donor eggs, donor sperm and host uterus.
3. Storage and retrieval of all reproductive materials. Examples include eggs, sperm, testicular tissue and ovarian tissue.
4. The reversal of voluntary sterilization.

P. Services Provided under another Plan

1. Health services for which other coverage is required by federal, state or local law to be purchased or provided through other arrangements. Examples include coverage required by workers' compensation, no-fault auto insurance, or similar legislation.

If coverage under workers' compensation or similar legislation is optional for you because you could elect it, or could have it elected for you, Benefits will not be paid for any Injury, Sickness or Mental Illness that would have been covered under workers' compensation or similar legislation had that coverage been elected.

2. Health services for treatment of military service-related disabilities, when you are legally entitled to other coverage and facilities are reasonably available to you.
3. Health services while on active military duty.

Q. Substance Use Disorders

In addition to all other exclusions listed in this *Section 2: Exclusions and Limitations*, the exclusions listed directly below apply to services described under *Substance Use Disorder Services* in *Section 1: Covered Health Services*.

1. Services performed in connection with conditions not classified in the current edition of the *Diagnostic and Statistical Manual of the American Psychiatric Association*.
2. Methadone treatment as maintenance, L.A.A.M. (1-Alpha-Acetyl-Methadol), Cyclazocine, or their equivalents.
3. Educational services that are focused on primarily building skills and capabilities in communication, social interaction and learning.
4. Substance-induced sexual dysfunction disorders and substance-induced sleep disorders.
5. Gambling disorders.
6. All unspecified disorders in the current edition of the *Diagnostic and Statistical Manual of the American Psychiatric Association*.
7. Health services and supplies that do not meet the definition of a Covered Health Service - see the definition in *Section 9: Defined Terms*. Covered Health Services are those health services, including services, supplies, or Pharmaceutical Products, which we determine to be all of the following:
 - Medically Necessary.
 - Described as a Covered Health Service in this *Certificate* under *Section 1: Covered Health Services* and in the *Schedule of Benefits*.
 - Not otherwise excluded in this *Certificate* under *Section 2: Exclusions and Limitations*.

R. Transplants

1. Health services for organ and tissue transplants, except those described under *Transplantation Services* in *Section 1: Covered Health Services*.
2. Health services connected with the removal of an organ or tissue from you for purposes of a transplant to another person. (Donor costs that are directly related to organ removal are payable for a transplant through the organ recipient's Benefits under the Policy.)
3. Health services for transplants involving permanent mechanical or animal organs.

4. Transplant services that are not performed at a Designated Facility. This exclusion does not apply to cornea transplants.

S. Travel

1. Health services provided in a foreign country, unless required as Emergency Health Services.
2. Travel or transportation expenses, even though prescribed by a Physician. Some travel expenses related to Covered Health Services received from a Designated Facility or Designated Physician may be reimbursed at our discretion. This exclusion does not apply to ambulance transportation for which Benefits are provided as described under *Ambulance Services* in *Section 1: Covered Health Services*.

T. Types of Care

1. Multi-disciplinary pain management programs provided on an inpatient basis for acute pain or for exacerbation of chronic pain.
2. Custodial Care or maintenance care.
3. Domiciliary care.
4. Private Duty Nursing.
5. Respite care. This exclusion does not apply to respite care that is part of an integrated hospice care program of services provided to a terminally ill person by a licensed hospice care agency for which Benefits are provided as described under *Hospice Care* in *Section 1: Covered Health Services*.
6. Rest cures.
7. Services of personal care attendants.
8. Work hardening (individualized treatment programs designed to return a person to work or to prepare a person for specific work).

U. Vision and Hearing

1. Purchase cost and fitting charge for eyeglasses and contact lenses.
2. Routine vision examinations, including refractive examinations to determine the need for vision correction.
3. Implantable lenses used only to correct a refractive error (such as *Intacs* corneal implants).
4. Eye exercise or vision therapy.
5. Surgery that is intended to allow you to see better without glasses or other vision correction. Examples include radial keratotomy, laser and other refractive eye surgery.
6. Bone anchored hearing aids except when either of the following applies:
 - For Covered Persons with craniofacial anomalies whose abnormal or absent ear canals preclude the use of a wearable hearing aid.
 - For Covered Persons with hearing loss of sufficient severity that it would not be adequately remedied by a wearable hearing aid.

More than one bone anchored hearing aid per Covered Person who meets the above coverage criteria during the entire period of time the Covered Person is enrolled under the Policy.

Repairs and/or replacement for a bone anchored hearing aid for Covered Persons who meet the above coverage criteria, other than for malfunctions.

V. All Other Exclusions

1. Health services and supplies that do not meet the definition of a Covered Health Service - see the definition in *Section 9: Defined Terms*. Covered Health Services are those health services, including services, supplies, or Pharmaceutical Products, which we determine to be all of the following:
 - Medically Necessary.
 - Described as a Covered Health Service in this *Certificate* under *Section 1: Covered Health Services* and in the *Schedule of Benefits*.
 - Not otherwise excluded in this *Certificate* under *Section 2: Exclusions and Limitations*.
2. Physical, psychiatric or psychological exams, testing, vaccinations, immunizations or treatments that are otherwise covered under the Policy when:
 - Required solely for purposes of school, sports or camp, travel, career or employment, insurance, marriage or adoption.
 - Related to judicial or administrative proceedings or orders.
 - Conducted for purposes of medical research. This exclusion does not apply to Covered Health Services provided during a clinical trial for which Benefits are provided as described under *Clinical Trials* in *Section 1: Covered Health Services*.
 - Required to obtain or maintain a license of any type.
3. Health services received as a result of war or any act of war, whether declared or undeclared or caused during service in the armed forces of any country. This exclusion does not apply to Covered Persons who are civilians injured or otherwise affected by war, any act of war, or terrorism in non-war zones.
4. Health services received after the date your coverage under the Policy ends. This applies to all health services, even if the health service is required to treat a medical condition that arose before the date your coverage under the Policy ended.
5. Health services for which you have no legal responsibility to pay, or for which a charge would not ordinarily be made in the absence of coverage under the Policy.
6. In the event a non-Network provider waives Copayments, Coinsurance and/or any deductible for a particular health service, no Benefits are provided for the health service for which the Copayments, Coinsurance and/or deductible are waived.
7. Charges in excess of Eligible Expenses or in excess of any specified limitation.
8. Long term (more than 30 days) storage. Examples include cryopreservation of tissue, blood and blood products.
9. Autopsy.
10. Foreign language and sign language services.
11. Health services related to a non-Covered Health Service: When a service is not a Covered Health Service, all services related to that non-Covered Health Service are also excluded. This exclusion does not apply to services we would otherwise determine to be Covered Health Services if they are to treat complications that arise from the non-Covered Health Service.

For the purpose of this exclusion, a "complication" is an unexpected or unanticipated condition that is superimposed on an existing disease and that affects or modifies the prognosis of the original disease or condition. Examples of a "complication" are bleeding or infections, following a Cosmetic Procedure, that require hospitalization.

Section 3: When Coverage Begins

How to Enroll

Eligible Persons must complete an enrollment form. The Enrolling Group will give the necessary forms to you. The Enrolling Group will then submit the completed forms to us, along with any required Premium. We will not provide Benefits for health services that you receive before your effective date of coverage.

If You Are Hospitalized When Your Coverage Begins

If you are an inpatient in a Hospital, Skilled Nursing Facility or Inpatient Rehabilitation Facility on the day your coverage begins, we will pay Benefits for Covered Health Services that you receive on or after your first day of coverage related to that Inpatient Stay as long as you receive Covered Health Services in accordance with the terms of the Policy. These Benefits are subject to any prior carrier's obligations under state law or contract.

You should notify us of your hospitalization within 48 hours of the day your coverage begins, or as soon as is reasonably possible. For Benefit plans that have a Network Benefit level, Network Benefits are available only if you receive Covered Health Services from Network providers.

Who is Eligible for Coverage

The Enrolling Group determines who is eligible to enroll under the Policy and who qualifies as a Dependent.

Eligible Person

Eligible Person usually refers to an employee or member of the Enrolling Group who meets the eligibility rules. When an Eligible Person actually enrolls, we refer to that person as a Subscriber. For a complete definition of Eligible Person, Enrolling Group and Subscriber, see *Section 9: Defined Terms*.

Eligible Persons must reside within the United States.

If both spouses or Domestic Partners, are Eligible Persons of the Enrolling Group, each may enroll as a Subscriber or be covered as an Enrolled Dependent of the other, but not both.

Dependent

Dependent generally refers to the Subscriber's spouse or Domestic Partner and children. When a Dependent actually enrolls, we refer to that person as an Enrolled Dependent. For a complete definition of Dependent and Enrolled Dependent, see *Section 9: Defined Terms*.

Dependents of an Eligible Person may not enroll unless the Eligible Person is also covered under the Policy.

If both parents of a Dependent child are enrolled as a Subscriber, only one parent may enroll the child as a Dependent.

When to Enroll and When Coverage Begins

Except as described below, Eligible Persons may not enroll themselves or their Dependents.

Initial Enrollment Period

When the Enrolling Group purchases coverage under the Policy from us, the Initial Enrollment Period is the first period of time when Eligible Persons can enroll themselves and their Dependents.

Coverage begins on the date identified in the Policy if we receive the completed enrollment form and any required Premium within 31 days of the date the Eligible Person becomes eligible to enroll.

Open Enrollment Period

The Enrolling Group determines the Open Enrollment Period. During the Open Enrollment Period, Eligible Persons can enroll themselves and their Dependents.

Coverage begins on the date identified by the Enrolling Group if we receive the completed enrollment form and any required Premium within 31 days of the date the Eligible Person becomes eligible to enroll.

New Eligible Persons

Coverage for a new Eligible Person and his or her Dependents begins on the date agreed to by the Enrolling Group if we receive the completed enrollment form and any required Premium within 31 days of the date the new Eligible Person first becomes eligible.

Adding New Dependents

Subscribers may enroll Dependents who join their family because of any of the following events:

- Birth.
- Legal adoption.
- Placement for adoption.
- Marriage.
- Legal guardianship.
- Court or administrative order.
- Registering a Domestic Partner.

Coverage for a newborn child, adopted child or a child placed for adoption begins on the date of birth, adoption or placement for adoption and will remain in effect for 31 days. If payment of additional Premium is required in order to provide coverage for the child, the Subscriber must notify us of the event and pay any additional required Premium within 31 days of the event in order to continue coverage beyond the initial 31-day period.

Coverage for any other Dependent begins on the date of the event if we receive the completed enrollment form and any required Premium within 31 days of the event that makes the new Dependent eligible.

Special Enrollment Period

An Eligible Person and/or Dependent may also be able to enroll during a special enrollment period. A special enrollment period is not available to an Eligible Person and his or her Dependents if coverage under the prior plan was terminated for cause, or because premiums were not paid on a timely basis.

An Eligible Person and/or Dependent does not need to elect COBRA continuation coverage to preserve special enrollment rights. Special enrollment is available to an Eligible Person and/or Dependent even if COBRA is not elected.

A special enrollment period applies to an Eligible Person and any Dependents when one of the following events occurs:

- Birth.
- Legal adoption.
- Placement for adoption.
- Marriage.
- Registering a Domestic Partner.

A special enrollment period also applies for an Eligible Person and/or Dependent who did not enroll during the Initial Enrollment Period or Open Enrollment Period if the following are true:

- The Eligible Person previously declined coverage under the Policy, but the Eligible Person and/or Dependent becomes eligible for a premium assistance subsidy under *Medicaid* or *Children's Health Insurance Program (CHIP)*. Coverage will begin only if we receive the completed enrollment form and any required Premium within 60 days of the date of determination of subsidy eligibility.
- The Eligible Person and/or Dependent had existing health coverage under another plan at the time they had an opportunity to enroll during the Initial Enrollment Period or Open Enrollment Period; and
- Coverage under the prior plan ended because of any of the following:
 - Loss of eligibility (including legal separation, divorce or death).
 - The employer stopped paying the contributions. This is true even if the Eligible Person and/or Dependent continues to receive coverage under the prior plan and to pay the amounts previously paid by the employer.
 - In the case of COBRA continuation coverage, the coverage ended.
 - The Eligible Person and/or Dependent no longer lives or works in an HMO service area if no other benefit option is available.
 - The plan no longer offers benefits to a class of individuals that include the Eligible Person and/or Dependent.
 - An Eligible Person and/or Dependent incurs a claim that would exceed a lifetime limit on all benefits.
 - The Eligible Person and/or Dependent loses eligibility under *Medicaid* or *Children's Health Insurance Program (CHIP)*. Coverage will begin only if we receive the completed enrollment form and any required Premium within 60 days of the date coverage ended.

When an event takes place (for example, a birth, marriage or determination of eligibility for state subsidy), coverage begins on the date of the event if we receive the completed enrollment form and any required Premium within 31 days of the event unless otherwise noted above.

Coverage for a newborn child, adopted child or a child placed for adoption begins on the date of birth, adoption or placement for adoption and will remain in effect for 31 days. If payment of additional Premium is required in order to provide coverage for the child, the Subscriber must notify us of the event and pay any additional required Premium within 31 days of the event in order to continue coverage beyond the initial 31-day period.

For an Eligible Person and/or Dependent who did not enroll during the Initial Enrollment Period or Open Enrollment Period because they had existing health coverage under another plan, coverage begins on the day immediately following the day coverage under the prior plan ends. Except as otherwise noted

above, coverage will begin only if we receive the completed enrollment form and any required Premium within 31 days of the date coverage under the prior plan ended.

Section 4: When Coverage Ends

General Information about When Coverage Ends

We may discontinue this Benefit plan and/or all similar benefit plans at any time for the reasons explained in the Policy, as permitted by law.

Your entitlement to Benefits automatically ends on the date that coverage ends, even if you are hospitalized or are otherwise receiving medical treatment on that date. Please note that this does not affect coverage that is extended under *Extended Coverage for Total Disability* below.

When your coverage ends, we will still pay claims for Covered Health Services that you received before the date on which your coverage ended. However, once your coverage ends, we will not pay claims for any health services received after that date (even if the medical condition that is being treated occurred before the date your coverage ended). Please note that this does not affect coverage that is extended under *Extended Coverage for Total Disability* below.

Unless otherwise stated, an Enrolled Dependent's coverage ends on the date the Subscriber's coverage ends.

Please note that for Covered Persons who are subject to the *Extended Coverage for Total Disability* provision later in this section, entitlement to Benefits ends as described in that section.

Events Ending Your Coverage

Coverage ends on the earliest of the dates specified below:

- **The Entire Policy Ends**

Your coverage ends on the date the Policy ends. In the event the entire Policy ends, the Enrolling Group is responsible for notifying you that your coverage has ended.

- **You Are No Longer Eligible**

Your coverage ends on the date you are no longer eligible to be a Subscriber or Enrolled Dependent. Please refer to *Section 9: Defined Terms* for complete definitions of the terms "Eligible Person," "Subscriber," "Dependent" and "Enrolled Dependent."

- **We Receive Notice to End Coverage**

Your coverage ends on the date we receive written notice from the Enrolling Group instructing us to end your coverage, or the date requested in the notice, if later. The Enrolling Group is responsible for providing written notice to us to end your coverage.

- **Subscriber Retires or Is Pensioned**

Your coverage ends the date the Subscriber is retired or receiving benefits under the Enrolling Group's pension or retirement plan. The Enrolling Group is responsible for providing written notice to us to end your coverage.

This provision applies unless a specific coverage classification is designated for retired or pensioned persons in the Enrolling Group's application, and only if the Subscriber continues to meet any applicable eligibility requirements. The Enrolling Group can provide you with specific information about what coverage is available for retirees.

Other Events Ending Your Coverage

When the following happens, we will provide advance written notice to the Subscriber that coverage will end on the date we identify in the notice:

- **Fraud or Intentional Misrepresentation of a Material Fact**

You committed an act, practice, or omission that constituted fraud, or an intentional misrepresentation of a material fact. Examples include knowingly providing incorrect information relating to another person's eligibility or status as a Dependent.

If UnitedHealthcare can demonstrate you committed an act or practice that constituted fraud, or an intentional misrepresentation of a material fact, UnitedHealthcare may rescind your coverage, with written notice of your right to appeal. No Policy will be rescinded after 24 months following the issuance of the Policy. In addition, in the event it is found you committed an act or practice that constituted fraud, or an intentional misrepresentation of a material fact, UnitedHealthcare may cancel your coverage, as permitted by law. Should your coverage be rescinded due to fraud, or an intentional misrepresentation of a material fact, we may take any and all actions allowed by law, which may include demanding that you pay back all Benefits we paid to you, or paid in your name, during the time you were incorrectly covered under the Policy.

Coverage for a Disabled Dependent Child

Coverage for an unmarried Enrolled Dependent child who is disabled will not end just because the child has reached a certain age. We will extend the coverage for that child beyond the limiting age if both of the following are true regarding the Enrolled Dependent child:

- Is not able to be self-supporting because of mental or physical handicap or disability.
- Depends mainly on the Subscriber for support.

Coverage will continue as long as the Enrolled Dependent is medically certified as disabled and dependent unless coverage is otherwise terminated in accordance with the terms of the Policy.

We will ask you to furnish us with proof of the medical certification of disability within 31 days of the date coverage would otherwise have ended because the child reached a certain age. Before we agree to this extension of coverage for the child, we may require that a Physician chosen by us examine the child. We will pay for that examination.

We may continue to ask you for proof that the child continues to be disabled and dependent. Such proof might include medical examinations at our expense. However, we will not ask for this information more than once a year after a two-year period following the child's attainment of the limiting age.

If you do not provide proof of the child's disability and dependency within 31 days of our request as described above, coverage for that child will end.

Extended Coverage for Total Disability

Coverage for a Covered Person who is Totally Disabled on the date the entire Policy is terminated will not end automatically. We will temporarily extend the coverage, only for treatment of the condition causing the Total Disability. Benefits will be paid until the earlier of either of the following:

- The Total Disability ends.
- Three months from the date coverage would have ended when the entire Policy was terminated.

Continuation of Coverage

If your coverage ends under the Policy, you may be entitled to elect continuation coverage (coverage that continues on in some form) in accordance with federal law.

Continuation coverage under COBRA (the federal Consolidated Omnibus Budget Reconciliation Act) is available only to Enrolling Groups that are subject to the terms of COBRA. You can contact your plan administrator to determine if your Enrolling Group is subject to the provisions of COBRA.

If you selected continuation coverage under a prior plan which was then replaced by coverage under the Policy, continuation coverage will end as scheduled under the prior plan or in accordance with federal law, whichever is earlier.

We are not the Enrolling Group's designated "plan administrator" as that term is used in federal law, and we do not assume any responsibilities of a "plan administrator" according to federal law.

We are not obligated to provide continuation coverage to you if the Enrolling Group or its plan administrator fails to perform its responsibilities under federal law. Examples of the responsibilities of the Enrolling Group or its plan administrator are:

- Notifying you in a timely manner of the right to elect continuation coverage.
- Notifying us in a timely manner of your election of continuation coverage.

Section 5: How to File a Claim

If You Receive Covered Health Services from a Network Provider

We pay Network providers directly for your Covered Health Services. If a Network provider bills you for any Covered Health Service, contact us. Nevada state law prohibits providers, who fail to submit any claim for payment, from requesting or requiring payment from you for any portion of the charge beyond what you would have been required to pay if the provider had submitted the claim for payment. This does not apply if the information you provide to the provider is inaccurate, outdated, or causes the provider to submit the claim in a manner that violates the terms of the health care plan. You are, however, responsible for meeting any applicable deductible and for paying any required Copayments and Coinsurance to a Network provider at the time of service, or when you receive a bill from the provider for the Copayments and/or Coinsurance.

If You Receive Covered Health Services from a Non-Network Provider

When you receive Covered Health Services from a non-Network provider, you are responsible for requesting payment from us. You must file the claim in a format that contains all of the information we require, as described below.

You should submit a request for payment of Benefits within 90 days after the date of service. If you don't provide this information to us within one year of the date of service, Benefits for that health service will be denied or reduced, in our discretion. This time limit does not apply if you are legally incapacitated. If your claim relates to an Inpatient Stay, the date of service is the date your Inpatient Stay ends.

Required Information

When you request payment of Benefits from us, you must provide us with all of the following information:

- The Subscriber's name and address.
- The patient's name and age.
- The number stated on your ID card.
- The name and address of the provider of the service(s).
- The name and address of any ordering Physician.
- A diagnosis from the Physician.
- An itemized bill from your provider that includes the *Current Procedural Terminology (CPT)* codes or a description of each charge.
- The date the Injury or Sickness began.
- A statement indicating either that you are, or you are not, enrolled for coverage under any other health insurance plan or program. If you are enrolled for other coverage you must include the name of the other carrier(s).

The above information should be filed with us at the address on your ID card.

Payment of Benefits

We will pay Benefits within 60 days after we receive your request for payment that includes all required information. If an approved claim is not paid within 30 days after it is approved we will pay interest on the claim at the rate required by law. Interest is calculated from 30 days after the date on which the claim is approved until the date the claim is paid.

If a Subscriber provides written authorization to allow this, all or a portion of any Eligible Expenses due to a provider may be paid directly to the provider instead of being paid to the Subscriber. But we will not reimburse third parties that have purchased or been assigned benefits by Physicians or other providers.

Benefits will be paid to you unless either of the following is true:

- The provider notifies us that your signature is on file, assigning benefits directly to that provider.
- You make a written request at the time you submit your claim.

Section 6: Questions, Complaints and Appeals

To resolve a question, complaint, or appeal, just follow these steps:

What to Do if You Have a Question

Contact *Customer Care* at the telephone number shown on your ID card. *Customer Care* representatives are available to take your call during regular business hours, Monday through Friday.

What to Do if You Have a Complaint

Contact *Customer Care* at the telephone number shown on your ID card. *Customer Care* representatives are available to take your call during regular business hours, Monday through Friday.

If you would rather send your complaint to us in writing, the *Customer Care* representative can provide you with the appropriate address.

If the *Customer Care* representative cannot resolve the issue to your satisfaction over the phone, he/she can help you prepare and submit a written complaint. We will notify you of our decision regarding your complaint within 60 days of receiving it.

How to Appeal a Claim Decision

Post-service Claims

Post-service claims are those claims that are filed for payment of Benefits after medical care has been received.

Pre-service Requests for Benefits

Pre-service requests for Benefits are those requests that require prior authorization or benefit confirmation prior to receiving medical care.

How to Request an Appeal

If you disagree with either a pre-service request for Benefits determination, post-service claim determination or a rescission of coverage determination, you can contact us in writing to formally request an appeal.

Your request for an appeal should include:

- The patient's name and the identification number from the ID card.
- The date(s) of medical service(s).
- The provider's name.
- The reason you believe the claim should be paid.
- Any documentation or other written information to support your request for claim payment.

Your first appeal request must be submitted to us within 180 days after you receive the denial of a pre-service request for Benefits or the claim denial.

Appeal Process

A qualified individual who was not involved in the decision being appealed will be appointed to decide the appeal. If your appeal is related to clinical matters, the review will be done in consultation with a health care professional with appropriate expertise in the field, who was not involved in the prior determination. We may consult with, or seek the participation of, medical experts as part of the appeal resolution process. You consent to this referral and the sharing of pertinent medical claim information. Upon request and free of charge, you have the right to reasonable access to and copies of all documents, records and other information relevant to your claim for Benefits. In addition, if any new or additional evidence is relied upon or generated by us during the determination of the appeal, we will provide it to you free of charge and sufficiently in advance of the due date of the response to the adverse benefit determination.

Appeals Determinations

Pre-service Requests for Benefits and Post-service Claim Appeals

For procedures associated with urgent requests for Benefits, see *Urgent Appeals that Require Immediate Action* below.

You will be provided written or electronic notification of the decision on your appeal as follows:

- For appeals of pre-service requests for Benefits as identified above, the first level appeal will be conducted and you will be notified of the decision within 15 days from receipt of a request for appeal of a denied request for Benefits. If you are not satisfied with the first level appeal decision, you have the right to request a second level appeal. Your second level appeal request must be submitted to us within 60 days from receipt of the first level appeal decision. The second level appeal will be conducted and you will be notified of the decision within 15 days from receipt of a request for review of the first level appeal decision.
- For appeals of post-service claims as identified above, the first level appeal will be conducted and you will be notified of the decision within 30 days from receipt of a request for appeal of a denied claim. If you are not satisfied with the first level appeal decision, you have the right to request a second level appeal. Your second level appeal request must be submitted to us within 60 days from receipt of the first level appeal decision. The second level appeal will be conducted and you will be notified of the decision within 30 days from receipt of a request for review of the first level appeal decision.

Please note that our decision is based only on whether or not Benefits are available under the Policy for the proposed treatment or procedure.

You may have the right to external review through an *Independent Review Organization (IRO)* upon the completion of the internal appeal process. Instructions regarding any such rights, and how to access those rights, will be provided in our decision letter to you.

Urgent Appeals that Require Immediate Action

Your appeal may require immediate action if a delay in treatment could significantly increase the risk to your health, or the ability to regain maximum function, or cause severe pain. In these urgent situations:

- The appeal does not need to be submitted in writing. You or your Physician should call us as soon as possible.
- We will provide you with a written or electronic determination within 72 hours following receipt of your request for review of the determination, taking into account the seriousness of your condition.
- If we need more information from your Physician to make a decision, we will notify you of the decision by the end of the next business day following receipt of the required information.

- You may obtain an expedited appeals process in urgent cases and contact the *Office of Consumer Health Assistance ("OCHA")* at:

Office of Consumer Health Assistance
 Governor's Consumer Health Advocate
 555 East Washington Ave., #4800
 Las Vegas, NV 89101
 Phone: (702) 486-3587
 Toll Free: (888) 333-1597

<http://dhhs.nv.gov/Programs/CHA/> (website)
cha@govcha.state.nv.us (email)

The appeal process for urgent situations does not apply to prescheduled treatments, therapies or surgeries.

Denial of Experimental, Investigational or Unproven Services

If we deny Benefits for a medical procedure or plan of treatment as being Experimental or Investigational Services or Unproven Services and those services are for a Covered Person with a terminal illness (an incurable or irreversible condition that has a high probability of causing death within one year or less), we will provide you with written notification of all of the following:

- Written notice within 5 business days describing how you can request an external review of any decision that denies Experimental or Investigational Services or Unproven Services.
- The specific medical and scientific reasons for the denial and specific references to pertinent Policy provisions upon which the denial is based.
- A description of the alternative medical procedures or treatments covered by the Policy, if any.
- A description of the process of external review explaining how you or your representative can appeal the denial and participate in the review. An external review will be provided to the Covered Person within 30 calendar days following the receipt of a request for external review. An expedited review may be held within 5 business days at the request of the treating Physician.

Standard External Review

After we receive a notice from *OCHA* of a request for external review, we will make a preliminary determination of eligibility for the review within 5 business days of the receipt of the request. We will notify *OCHA* and the Covered Person within one business day after the completion of the review whether the request is eligible for external review. *OCHA* will assign the external review to an *External Review Organization ("ERO")*, who will conduct the review.

Expedited External Review

The treating Physician may submit an oral request if he/she can certify in writing that the treatment would be significantly less effective if not promptly initiated. *OCHA* will notify us of the request for an expedited external review. We will determine if the request meets the requirements for review and notify *OCHA* and the Covered Person of that determination. *OCHA* can overturn our determination that the request is ineligible. *OCHA* will assign an *ERO* to conduct the expedited external review.

Independent External Review Program

If we deny Benefits because it was determined that the treatment is not Medically Necessary or was an Experimental, Investigational or Unproven Service, you may request an Independent External Review

from the *OCHA* at no cost to you. You, your provider, or authorized representative may request an external review if we have not issued a written decision within 30 days on an internal grievance.

You also have the right to request and expedited "internal" grievance and an expedited external review simultaneously when the service or treatment is experimental or investigational and the treating physician certifies in writing that the service or treatment would be less effective if not promptly initiated.

Standard External Review

Within 5 business days after receiving the request for external review, *OCHA* will notify you, other interested parties and us that a request for external review has been filed. *OCHA* will identify, assign, and provide all documents relating to the adverse determination to the *ERO*. The *ERO* will coordinate with you and us for additional information needed to conduct the review. Within 15 days of completing the review, the *ERO* will submit a copy of its determination to you.

Expedited External Review

We will approve or deny a request for an external review of a final adverse determination in an expedited manner not later than 72 hours after we receive proof from the Covered Person's provider of health care that failure to proceed in an expedited manner may jeopardize the life or health of the insured.

OCHA will approve or deny a request for an expedited external review within 72 hours after it has determined that the adverse determination concerns:

- An admission, availability of care, continued stay or health care service for which the Covered Person received emergency services but has not been discharged from the facility providing the care; or
- Failure to proceed in an expedited manner may jeopardize the life or health of the Covered Person or the ability of the covered person to regain maximum function.

Upon a determination that the request is eligible for an expedited external review, *OCHA* will assign an *ERO* within one working day after approving the request. The *ERO* will coordinate with us for all documents and information we used to make the adverse determination. Within 48 hours the *ERO* will notify the Covered Person, his/her physician, and us of its determination by telephone with a follow up in writing.

If the determination of the *ERO* is in favor of the Covered Person, the determination is final, conclusive, and binding.

External Review Timeframes:

- A physician, Covered Person or authorized representative, may submit a request for an External Review within 60 days after receiving notice of the final adverse determination.
- Within 5 days of receiving the request we will notify the physician, the Covered Person or authorized representative, the agent who performed the review, and the Office for Consumer Health Assistance that the request was filed.
- The *Office for Consumer Health Assistance* will assign an *External Review Organization* and notify us.
- Within 5 days of receiving notification we will provide all documents and materials relating to the final adverse determination including:
 - Medical records;
 - Copy of provision of the health care plan upon which the final adverse determination was based;

- Documents used by us to make the final adverse determination;
 - Reasons for the final adverse determination; and
 - A list that specifies each provider of health care who has provided health care to the insured and medical record of the provider of health care relating to the external review.
- Within 5 days of receiving the request for external review, the *ERO* will review the documents and material and notify the consumer, physician and us if any additional information is required.
 - The *ERO* is to make a determination within 15 days of receiving all information needed for the review.

Section 7: Coordination of Benefits

Benefits When You Have Coverage under More than One Plan

This section describes how Benefits under the Policy will be coordinated with those of any other plan that provides benefits to you. The language in this section is from model laws drafted by the *National Association of Insurance Commissioners (NAIC)* and represents standard industry practice for coordinating benefits.

When Coordination of Benefits Applies

This coordination of benefits (COB) provision applies when a person has health care coverage under more than one Plan. Plan is defined below.

The order of benefit determination rules below govern the order in which each Plan will pay a claim for benefits. The Plan that pays first is called the Primary Plan. The Primary Plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses. The Plan that pays after the Primary Plan is the Secondary Plan. The Secondary Plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable Expense.

Definitions

For purposes of this section, terms are defined as follows:

- A. A Plan is any of the following that provides benefits or services for medical, pharmacy or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.
 - 1. Plan includes: group and non-group insurance contracts, health maintenance organization (HMO) contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; and Medicare or any other federal governmental plan, as permitted by law.
 - 2. Plan does not include: franchise insurance, hospital indemnity coverage insurance or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident type coverage; medical benefits under group or individual automobile contracts, benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage under 1. or 2. above is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.
- B. This Plan means, in a COB provision, the part of the contract providing the health care benefits to which the COB provision applies and which may be reduced because of the benefits of other plans. Any other part of the contract providing health care benefits is separate from This Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.
- C. The order of benefit determination rules determine whether This Plan is a Primary Plan or Secondary Plan when the person has health care coverage under more than one Plan. When This Plan is primary, it determines payment for its benefits first before those of any other Plan without

considering any other Plan's benefits. When This Plan is secondary, it determines its benefits after those of another Plan and may reduce the benefits it pays so that all Plan benefits do not exceed 100% of the total Allowable Expense.

- D. Allowable Expense is a health care expense, including deductibles, coinsurance and copayments, that is covered at least in part by any Plan covering the person. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable Expense and a benefit paid. An expense that is not covered by any Plan covering the person is not an Allowable Expense. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a Covered Person is not an Allowable Expense.

The following are examples of expenses or services that are not Allowable Expenses:

1. The difference between the cost of a semi-private hospital room and a private room is not an Allowable Expense unless one of the Plans provides coverage for private hospital room expenses.
 2. If a person is covered by two or more Plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable Expense.
 3. If a person is covered by two or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable Expense.
 4. If a person is covered by one Plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary Plan's payment arrangement shall be the Allowable Expense for all Plans. However, if the provider has contracted with the Secondary Plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary Plan's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the Allowable Expense used by the Secondary Plan to determine its benefits.
 5. The amount of any benefit reduction by the Primary Plan because a Covered Person has failed to comply with the Plan provisions is not an Allowable Expense. Examples of these types of plan provisions include second surgical opinions, precertification of admissions and preferred provider arrangements.
- E. Closed Panel Plan is a Plan that provides health care benefits to Covered Persons primarily in the form of services through a panel of providers that have contracted with or are employed by the Plan, and that excludes benefits for services provided by other providers, except in cases of emergency or referral by a panel member.
- F. Custodial Parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

Order of Benefit Determination Rules

When a person is covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

- A. The Primary Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits under any other Plan.

- B. Except as provided in the next paragraph, a Plan that does not contain a coordination of benefits provision that is consistent with this provision is always primary unless the provisions of both Plans state that the complying plan is primary.

Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be in excess of any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits and insurance type coverages that are written in connection with a Closed Panel Plan to provide out-of-network benefits.

- C. A Plan may consider the benefits paid or provided by another Plan in determining its benefits only when it is secondary to that other Plan.
- D. Each Plan determines its order of benefits using the first of the following rules that apply:
1. Non-Dependent or Dependent. The Plan that covers the person other than as a dependent, for example as an employee, member, policyholder, subscriber or retiree is the Primary Plan and the Plan that covers the person as a dependent is the Secondary Plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the person as a dependent; and primary to the Plan covering the person as other than a dependent (e.g. a retired employee); then the order of benefits between the two Plans is reversed so that the Plan covering the person as an employee, member, policyholder, subscriber or retiree is the Secondary Plan and the other Plan is the Primary Plan.
 2. Dependent Child Covered Under More Than One Coverage Plan. Unless there is a court decree stating otherwise, plans covering a dependent child shall determine the order of benefits as follows:
 - a) For a dependent child whose parents are married or are living together, whether or not they have ever been married:
 - (1) The Plan of the parent whose birthday falls earlier in the calendar year is the Primary Plan; or
 - (2) If both parents have the same birthday, the Plan that covered the parent longest is the Primary Plan.
 - b) For a dependent child whose parents are divorced or separated or are not living together, whether or not they have ever been married:
 - (1) If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. If the parent with responsibility has no health care coverage for the dependent child's health care expenses, but that parent's spouse or Domestic Partner does, that parent's spouse's or Domestic Partner plan is the Primary Plan. This shall not apply with respect to any plan year during which benefits are paid or provided before the entity has actual knowledge of the court decree provision.
 - (2) If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of subparagraph a) above shall determine the order of benefits.
 - (3) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of subparagraph a) above shall determine the order of benefits.

- (4) If there is no court decree allocating responsibility for the child's health care expenses or health care coverage, the order of benefits for the child are as follows:
 - (a) The Plan covering the Custodial Parent.
 - (b) The Plan covering the Custodial Parent's spouse or Domestic Partner.
 - (c) The Plan covering the non-Custodial Parent.
 - (d) The Plan covering the non-Custodial Parent's spouse or Domestic Partner.
 - c) For a dependent child covered under more than one plan of individuals who are not the parents of the child, the order of benefits shall be determined, as applicable, under subparagraph a) or b) above as if those individuals were parents of the child.
3. **Active Employee or Retired or Laid-off Employee.** The Plan that covers a person as an active employee, that is, an employee who is neither laid off nor retired is the Primary Plan. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other Plan does not have this rule, and, as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D.1. can determine the order of benefits.
4. **COBRA or State Continuation Coverage.** If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the Primary Plan, and the COBRA or state or other federal continuation coverage is the Secondary Plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D.1. can determine the order of benefits.
5. **Longer or Shorter Length of Coverage.** The Plan that covered the person as an employee, member, policyholder, subscriber or retiree longer is the Primary Plan and the Plan that covered the person the shorter period of time is the Secondary Plan.
6. If the preceding rules do not determine the order of benefits, the Allowable Expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than it would have paid had it been the Primary Plan.

Effect on the Benefits of This Plan

- A. When This Plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all Plans are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, the Secondary Plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable Expense under its Plan that is unpaid by the Primary Plan. The Secondary Plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable Expense for that claim. In addition, the Secondary Plan shall credit to its plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.
- B. If a Covered Person is enrolled in two or more Closed Panel Plans and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one Closed Panel Plan, COB shall not apply between that Plan and other Closed Panel Plans.

Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under This Plan and other Plans. We may get the facts we need from, or give them to, other organizations or persons for the purpose of applying these rules and determining benefits payable under This Plan and other Plans covering the person claiming benefits.

We need not tell, or get the consent of, any person to do this. Each person claiming benefits under This Plan must give us any facts we need to apply those rules and determine benefits payable. If you do not provide us the information we need to apply these rules and determine the Benefits payable, your claim for Benefits will be denied.

Payments Made

A payment made under another Plan may include an amount that should have been paid under This Plan. If it does, we may pay that amount to the organization that made the payment. That amount will then be treated as though it were a benefit paid under This Plan. We will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means reasonable cash value of the benefits provided in the form of services.

Right of Recovery

If the amount of the payments we made is more than we should have paid under this COB provision, we may recover the excess from one or more of the persons we have paid or for whom we have paid; or any other person or organization that may be responsible for the benefits or services provided for you. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

When Medicare is Secondary

If you have other health insurance which is determined to be primary to Medicare, then Benefits payable under This Plan will be based on Medicare's reduced benefits. In no event will the combined benefits paid under these coverages exceed the total Medicare Eligible Expense for the service or item.

Section 8: General Legal Provisions

Your Relationship with Us

In order to make choices about your health care coverage and treatment, we believe that it is important for you to understand how we interact with your Enrolling Group's Benefit plan and how it may affect you. We help finance or administer the Enrolling Group's Benefit plan in which you are enrolled. We do not provide medical services or make treatment decisions. This means:

- We communicate to you decisions about whether the Enrolling Group's Benefit plan will cover or pay for the health care that you may receive. The plan pays for Covered Health Services, which are more fully described in this *Certificate*.
- The plan may not pay for all treatments you or your Physician may believe are necessary. If the plan does not pay, you will be responsible for the cost.

We may use individually identifiable information about you to identify for you (and you alone) procedures, products or services that you may find valuable. We will use individually identifiable information about you as permitted or required by law, including in our operations and in our research. We will use de-identified data for commercial purposes including research.

Please refer to our *Notice of Privacy Practices* for details.

Our Relationship with Providers and Enrolling Groups

The relationships between us and Network providers and Enrolling Groups are solely contractual relationships between independent contractors. Network providers and Enrolling Groups are not our agents or employees. Neither we nor any of our employees are agents or employees of Network providers or the Enrolling Groups.

We do not provide health care services or supplies, nor do we practice medicine. Instead, we arrange for health care providers to participate in a Network and we pay Benefits. Network providers are independent practitioners who run their own offices and facilities. Our credentialing process confirms public information about the providers' licenses and other credentials, but does not assure the quality of the services provided. They are not our employees nor do we have any other relationship with Network providers such as principal-agent or joint venture. We are not liable for any act or omission of any provider.

We are not considered to be an employer for any purpose with respect to the administration or provision of benefits under the Enrolling Group's Benefit plan. We are not responsible for fulfilling any duties or obligations of an employer with respect to the Enrolling Group's Benefit plan.

The Enrolling Group is solely responsible for all of the following:

- Enrollment and classification changes (including classification changes resulting in your enrollment or the termination of your coverage).
- The timely payment of the Policy Charge to us.
- Notifying you of the termination of the Policy.

When the Enrolling Group purchases the Policy to provide coverage under a benefit plan governed by the *Employee Retirement Income Security Act* ("ERISA"), 29 U.S.C. §1001 et seq., we are not the plan administrator or named fiduciary of the benefit plan, as those terms are used in ERISA. If you have questions about your welfare benefit plan, you should contact the Enrolling Group. If you have any questions about this statement or about your rights under ERISA, contact the nearest area office of the *Employee Benefits Security Administration, U. S. Department of Labor*.

Your Relationship with Providers and Enrolling Groups

The relationship between you and any provider is that of provider and patient.

- You are responsible for choosing your own provider.
- You are responsible for paying, directly to your provider, any amount identified as a member responsibility, including Copayments, Coinsurance, any deductible and any amount that exceeds Eligible Expenses.
- You are responsible for paying, directly to your provider, the cost of any non-Covered Health Service.
- You must decide if any provider treating you is right for you. This includes Network providers you choose and providers to whom you have been referred.
- You must decide with your provider what care you should receive.
- Your provider is solely responsible for the quality of the services provided to you.

The relationship between you and the Enrolling Group is that of employer and employee, Dependent or other classification as defined in the Policy.

Notice

When we provide written notice regarding administration of the Policy to an authorized representative of the Enrolling Group, that notice is deemed notice to all affected Subscribers and their Enrolled Dependents. The Enrolling Group is responsible for giving notice to you.

Statements by Enrolling Group or Subscriber

All statements made by the Enrolling Group or by a Subscriber shall, in the absence of fraud, be deemed representations and not warranties. Except for fraudulent statements, we will not use any statement made by the Enrolling Group to void the Policy after it has been in force for a period of two years.

Incentives to Providers

We pay Network providers through various types of contractual arrangements, some of which may include financial incentives to promote the delivery of health care in a cost efficient and effective manner. These financial incentives are not intended to affect your access to health care.

Examples of financial incentives for Network providers are:

- Bonuses for performance based on factors that may include quality, member satisfaction and/or cost-effectiveness.
- Capitation - a group of Network providers receives a monthly payment from us for each Covered Person who selects a Network provider within the group to perform or coordinate certain health services. The Network providers receive this monthly payment regardless of whether the cost of providing or arranging to provide the Covered Person's health care is less than or more than the payment.

We use various payment methods to pay specific Network providers. From time to time, the payment method may change. If you have questions about whether your Network provider's contract with us includes any financial incentives, we encourage you to discuss those questions with your provider. You may also contact us at the telephone number on your ID card. We can advise whether your Network provider is paid by any financial incentive, including those listed above; however, the specific terms of the contract, including rates of payment, are confidential and cannot be disclosed.

Incentives to You

Sometimes we may offer coupons or other incentives to encourage you to participate in various wellness programs or certain disease management programs. The decision about whether or not to participate is yours alone but we recommend that you discuss participating in such programs with your Physician. These incentives are not Benefits and do not alter or affect your Benefits. Contact us if you have any questions.

Rebates and Other Payments

We may receive rebates for certain drugs that are administered to you in your home or in a Physician's office, or at a Hospital or Alternate Facility. This includes rebates for those drugs that are administered to you before you meet any applicable deductible. We do not pass these rebates on to you, nor are they applied to any deductible or taken into account in determining your Copayments or Coinsurance.

Interpretation of Benefits

We have the sole and exclusive discretion to do all of the following:

- Interpret Benefits under the Policy.
- Interpret the other terms, conditions, limitations and exclusions set out in the Policy, including this *Certificate*, the *Schedule of Benefits* and any Riders and/or Amendments.
- Make factual determinations related to the Policy and its Benefits.

This "exclusive discretion" provision is not intended - nor is it administered - to deny Covered Persons of their lawful rights to:

- Challenge Benefit determinations as part of the internal complaint system.
- File complaints.
- Obtain independent medical exams.

This provision is designed to:

- Accommodate the rapidly changing state of medical knowledge and practice.
- Permit us to take advantage of the most current scientific and medical thinking to determine whether an experimental or unproven procedure falls within the scope of coverage.

We may delegate this discretionary authority to other persons or entities that provide services in regard to the administration of the Policy.

In certain circumstances, for purposes of overall cost savings or efficiency, we may, in our discretion, offer Benefits for services that would otherwise not be Covered Health Services. The fact that we do so in any particular case shall not in any way be deemed to require us to do so in other similar cases.

Administrative Services

We may, in our sole discretion, arrange for various persons or entities to provide administrative services in regard to the Policy, such as claims processing. The identity of the service providers and the nature of the services they provide may be changed from time to time in our sole discretion. We are not required to give you prior notice of any such change, nor are we required to obtain your approval. You must cooperate with those persons or entities in the performance of their responsibilities.

Amendments to the Policy

To the extent permitted by law, we reserve the right, in our sole discretion and without your approval, to change, interpret, modify, withdraw or add Benefits or terminate the Policy.

Any provision of the Policy which, on its effective date, is in conflict with the requirements of state or federal statutes or regulations (of the jurisdiction in which the Policy is delivered) is hereby amended to conform to the minimum requirements of such statutes and regulations.

No other change may be made to the Policy unless it is made by an Amendment or Rider which has been signed by one of our officers. All of the following conditions apply:

- Amendments to the Policy are effective 31 days after we send written notice to the Enrolling Group.
- Riders are effective on the date we specify.
- No agent has the authority to change the Policy or to waive any of its provisions.
- No one has authority to make any oral changes or amendments to the Policy.

Information and Records

We may use your individually identifiable health information to administer the Policy and pay claims, to identify procedures, products, or services that you may find valuable, and as otherwise permitted or required by law. We may request additional information from you to decide your claim for Benefits. We will keep this information confidential. We may also use your de-identified data for commercial purposes, including research, as permitted by law. More detail about how we may use or disclose your information is found in our *Notice of Privacy Practices*.

By accepting Benefits under the Policy, you authorize and direct any person or institution that has provided services to you to furnish us with all information or copies of records relating to the services provided to you. We have the right to request this information at any reasonable time. This applies to all Covered Persons, including Enrolled Dependents whether or not they have signed the Subscriber's enrollment form. We agree that such information and records will be considered confidential.

We have the right to release any and all records concerning health care services which are necessary to implement and administer the terms of the Policy, for appropriate medical review or quality assessment, or as we are required to do by law or regulation. During and after the term of the Policy, we and our related entities may use and transfer the information gathered under the Policy in a de-identified format for commercial purposes, including research and analytic purposes. Please refer to our Notice of Privacy Practices.

For complete listings of your medical records or billing statements we recommend that you contact your health care provider. Providers may charge you reasonable fees to cover their costs for providing records or completing requested forms.

If you request medical forms or records from us, we also may charge you reasonable fees to cover costs for completing the forms or providing the records.

In some cases, as permitted by law, we will designate other persons or entities to request records or information from or related to you, and to release those records as necessary. Our designees have the same rights to this information as we have.

Examination of Covered Persons

In the event of a question or dispute regarding your right to Benefits, we may require that a Network Physician of our choice examine you at our expense.

Workers' Compensation not Affected

Benefits provided under the Policy do not substitute for and do not affect any requirements for coverage by workers' compensation insurance.

Subrogation and Reimbursement

Subrogation is the substitution of one person or entity in the place of another with reference to a lawful claim, demand or right. Immediately upon paying or providing any Benefit, we shall be subrogated to and shall succeed to all rights of recovery, under any legal theory of any type for the reasonable value of any services and Benefits we provided to you, from any or all of the following listed below.

In addition to any subrogation rights and in consideration of the coverage provided by this *Certificate*, we shall also have an independent right to be reimbursed by you for the reasonable value of any services and Benefits we provide to you, from any or all of the following listed below.

- Third parties, including any person alleged to have caused you to suffer injuries or damages.
- Your employer.
- Any person or entity who is or may be obligated to provide benefits or payments to you, including, but not limited to, benefits or payments for workers' compensation coverage, other insurance carriers or third party administrators to the extent permitted by Nevada statutes and rules.

These third parties and persons or entities are collectively referred to as "Third Parties."

We will not use subrogation as the basis for denying payment for Benefits to which you are entitled.

You agree as follows:

- That you will cooperate with us in protecting our legal and equitable rights to subrogation and reimbursement, including:
 - Providing any relevant information requested by us.
 - Signing and/or delivering such documents as we or our agents reasonably request to secure the subrogation and reimbursement claim.
 - Responding to requests for information about any accident or injuries.
 - Making court appearances.
 - Obtaining our consent or our agents' consent before releasing any party from liability or payment of medical expenses.
- That failure to cooperate in this manner shall be deemed a breach of contract, and may result in the termination of health benefits or the instigation of legal action against you.
- That we have the authority and discretion to resolve all disputes regarding the interpretation of the language stated herein.
- That no court costs or attorneys' fees may be deducted from our recovery without our express written consent. We are not required to participate in or pay court costs or attorneys' fees to the attorney hired by you to pursue your damage/personal injury claim.
- To the extent permitted by the jurisdiction in which you seek said full or partial recovery, we may collect from you the proceeds of any full or partial recovery that you or your legal representative obtain, whether in the form of a settlement (either before or after any determination of liability) or judgment, not to exceed the amount we paid on your behalf, with such proceeds available for collection.

- That benefits paid by us may also be considered to be benefits advanced.
- That you agree that if you receive any payment from any potentially responsible party as a result of an injury or illness, whether by settlement (either before or after any determination of liability), or judgment, you will serve as a constructive trustee over the funds, and failure to hold such funds in trust will be deemed as a breach of your duties hereunder.
- That you or an authorized agent, such as your attorney, set aside funds owed or due to us in a trust or account, and failure to hold funds as such will be deemed as a breach of contract, and may result in the termination of health benefits or the instigation of legal action against you.
- That you will not accept any settlement that does not compensate or reimburse us without our written approval, nor will you do anything to prejudice our subrogation and/or reimbursement rights.
- That you will not accept any settlement that does not fully compensate or reimburse us without our written approval, nor will you do anything to prejudice our rights under this provision.
- That you will assign to us all rights of recovery against Third Parties, to the extent of the reasonable value of services and Benefits we provided, plus reasonable costs of collection.
- That our rights will be considered as the first priority claim against Third Parties, including tortfeasors from whom you are seeking recovery, to be paid before any other of your claims are paid.
- That we may, at our option, take necessary and appropriate action to preserve our rights under these subrogation provisions, including filing suit in your name, which does not obligate us in any way to pay you part of any recovery we might obtain.
- That we shall not be obligated in any way to pursue this right independently or on your behalf.
- That in the case of your wrongful death, the provisions of this section will apply to your estate, the personal representative of your estate and your heirs or beneficiaries.
- That the provisions of this section apply to the parents, guardian, or other representative of a Dependent child who incurs a Sickness or Injury caused by a Third Party. If a parent or guardian may bring a claim for damages arising out of a minor's Injury, the terms of this subrogation and reimbursement clause shall apply to that claim.

Refund of Overpayments

If we pay Benefits for expenses incurred on account of a Covered Person, that Covered Person, or any other person or organization that was paid, must make a refund to us if any of the following apply:

- All or some of the expenses were not paid by the Covered Person or did not legally have to be paid by the Covered Person.
- All or some of the payment we made exceeded the Benefits under the Policy.
- All or some of the payment was made in error.

The refund equals the amount we paid in excess of the amount we should have paid under the Policy. If the refund is due from another person or organization, the Covered Person agrees to help us get the refund when requested.

If the Covered Person, or any other person or organization that was paid, does not promptly refund the full amount, we may reduce the amount of any future Benefits for the Covered Person that are payable under the Policy. The reductions will equal the amount of the required refund. We may have other rights in addition to the right to reduce future benefits.

Limitation of Action

You cannot bring any legal action against us to recover reimbursement until you have completed all the steps in the appeal process described in *Section 6: Questions, Complaints and Appeals*. After completing that process, if you want to bring a legal action against us you must do so within three years of the date we notified you of our final decision on your appeal or you lose any rights to bring such an action against us.

Entire Policy

The Policy issued to the Enrolling Group, including this *Certificate*, the *Schedule of Benefits*, the Enrolling Group's application and any Riders and/or Amendments, constitutes the entire Policy.

Section 9: Defined Terms

Alternate Facility - a health care facility that is not a Hospital and that provides one or more of the following services on an outpatient basis, as permitted by law:

- Surgical services.
- Emergency Health Services.
- Rehabilitative, laboratory, diagnostic or therapeutic services.

An Alternate Facility may also provide Mental Health Services or Substance Use Disorder Services on an outpatient or inpatient basis.

Amendment - any attached written description of additional or alternative provisions to the Policy. Amendments are effective only when signed by us. Amendments are subject to all conditions, limitations and exclusions of the Policy, except for those that are specifically amended.

Annual Deductible - for Benefit plans that have an Annual Deductible, this is the amount of Eligible Expenses you must pay for Covered Health Services per year before we will begin paying for Benefits. The amount that is applied to the Annual Deductible is calculated on the basis of Eligible Expenses. The Annual Deductible does not include any amount that exceeds Eligible Expenses. Refer to the *Schedule of Benefits* to determine whether or not your Benefit plan is subject to payment of an Annual Deductible and for details about how the Annual Deductible applies.

Applied Behavioral Analysis - the design, implementation and evaluation of environmental modifications using behavioral stimuli and consequences to produce socially significant improvement in human behavior, including without limitation the use of direct observation, measurement and functional analysis of the relations between environment and behavior.

Autism Spectrum Disorder - a neurobiological medical condition including, without limitation, autistic disorder, Asperger's Disorder and Pervasive Developmental Disorder Not Otherwise Specified.

Benefits - your right to payment for Covered Health Services that are available under the Policy. Your right to Benefits is subject to the terms, conditions, limitations and exclusions of the Policy, including this *Certificate*, the *Schedule of Benefits* and any attached Riders and/or Amendments.

Coinsurance - the charge, stated as a percentage of Eligible Expenses, that you are required to pay for certain Covered Health Services.

Congenital Anomaly - a physical developmental defect that is present at the time of birth, and that is identified within the first twelve months of birth.

Copayment - the charge, stated as a set dollar amount, that you are required to pay for certain Covered Health Services.

Please note that for Covered Health Services, you are responsible for paying the lesser of the following:

- The applicable Copayment.
- The Eligible Expense.

Cosmetic Procedures - procedures or services that change or improve appearance without significantly improving physiological function, as determined by us.

Covered Health Service(s) - those health services, including services, supplies, or Pharmaceutical Products, which we determine to be all of the following:

- Medically Necessary.

- Described as a Covered Health Service in this *Certificate* under *Section 1: Covered Health Services* and in the *Schedule of Benefits*.
- Not otherwise excluded in this *Certificate* under *Section 2: Exclusions and Limitations*.

Covered Person - either the Subscriber or an Enrolled Dependent, but this term applies only while the person is enrolled under the Policy. References to "you" and "your" throughout this *Certificate* are references to a Covered Person.

Custodial Care - services that are any of the following:

- Non-health-related services, such as assistance in activities of daily living (examples include feeding, dressing, bathing, transferring and ambulating).
- Health-related services that are provided for the primary purpose of meeting the personal needs of the patient or maintaining a level of function (even if the specific services are considered to be skilled services), as opposed to improving that function to an extent that might allow for a more independent existence.
- Services that do not require continued administration by trained medical personnel in order to be delivered safely and effectively.

Dependent - the Subscriber's legal spouse or Domestic Partner or a child of the Subscriber or the Subscriber's spouse or Domestic Partner. The term child includes any of the following:

- A natural child, including a newborn child from the moment of birth and on or before the last day of the month in which the child attains 26 years of age.
- A stepchild.
- A legally adopted child beginning from the date the adoption becomes effective if the child was not placed in the home before adoption.
- A child placed for adoption beginning from the moment of placement as certified by the public or private agency making the placement.
- A child for whom legal guardianship has been awarded to the Subscriber or the Subscriber's spouse or Domestic Partner.

To be eligible for coverage under the Policy, a Dependent must reside within the United States.

The definition of Dependent is subject to the following conditions and limitations:

- A Dependent includes any child listed above under 26 years of age.
- A Dependent includes an unmarried dependent child age 26 or older who is or becomes disabled and dependent upon the Subscriber.

The Subscriber must reimburse us for any Benefits that we pay for a child at a time when the child did not satisfy these conditions.

A Dependent also includes a child for whom health care coverage is required through a *Qualified Medical Child Support Order* or other court or administrative order. The Enrolling Group is responsible for determining if an order meets the criteria of a *Qualified Medical Child Support Order*.

Pursuant to a court order, a Dependent includes a child who is related to the Subscriber without regard to any of the following facts:

- The child does not reside with the Subscriber.
- The child is born out of wedlock.

- The child is not claimed as a dependent on the Subscriber's federal or state income tax.

When a child is enrolled in a plan of the noncustodial parent or a parent sharing custody or temporary control of the child, we will:

- Provide the custodial parent with any information necessary to obtain Benefits and services for the child under this Policy.
- Allow the custodial parent or the health care provider with the custodial parent's approval, to submit claims for Benefits, without the approval of the noncustodial parent.
- Make claim payments directly to the person or entity who submitted the claim, that is, the custodial parent, the health care provider, or the state agency responsible for the administration of Medicaid.

If the Subscriber or Dependent spouse or Domestic Partner is required by a court or administrative order to provide health coverage for the Subscriber or Dependent spouse's child, the child, if otherwise eligible for coverage, will be able to be enrolled regardless of any enrollment season restriction. We will enroll the child upon application for enrollment by the Subscriber, the Dependent spouse, the state agency responsible for the administration of Medicaid, or a state child support enforcement agency.

We will not cancel or revoke enrollment of the child, or eliminate coverage, unless one of the following happens:

- The Enrolling Group receives satisfactory written evidence that the order requiring coverage is no longer in effect.
- The Enrolling Group receives confirmation that the child is enrolled in other comparable coverage that will take effect not later than the effective date of disenrollment under this policy.
- The Enrolling Group has eliminated dependent health coverage for all its Subscribers.
- The Subscriber is no longer eligible for coverage.

A Dependent does not include anyone who is also enrolled as a Subscriber. No one can be a Dependent of more than one Subscriber.

Designated Facility - a facility that has entered into an agreement with us, or with an organization contracting on our behalf, to render Covered Health Services for the treatment of specified diseases or conditions. A Designated Facility may or may not be located within your geographic area. The fact that a Hospital is a Network Hospital does not mean that it is a Designated Facility.

Designated Network Benefits - for Benefit plans that have a Designated Network Benefit level, this is the description of how Benefits are paid for Covered Health Services provided by a Physician or other provider that we have identified as Designated Network providers. Refer to the *Schedule of Benefits* to determine whether or not your Benefit plan offers Designated Network Benefits and for details about how Designated Network Benefits apply.

Designated Physician - a Physician that we've identified through our designation programs as a Designated provider. A Designated Physician may or may not be located within your geographic area. The fact that a Physician is a Network Physician does not mean that he or she is a Designated Physician.

Designated Virtual Network Provider - a provider or facility that has entered into an agreement with us, or with an organization contracting on our behalf, to deliver Covered Health Services via interactive audio and video modalities.

Domestic Partner - persons who have registered a valid domestic partnership in the State of Nevada and when two persons who satisfy the following requirements:

- Both persons have a common residence ("common residence" means a residence shared by both domestic partners on at least a part-time basis, irrespective of whether: (1) Ownership of the

residence or the right to occupy the residence is in the name of only one of the domestic partners; and (2) One or both of the domestic partners owns or occupies an additional residence).

- Neither person is married or a member of another domestic partnership;
- The two persons are not related by blood in a way that would prevent them from being married to each other in this State;
- Both persons are at least 18 years of age; and
- Both persons are competent to consent to the domestic partnership.

Domestic Partnership - the social contract between two persons registered in the State of Nevada that meet the Domestic Partners requirements described above and:

- File with the *Office of the Secretary of State*, on a form prescribed by the *Secretary of State*, a signed and notarized statement declaring that both persons:
 - Have chosen to share one another's lives in an intimate and committed relationship of mutual caring; and
 - Desire of their own free will to enter into a domestic partnership; and
 - Pay to the *Office of the Secretary of State* a reasonable filing fee established by the *Secretary of State*.

Durable Medical Equipment - medical equipment that is all of the following:

- Can withstand repeated use.
- Is not disposable.
- Is used to serve a medical purpose with respect to treatment of a Sickness, Injury or their symptoms.
- Is generally not useful to a person in the absence of a Sickness, Injury or their symptoms.
- Is appropriate for use, and is primarily used, within the home.
- Is not implantable within the body.

Eligible Expenses - for Covered Health Services, incurred while the Policy is in effect, Eligible Expenses are determined by us as stated below and as detailed in the *Schedule of Benefits*.

Eligible Expenses are determined solely in accordance with our reimbursement policy guidelines. We develop our reimbursement policy guidelines, in our discretion, following evaluation and validation of all provider billings in accordance with one or more of the following methodologies:

- As indicated in the most recent edition of the *Current Procedural Terminology (CPT)*, a publication of the *American Medical Association*, and/or the *Centers for Medicare and Medicaid Services (CMS)*.
- As reported by generally recognized professionals or publications.
- As used for Medicare.
- As determined by medical staff and outside medical consultants pursuant to other appropriate source or determination that we accept.

Eligible Person - an employee of the Enrolling Group or other person whose connection with the Enrolling Group meets the eligibility requirements specified in both the application and the Policy. An Eligible Person must reside within the United States.

Emergency - a serious medical condition or symptom resulting from Injury, Sickness or Mental Illness that manifests itself by symptoms of such sufficient severity that a prudent person would believe that the absence of immediate medical attention could result in:

- Serious jeopardy to the health of a Covered Person or an unborn child.
- Serious impairment of a bodily function.
- Serious dysfunction of any bodily organ or part.

Emergency Health Services - health care services and supplies necessary for the treatment of an Emergency.

Enrolled Dependent - a Dependent who is properly enrolled under the Policy.

Enrolling Group - the employer, or other defined or otherwise legally established group, to whom the Policy is issued.

Experimental or Investigational Service(s) - medical, surgical, diagnostic, psychiatric, mental health, substance related and addictive disorders or other health care services, technologies, supplies, treatments, procedures, drug therapies, medications or devices that, at the time we make a determination regarding coverage in a particular case, are determined to be any of the following:

- Not approved by the *U.S. Food and Drug Administration (FDA)* to be lawfully marketed for the proposed use and not identified in the *American Hospital Formulary Service* or the *United States Pharmacopoeia Dispensing Information* as appropriate for the proposed use.
- Subject to review and approval by any institutional review board for the proposed use. (Devices which are *FDA* approved under the *Humanitarian Use Device* exemption are not considered to be Experimental or Investigational.)
- The subject of an ongoing clinical trial that meets the definition of a Phase 1, 2 or 3 clinical trial set forth in the *FDA* regulations, regardless of whether the trial is actually subject to *FDA* oversight.

Exceptions:

- Clinical trials for which Benefits are available as described under *Clinical Trials* in *Section 1: Covered Health Services*.
- Life-Threatening Sickness or Condition. If you have a life-threatening Sickness or condition (one that is likely to cause death within one year of the request for treatment) we may, in our discretion, consider an otherwise Experimental or Investigational Service to be a Covered Health Service for that Sickness or condition. Prior to such a consideration, we must first establish that there is sufficient evidence to conclude that, albeit unproven, the service has significant potential as an effective treatment for that Sickness or condition.

Genetic Testing - examination of blood or other tissue for chromosomal and DNA abnormalities and alterations, or other expressions of gene abnormalities that may indicate an increased risk for developing a specific disease or disorder.

Health Benefit Plan - a policy, contract, certificate or agreement offered by a carrier to provide for, deliver payment for, arrange for the payment of, pay for or reimburse any of the costs of health care services. Except as otherwise provided in this section, the term includes catastrophic health insurance policies and a policy that pays on a cost-incurred basis. The term does not include:

- Coverage that is only for accident or disability income insurance, or any combination thereof;
- Coverage issued as a supplement to liability insurance;
- Liability insurance, including general liability insurance and automobile liability insurance;

- Workers' compensation or similar insurance;
- Coverage for medical payments under a policy of automobile insurance;
- Credit insurance;
- Coverage for on-site medical clinics;
- Other similar insurance coverage specified pursuant to the *Health Insurance Portability and Accountability Act of 1996, Public Law 104-191*, under which benefits for medical care are secondary or incidental to other insurance benefits;
 - Coverage under a short-term health insurance policy; and
 - Coverage under a blanket student accident and health insurance policy.
- The term does not include the following benefits if the benefits are provided under a separate policy, certificate or contract of insurance or are otherwise not an integral part of a health benefit plan:
 - Limited-scope dental or vision benefits;
 - Benefits for long-term care, nursing home care, home health care or community-based care, or any combination thereof; and
 - Such other similar benefits as are specified in any federal regulations adopted pursuant to the *Health Insurance Portability and Accountability Act of 1996, Public Law 104-191*.
- The term does not include the following benefits if the benefits are provided under a separate policy, certificate or contract, there is no coordination between the provisions of the benefits and any exclusion of benefits under any group health plan maintained by the same plan sponsor, and the benefits are paid for a claim without regard to whether benefits are provided for such a claim under any group health plan maintained by the same plan sponsor:
 - Coverage that is only for a specified disease or illness; and
 - Hospital indemnity or other fixed indemnity insurance.
- The term does not include any of the following, if offered as a separate policy, certificate or contract of insurance:
 - Medicare supplemental health insurance as defined in section 1882(g)(1) of the *Social Security Act*, 42 U.S.C. § 1395ss, as that section existed on July 16, 1997;
 - Coverage supplemental to the coverage provided pursuant to the *Civilian Health and Medical Program of Uniformed Services, CHAMPUS*, 10 U.S.C. §§ 1071 et seq.; and
 - Similar supplemental coverage provided under a group health plan.

Health Care Plan - a policy, contract, certificate or agreement offered or issued by an insurer to provide, deliver, arrange for, pay for or reimburse any of the costs of health care services.

Home Health Agency - a program or organization authorized by law to provide health care services in the home.

Hospital - an institution that is operated as required by law and that meets both of the following:

- It is primarily engaged in providing health services, on an inpatient basis, for the acute care and treatment of injured or sick individuals. Care is provided through medical, diagnostic and surgical facilities, by or under the supervision of a staff of Physicians.
- It has 24-hour nursing services.

A Hospital is not primarily a place for rest, Custodial Care or care of the aged and is not a nursing home, convalescent home or similar institution.

Initial Enrollment Period - the initial period of time during which Eligible Persons may enroll themselves and their Dependents under the Policy.

Injury - bodily damage other than Sickness, including all related conditions and recurrent symptoms.

Inpatient Rehabilitation Facility - a long term acute rehabilitation center, a Hospital (or a special unit of a Hospital designated as an Inpatient Rehabilitation Facility) that provides rehabilitation health services (including physical therapy, occupational therapy and/or speech therapy) on an inpatient basis, as authorized by law.

Inpatient Stay - an uninterrupted confinement that follows formal admission to a Hospital, Skilled Nursing Facility or Inpatient Rehabilitation Facility.

Intensive Outpatient Treatment - a structured outpatient mental health or substance related and addictive disorders treatment program that may be free-standing or Hospital-based and provides services for at least three hours per day, two or more days per week.

Intermittent Care - skilled nursing care that is provided or needed either:

- Fewer than seven days each week.
- Fewer than eight hours each day for periods of 21 days or less.

Exceptions may be made in exceptional circumstances when the need for additional care is finite and predictable.

Manipulative Treatment - the therapeutic application of chiropractic and/or osteopathic manipulative treatment with or without ancillary physiologic treatment and/or rehabilitative methods rendered to restore/improve motion, reduce pain and improve function in the management of an identifiable neuromusculoskeletal condition.

Medically Necessary - health care services provided for the purpose of preventing, evaluating, diagnosing or treating a Sickness, Injury, Mental Illness, substance related and addictive disorders, condition, disease or its symptoms, that are all of the following as determined by us or our designee, within our sole discretion.

- In accordance with *Generally Accepted Standards of Medical Practice*.
- Clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for your Sickness, Injury, Mental Illness, substance related and addictive disorders, disease or its symptoms.
- Not mainly for your convenience or that of your doctor or other health care provider.
- Not more costly than an alternative drug, service(s) or supply that is at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of your Sickness, Injury, disease or symptoms.

Generally Accepted Standards of Medical Practice are standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community, relying primarily on controlled clinical trials, or, if not available, observational studies from more than one institution that suggest a causal relationship between the service or treatment and health outcomes.

If no credible scientific evidence is available, then standards that are based on Physician specialty society recommendations or professional standards of care may be considered. We reserve the right to consult expert opinion in determining whether health care services are Medically Necessary. The decision to

apply Physician specialty society recommendations, the choice of expert and the determination of when to use any such expert opinion, shall be within our sole discretion.

We develop and maintain clinical policies that describe the *Generally Accepted Standards of Medical Practice* scientific evidence, prevailing medical standards and clinical guidelines supporting our determinations regarding specific services. These clinical policies (as developed by us and revised from time to time), are available to Covered Persons on www.myuhc.com or by calling *Customer Care* at the telephone number on your ID card, and to Physicians and other health care professionals on UnitedHealthcareOnline.

Medicare - Parts A, B, C and D of the insurance program established by Title XVIII, *United States Social Security Act*, as amended by 42 U.S.C. Sections 1394, et seq. and as later amended.

Mental Health Services - Covered Health Services for the diagnosis and treatment of Mental Illnesses. The fact that a condition is listed in the current *Diagnostic and Statistical Manual of the American Psychiatric Association* does not mean that treatment for the condition is a Covered Health Service.

Mental Health/Substance Use Disorder Designee - the organization or individual, designated by us, that provides or arranges Mental Health Services and Substance Use Disorder Services for which Benefits are available under the Policy.

Mental Illness - those mental health or psychiatric diagnostic categories that are listed in the current *Diagnostic and Statistical Manual of the American Psychiatric Association*, unless those services are specifically excluded under the Policy.

Network - when used to describe a provider of health care services, this means a provider that has a participation agreement in effect (either directly or indirectly) with us or with our affiliate to participate in our Network; however, this does not include those providers who have agreed to discount their charges for Covered Health Services by way of their participation in the Shared Savings Program. Our affiliates are those entities affiliated with us through common ownership or control with us or with our ultimate corporate parent, including direct and indirect subsidiaries.

A provider may enter into an agreement to provide only certain Covered Health Services, but not all Covered Health Services, or to be a Network provider for only some of our products. In this case, the provider will be a Network provider for the Covered Health Services and products included in the participation agreement, and a non-Network provider for other Covered Health Services and products. The participation status of providers will change from time to time.

Network Benefits - for Benefit plans that have a Network Benefit level, this is the description of how Benefits are paid for Covered Health Services provided by Network providers. Refer to the *Schedule of Benefits* to determine whether or not your Benefit plan offers Network Benefits and for details about how Network Benefits apply.

Non-Network Benefits - for Benefit plans that have a Non-Network Benefit level, this is the description of how Benefits are paid for Covered Health Services provided by non-Network providers. Refer to the *Schedule of Benefits* to determine whether or not your Benefit plan offers Non-Network Benefits and for details about how Non-Network Benefits apply.

Open Enrollment Period - a period of time that follows the Initial Enrollment Period during which Eligible Persons may enroll themselves and Dependents under the Policy. The Enrolling Group determines the period of time that is the Open Enrollment Period.

Out-of-Pocket Maximum - for Benefit plans that have an Out-of-Pocket Maximum, this is the maximum amount you pay every year. Refer to the *Schedule of Benefits* to determine whether or not your Benefit plan is subject to an Out-of-Pocket Maximum and for details about how the Out-of-Pocket Maximum applies.

Partial Hospitalization/Day Treatment - a structured ambulatory program that may be a free-standing or Hospital-based program and that provides services for at least 20 hours per week.

Pharmaceutical Product(s) - U.S. Food and Drug Administration (FDA)-approved prescription pharmaceutical products administered in connection with a Covered Health Service by a Physician or other health care provider within the scope of the provider's license, and not otherwise excluded under the Policy.

Pharmaceutical Product List - a list that categorizes into tiers medications, products or devices that have been approved by the U.S. Food and Drug Administration (FDA). This list is subject to our periodic review and modification (generally quarterly, but no more than six times per calendar year). You may determine to which tier a particular Pharmaceutical Product has been assigned through the Internet at www.myuhc.com or by calling *Customer Care* at the telephone number on your ID card.

Pharmaceutical Product List Management Committee - the committee that we designate for, among other responsibilities, classifying Pharmaceutical Products into specific tiers.

Physician - any *Doctor of Medicine* or *Doctor of Osteopathy* who is properly licensed and qualified by law.

Please Note: Any podiatrist, dentist, psychologist, chiropractor, optometrist, or other provider who acts within the scope of his or her license will be considered on the same basis as a Physician. The fact that we describe a provider as a Physician does not mean that Benefits for services from that provider are available to you under the Policy.

Policy - the entire agreement issued to the Enrolling Group that includes all of the following:

- The *Group Policy*.
- This *Certificate*.
- The *Schedule of Benefits*.
- The Enrolling Group's application.
- Riders.
- Amendments.

These documents make up the entire agreement that is issued to the Enrolling Group.

Policy Charge - the sum of the Premiums for all Subscribers and Enrolled Dependents enrolled under the Policy.

Practice of Medicine - includes all of the following:

- To diagnose, treat, correct, prevent or prescribe for any human disease, ailment, injury, infirmity, deformity or other condition, physical or mental, by any means or instrumentality, including, but not limited to, the performance of an autopsy;
- To apply principles or techniques of medical science in the diagnosis or the prevention of any such conditions;
- To perform any of the acts described above by using equipment that transfers information concerning the medical condition of the patient electronically, telephonically or by fiber optics from within or outside this State or the United States; and
- To offer, undertake, attempt to do or hold oneself out as able to do any of the acts described above.

Pregnancy - includes all of the following:

- Prenatal care.
- Postnatal care.

- Childbirth.
- Any complications associated with Pregnancy.

Premium - the periodic fee required for each Subscriber and each Enrolled Dependent, in accordance with the terms of the Policy.

Primary Physician - a Physician who has a majority of his or her practice in general pediatrics, internal medicine, obstetrics/gynecology, family practice or general medicine.

Private Duty Nursing - nursing care that is provided to a patient on a one-to-one basis by licensed nurses in an inpatient or home setting when any of the following are true:

- No skilled services are identified.
- Skilled nursing resources are available in the facility.
- The skilled care can be provided by a Home Health Agency on a per visit basis for a specific purpose.
- The service is provided to a Covered Person by an independent nurse who is hired directly by the Covered Person or his/her family. This includes nursing services provided on an inpatient or home-care basis, whether the service is skilled or non-skilled independent nursing.

Residential Treatment Facility - a facility which provides a program of effective Mental Health Services or Substance Use Disorder Services treatment and which meets all of the following requirements:

- It is established and operated in accordance with applicable state law for residential treatment programs.
- It provides a program of treatment under the active participation and direction of a Physician and approved by the Mental Health/Substance Use Disorder Designee.
- It has or maintains a written, specific and detailed treatment program requiring full-time residence and full-time participation by the patient.
- It provides at least the following basic services in a 24-hour per day, structured milieu:
 - Room and board.
 - Evaluation and diagnosis.
 - Counseling.
 - Referral and orientation to specialized community resources.

A Residential Treatment Facility that qualifies as a Hospital is considered a Hospital.

Rider - any attached written description of additional Covered Health Services not described in this *Certificate*. Covered Health Services provided by a Rider may be subject to payment of additional Premiums. Riders are effective only when signed by us and are subject to all conditions, limitations and exclusions of the Policy except for those that are specifically amended in the Rider.

Semi-private Room - a room with two or more beds. When an Inpatient Stay in a Semi-private Room is a Covered Health Service, the difference in cost between a Semi-private Room and a private room is a Benefit only when a private room is necessary in terms of generally accepted medical practice, or when a Semi-private Room is not available.

Severe Mental Illness - any of the following Mental Illnesses that are biologically based and for which diagnostic criteria are prescribed in the most recent edition of the current *Diagnostic and Statistical Manual of Mental Disorders of the American Psychiatric Association*: schizophrenia; schizoaffective disorder; bipolar disorder; major depressive disorders; panic disorder; obsessive-compulsive disorder.

Shared Savings Program - the Shared Savings Program provides access to discounts from the provider's charges when services are rendered by those non-Network providers that participate in that program. We will use the Shared Savings Program to pay claims when doing so will lower Eligible Expenses. We do not credential the Shared Savings Program providers and the Shared Savings Program providers are not Network providers. Accordingly, in Benefit plans that have both Network and Non-Network levels of Benefits, Benefits for Covered Health Services provided by Shared Savings Program providers will be paid at the Non-Network Benefit level (except in situations when Benefits for Covered Health Services provided by non-Network providers are payable at Network Benefit levels, as in the case of Emergency Health Services). When we use the Shared Savings Program to pay a claim, patient responsibility is limited to Coinsurance calculated on the contracted rate paid to the provider, in addition to any required deductible.

Sickness - physical illness, disease or Pregnancy. The term Sickness as used in this *Certificate* includes Mental Illness or substance related addictive disorders, regardless of the cause or origin of the Mental Illness or substance related addictive disorder.

Skilled Nursing Facility - a Hospital or nursing facility that is licensed and operated as required by law.

Specialist Physician - a Physician who has a majority of his or her practice in areas other than general pediatrics, internal medicine, obstetrics/gynecology, family practice or general medicine.

Subscriber - an Eligible Person who is properly enrolled under the Policy. The Subscriber is the person (who is not a Dependent) on whose behalf the Policy is issued to the Enrolling Group.

Substance Use Disorder Services - Covered Health Services for the diagnosis and treatment of alcoholism and substance related and addictive disorders that are listed in the current *Diagnostic and Statistical Manual of the American Psychiatric Association*, unless those services are specifically excluded. The fact that a disorder is listed in the *Diagnostic and Statistical Manual of the American Psychiatric Association* does not mean that treatment of the disorder is a Covered Health Service.

Telemedicine - the practice of osteopathic medicine by using equipment that transfers information concerning the medical condition of a patient electronically, telephonically or by fiber optics.

Total Disability or Totally Disabled - a Subscriber's inability to perform all of the substantial and material duties of his or her regular employment or occupation; and a Dependent's inability to perform the normal activities of a person of like age and sex.

Transitional Care - Mental Health Services and Substance Use Disorder Services that are provided through transitional living facilities, group homes and supervised apartments that provide 24-hour supervision that are either:

- Sober living arrangements such as drug-free housing or alcohol/drug halfway houses. These are transitional, supervised living arrangements that provide stable and safe housing, an alcohol/drug-free environment and support for recovery. A sober living arrangement may be utilized as an adjunct to ambulatory treatment when treatment doesn't offer the intensity and structure needed to assist the Covered Person with recovery.
- Supervised living arrangements which are residences such as transitional living facilities, group homes and supervised apartments that provide members with stable and safe housing and the opportunity to learn how to manage their activities of daily living. Supervised living arrangements may be utilized as an adjunct to treatment when treatment doesn't offer the intensity and structure needed to assist the Covered Person with recovery.

Unproven Service(s) - services, including medications, that are determined not to be effective for treatment of the medical condition and/or not to have a beneficial effect on health outcomes due to insufficient and inadequate clinical evidence from well-conducted randomized controlled trials or cohort studies in the prevailing published peer-reviewed medical literature.

- Well-conducted randomized controlled trials. (Two or more treatments are compared to each other, and the patient is not allowed to choose which treatment is received.)
- Well-conducted cohort studies from more than one institution. (Patients who receive study treatment are compared to a group of patients who receive standard therapy. The comparison group must be nearly identical to the study treatment group.)

We have a process by which we compile and review clinical evidence with respect to certain health services. From time to time, we issue medical and drug policies that describe the clinical evidence available with respect to specific health care services. These medical and drug policies are subject to change without prior notice. You can view these policies at www.myuhc.com.

Please note:

- If you have a life-threatening Sickness or condition (one that is likely to cause death within one year of the request for treatment) we may, in our discretion, consider an otherwise Unproven Service to be a Covered Health Service for that Sickness or condition. Prior to such a consideration, we must first establish that there is sufficient evidence to conclude that, albeit unproven, the service has significant potential as an effective treatment for that Sickness or condition.
- We may, in our discretion, consider an otherwise Unproven Service to be a Covered Health Service for a Covered Person with a Sickness or Injury that is not life-threatening. For that to occur, all of the following conditions must be met:
 - If the service is one that requires review by the *U.S. Food and Drug Administration (FDA)*, it must be *FDA*-approved.
 - It must be performed by a Physician and in a facility with demonstrated experience and expertise.
 - The Covered Person must consent to the procedure acknowledging that we do not believe that sufficient clinical evidence has been published in peer-reviewed medical literature to conclude that the service is safe and/or effective.
 - At least two studies from more than one institution must be available in published peer-reviewed medical literature that would allow us to conclude that the service is promising but unproven.
 - The service must be available from a Network Physician and/or a Network facility.

The decision about whether such a service can be deemed a Covered Health Service is solely at our discretion. Other apparently similar promising but unproven services may not qualify.

Urgent Care Center - a facility that provides Covered Health Services that are required to prevent serious deterioration of your health, and that are required as a result of an unforeseen Sickness, Injury, or the onset of acute or severe symptoms.

Outpatient Prescription Drug Rider

Network/Non-Network

UnitedHealthcare Insurance Company

Schedule of Benefits

Benefits for Prescription Drug Products

Benefits are available for Prescription Drug Products at either a Network Pharmacy or a non-Network Pharmacy and are subject to Copayments and/or Coinsurance or other payments that vary depending on which of the tiers of the Prescription Drug List the Prescription Drug Product is listed.

Benefits for Prescription Drug Products are available when the Prescription Drug Product meets the definition of a Covered Health Service or is prescribed to prevent conception.

Benefits for Oral Chemotherapeutic Agents

Oral chemotherapeutic agent Prescription Drug Products will be provided at a level no less favorable than chemotherapeutic agents are provided under *Pharmaceutical Products - Outpatient* in your Certificate of Coverage, regardless of tier placement. For oral chemotherapeutic agents, the total amount of any applicable Deductibles, Copayments or Coinsurance shall not exceed \$100 for an individual prescription of up to a 30-day supply.

If a Brand-name Drug Becomes Available as a Generic

If a Generic becomes available for a Brand-name Prescription Drug Product, the tier placement of the Brand-name Prescription Drug Product may change, and therefore your Copayment and/or Coinsurance may change. You will pay the Copayment and/or Coinsurance applicable for the tier to which the Prescription Drug Product is assigned.

Supply Limits

Benefits for Prescription Drug Products are subject to the supply limits that are stated in the "Description and Supply Limits" column of the Benefit Information table. For a single Copayment and/or Coinsurance, you may receive a Prescription Drug Product up to the stated supply limit.

Note: Some products are subject to additional supply limits based on criteria that we have developed, subject to our periodic review and modification. The limit may restrict the amount dispensed per Prescription Order or Refill and/or the amount dispensed per month's supply, or may require that a minimum amount be dispensed.

You may determine whether a Prescription Drug Product has been assigned a supply limit for dispensing through the Internet at www.myuhc.com or by calling *Customer Care* at the telephone number on your ID card.

Prior Authorization Requirements

Before certain Prescription Drug Products are dispensed to you, either your Physician, your pharmacist or you are required to obtain prior authorization from us or our designee. The reason for obtaining prior authorization from us is to determine whether the Prescription Drug Product, in accordance with our approved guidelines, is each of the following:

- It meets the definition of a Covered Health Service.
- It is not an Experimental or Investigational or Unproven Service.

We may also require you to obtain prior authorization from us or our designee so we can determine whether the Prescription Drug Product, in accordance with our approved guidelines, was prescribed by a Specialist Physician.

Network Pharmacy Prior Authorization

When Prescription Drug Products are dispensed at a Network Pharmacy, the prescribing provider, the pharmacist, or you are responsible for obtaining prior authorization from us.

Non-Network Pharmacy Prior Authorization

When Prescription Drug Products are dispensed at a non-Network Pharmacy, you or your Physician are responsible for obtaining prior authorization from us as required.

If you do not obtain prior authorization from us before the Prescription Drug Product is dispensed, you may pay more for that Prescription Order or Refill. The Prescription Drug Products requiring prior authorization are subject to our periodic review and modification. You may determine whether a particular Prescription Drug Product requires prior authorization through the Internet at www.myuhc.com or by calling *Customer Care* at the telephone number on your ID card.

If you do not obtain prior authorization from us before the Prescription Drug Product is dispensed, you can ask us to consider reimbursement after you receive the Prescription Drug Product. You will be required to pay for the Prescription Drug Product at the pharmacy. Our contracted pharmacy reimbursement rates (our Prescription Drug Charge) will not be available to you at a non-Network Pharmacy. You may seek reimbursement from us as described in the *Certificate of Coverage (Certificate)* in *Section 5: How to File a Claim*.

When you submit a claim on this basis, you may pay more because you did not obtain prior authorization from us before the Prescription Drug Product was dispensed. The amount you are reimbursed will be based on the Prescription Drug Charge (for Prescription Drug Products from a Network Pharmacy) or the Predominant Reimbursement Rate (for Prescription Drug Products from a non-Network Pharmacy), less the required Copayment and/or Coinsurance, and any deductible that applies.

Benefits may not be available for the Prescription Drug Product after we review the documentation provided and we determine that the Prescription Drug Product is not a Covered Health Service or it is an Experimental or Investigational or Unproven Service.

We may also require prior authorization for certain programs which may have specific requirements for participation and/or activation of an enhanced level of Benefits associated with such programs. You may access information on available programs and any applicable prior authorization, participation or activation requirements associated with such programs through the Internet at www.myuhc.com or by calling *Customer Care* at the telephone number on your ID card.

Step Therapy

Certain Prescription Drug Products for which Benefits are described under this Prescription Drug Rider or Pharmaceutical Products for which Benefits are described in your *Certificate* are subject to step therapy requirements. This means that in order to receive Benefits for such Prescription Drug Products and/or

Pharmaceutical Products you are required to use a different Prescription Drug Product(s) or Pharmaceutical Product(s) first.

You may determine whether a particular Prescription Drug Product or Pharmaceutical Product is subject to step therapy requirements through the Internet at www.myuhc.com or by calling *Customer Care* at the telephone number on your ID card.

What You Must Pay

You are responsible for paying the Annual Drug Deductible.

You are responsible for paying the applicable Copayment and/or Coinsurance described in the Benefit Information table.

The amount you pay for any of the following under this Rider will not be included in calculating any Out-of-Pocket Maximum stated in your *Certificate*:

- The difference between the Predominant Reimbursement Rate and a non-Network Pharmacy's Usual and Customary Charge for a Prescription Drug Product.
- Any non-covered drug product. You are responsible for paying 100% of the cost (the amount the pharmacy charges you) for any non-covered drug product and our contracted rates (our Prescription Drug Charge) will not be available to you.

Payment Information

The Annual Drug Deductibles are calculated on a calendar year basis.

Payment Term And Description	Amounts
Annual Drug Deductible	
The amount you pay for covered Prescription Drug Products at a Network or non-Network Pharmacy in a year before we begin paying for Prescription Drug Products. Coupons: We may not permit certain coupons or offers from pharmaceutical manufacturers to apply to your Annual Drug Deductible. You may access information on which coupons or offers are not permitted through the Internet at www.myuhc.com or by calling <i>Customer Care</i> at the telephone number on your ID card. Benefits for oral chemotherapeutic agents are not subject to payment of the Annual Drug Deductible.	Network and Non-Network \$100 per Covered Person, not to exceed \$300 for all Covered Persons in a family.
Copayment and Coinsurance	
Copayment Copayment for a Prescription Drug Product at a Network or non-Network Pharmacy is a specific dollar amount. Coinsurance Coinsurance for a Prescription Drug Product at a Network Pharmacy is a percentage of the Prescription Drug Charge. Coinsurance for a Prescription Drug Product at a non-Network Pharmacy is a percentage of the Predominant Reimbursement Rate. Copayment and Coinsurance Your Copayment and/or Coinsurance is determined by the tier to which the Prescription Drug List (PDL) Management Committee has assigned a Prescription Drug Product. We may cover multiple Prescription Drug Products for a single Copayment	For Prescription Drug Products at a retail Network Pharmacy, you are responsible for paying the lower of the following: • The applicable Copayment and/or Coinsurance. • The Network Pharmacy's Usual and Customary Charge for the Prescription Drug Product. For Prescription Drug Products from a mail order Network Pharmacy, you are responsible for paying the lower of the following: • The applicable Copayment and/or Coinsurance. • The Prescription Drug Charge for that Prescription Drug Product. See the Copayments and/or Coinsurance stated in the Benefit Information table for amounts.

Payment Term And Description	Amounts
and/or Coinsurance if the combination of these multiple products provides a therapeutic treatment regimen that is supported by available clinical evidence. You may determine whether a therapeutic treatment regimen qualifies for a single Copayment and/or Coinsurance through the Internet at www.myuhc.com or by calling <i>Customer Care</i> at the telephone number on your ID card. Your Copayment and/or Coinsurance may be reduced when you participate in certain programs which may have specific requirements for participation and/or activation of an enhanced level of Benefits associated with such programs. You may access information on these programs and any applicable prior authorization, participation or activation requirements associated with such programs through the Internet at www.myuhc.com or by calling <i>Customer Care</i> at the telephone number on your ID card. Special Programs: We may have certain programs in which you may receive a reduced or increased Copayment and/or Coinsurance based on your actions such as adherence/compliance to medication or treatment regimens, and/or participation in health management programs. You may access information on these programs through the Internet at www.myuhc.com or by calling <i>Customer Care</i> at the telephone number on your ID card. Copayment/Coinsurance Waiver Program: If you are taking certain Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products, and you move to certain lower tier Prescription Drug Products or Specialty Prescription Drug Products, we may waive your Copayment and/or Coinsurance for one or more Prescription Orders or Refills. Prescription Drug Products Prescribed by a Specialist Physician:	

Payment Term And Description	Amounts
You may receive a reduced or increased Copayment and/or Coinsurance based on whether the Prescription Drug Product was prescribed by a Specialist Physician. You may access information on which Prescription Drug Products are subject to a reduced or increased Copayment and/or Coinsurance through the Internet at www.myuhc.com or by calling <i>Customer Care</i> at the telephone number on your ID card. NOTE: The tier status of a Prescription Drug Product can change periodically, generally quarterly but no more than six times per calendar year, based on the Prescription Drug List (PDL) Management Committee's periodic tiering decisions. When that occurs, you may pay more or less for a Prescription Drug Product, depending on its tier assignment. Please access www.myuhc.com through the Internet or call <i>Customer Care</i> at the telephone number on your ID card for the most up-to-date tier status. Coupons: We may not permit you to use certain coupons or offers from pharmaceutical manufacturers to reduce your Copayment and/or Coinsurance. You may access information on which coupons or offers are not permitted through the Internet at www.myuhc.com or by calling <i>Customer Care</i> at the telephone number on your ID card.	

Benefit Information

Description and Supply Limits	Benefit (The Amount We Pay)
Specialty Prescription Drug Products	
The following supply limits apply. As written by the provider, up to a consecutive 31-day supply of a Specialty Prescription Drug Product, unless adjusted based on the drug manufacturer's packaging size, or based on supply limits. When a Specialty Prescription Drug Product is packaged or designed to deliver in a manner that provides more than a consecutive 31-day supply, the Copayment and/or Coinsurance that applies will reflect the number of days dispensed. Supply limits apply to Specialty Prescription Drug Products obtained at a Network Pharmacy, a non-Network Pharmacy, a mail order Network Pharmacy or a Designated Pharmacy.	Your Copayment and/or Coinsurance is determined by the tier to which the Prescription Drug List (PDL) Management Committee has assigned the Specialty Prescription Drug Product. All Specialty Prescription Drug Products on the Prescription Drug List are assigned to Tier 1, Tier 2, Tier 3 or Tier 4. Please access www.myuhc.com through the Internet or call <i>Customer Care</i> at the telephone number on your ID card to determine tier status. Network Pharmacy For a Tier 1 Specialty Prescription Drug Product: 100% of the Prescription Drug Charge after you pay a Copayment of \$10.00 per Prescription Order or Refill. For a Tier 2 Specialty Prescription Drug Product: 100% of the Prescription Drug Charge after you pay a Copayment of \$35.00 per Prescription Order or Refill. For a Tier 3 Specialty Prescription Drug Product: 100% of the Prescription Drug Charge after you pay a Copayment of \$60.00 per Prescription Order or Refill. For a Tier 4 Specialty Prescription Drug Product: 100% of the Prescription Drug Charge after you pay a Copayment of \$120.00 per Prescription Order or Refill. Non-Network Pharmacy For a Tier 1 Specialty Prescription Drug Product: 100% of the Predominant Reimbursement Rate after you pay a Copayment of \$10.00 per Prescription Order or Refill. For a Tier 2 Specialty Prescription Drug Product: 100% of the Predominant Reimbursement Rate after you pay a Copayment of \$35.00 per Prescription Order or Refill. For a Tier 3 Specialty Prescription Drug Product: 100% of the Predominant Reimbursement Rate after you pay a Copayment of \$60.00 per Prescription Order or Refill. For a Tier 4 Specialty Prescription Drug Product: 100% of the Predominant Reimbursement Rate after you pay a Copayment of \$120.00 per Prescription Order or Refill.
Prescription Drugs from a Retail Network Pharmacy	
The following supply limits apply:	Your Copayment and/or Coinsurance is determined by the tier to which the Prescription Drug List (PDL) Management

Description and Supply Limits	Benefit (The Amount We Pay)
As written by the provider, up to a consecutive 31-day supply of a Prescription Drug Product, unless adjusted based on the drug manufacturer's packaging size, or based on supply limits. When a Prescription Drug Product is packaged or designed to deliver in a manner that provides more than a consecutive 31-day supply, the Copayment and/or Coinsurance that applies will reflect the number of days dispensed.	Committee has assigned the Prescription Drug Product. All Prescription Drug Products on the Prescription Drug List are assigned to Tier 1, Tier 2, Tier 3 or Tier 4. Please access www.myuhc.com through the Internet or call <i>Customer Care</i> at the telephone number on your ID card to determine tier status. For a Tier 1 Prescription Drug Product: 100% of the Prescription Drug Charge after you pay a Copayment of \$10.00 per Prescription Order or Refill. For a Tier 4 Prescription Drug Product: 100% of the Predominant Reimbursement Rate after you pay a Copayment of \$120.00 per Prescription Order or Refill.
Prescription Drug Products from a Mail Order Network Pharmacy	

Description and Supply Limits	Benefit (The Amount We Pay)
The following supply limits apply: As written by the provider, up to a consecutive 90-day supply of a Prescription Drug Product, unless adjusted based on the drug manufacturer's packaging size, or based on supply limits. These supply limits do not apply to Specialty Prescription Drug Products. Specialty Prescription Drug Products from a mail order Network Pharmacy are subject to the supply limits stated above under the heading <i>Specialty Prescription Drug Products</i>. We may allow a 31 day fill at the Mail Order Pharmacy for certain Prescription Drug Products for the Copayment and/or Coinsurance you would pay at a retail Network Pharmacy. You may determine whether a 31 day fill of Prescription Drug Product is available through the Mail Order Pharmacy for a retail Network Pharmacy Copayment and/or Coinsurance through the Internet at www.myuhc.com or by calling <i>Customer Care</i> at the telephone number on your ID card. You may be required to fill an initial Prescription Drug Product order and obtain 2 refills through a retail pharmacy prior to using a mail order Network Pharmacy. To maximize your Benefit, ask your Physician to write your Prescription Order or Refill for a 90-day supply, with refills when appropriate. You will be charged a mail order Copayment and/or Coinsurance for any Prescription Orders or Refills sent to the mail order pharmacy regardless of the number-of-days' supply written on the Prescription Order or Refill. Be sure your Physician writes your Prescription Order or Refill for a 90-day supply, not a 30-day supply with three refills.	Your Copayment and/or Coinsurance is determined by the tier to which the Prescription Drug List (PDL) Management Committee has assigned the Prescription Drug Product. All Prescription Drug Products on the Prescription Drug List are assigned to Tier 1, Tier 2, Tier 3 or Tier 4. Please access www.myuhc.com through the Internet or call <i>Customer Care</i> at the telephone number on your ID card to determine tier status. For up to a 90-day supply, we pay: For a Tier 1 Prescription Drug Product: 100% of the Prescription Drug Charge after you pay a Copayment of \$25.00 per Prescription Order or Refill. For a Tier 2 Prescription Drug Product: 100% of the Prescription Drug Charge after you pay a Copayment of \$87.50 per Prescription Order or Refill. For a Tier 3 Prescription Drug Product: 100% of the Prescription Drug Charge after you pay a Copayment of \$150.00 per Prescription Order or Refill. For a Tier 4 Prescription Drug Product: 100% of the Prescription Drug Charge after you pay a Copayment of \$300.00 per Prescription Order or Refill.

Outpatient Prescription Drug Rider

UnitedHealthcare Insurance Company

This Rider to the Policy is issued to the Enrolling Group and provides Benefits for Prescription Drug Products.

Because this Rider is part of a legal document, we want to give you information about the document that will help you understand it. Certain capitalized words have special meanings. We have defined these words in either the *Certificate of Coverage (Certificate)* in *Section 9: Defined Terms* or in this Rider in *Section 3: Defined Terms*.

When we use the words "we," "us," and "our" in this document, we are referring to UnitedHealthcare Insurance Company. When we use the words "you" and "your" we are referring to people who are Covered Persons, as the term is defined in the *Certificate* in *Section 9: Defined Terms*.

NOTE: The Coordination of Benefits provision in the *Certificate* in *Section 7: Coordination of Benefits* applies to Prescription Drug Products covered through this Rider. Benefits for Prescription Drug Products will be coordinated with those of any other health plan in the same manner as Benefits for Covered Health Services described in the *Certificate*.

UNITEDHEALTHCARE INSURANCE COMPANY

Jeffrey Alter, President

Introduction

Coverage Policies and Guidelines

Our Prescription Drug List (PDL) Management Committee is authorized to make tier placement changes on our behalf. The PDL Management Committee makes the final classification of an FDA-approved Prescription Drug Product to a certain tier by considering a number of factors including, but not limited to, clinical and economic factors. Clinical factors may include, but are not limited to, evaluations of the place in therapy, relative safety or relative efficacy of the Prescription Drug Product, as well as whether certain supply limits or prior authorization requirements should apply. Economic factors may include, but are not limited to, the Prescription Drug Product's acquisition cost including, but not limited to, available rebates and assessments on the cost effectiveness of the Prescription Drug Product.

Some Prescription Drug Products are more cost effective for specific indications as compared to others; therefore, a Prescription Drug Product may be listed on multiple tiers according to the indication for which the Prescription Drug Product was prescribed, or according to whether it was prescribed by a Specialist Physician.

We may periodically change the placement of a Prescription Drug Product among the tiers. These changes generally will occur quarterly, but no more than six times per calendar year. These changes may occur without prior notice to you.

When considering a Prescription Drug Product for tier placement, the PDL Management Committee reviews clinical and economic factors regarding Covered Persons as a general population. Whether a particular Prescription Drug Product is appropriate for an individual Covered Person is a determination that is made by the Covered Person and the prescribing Physician.

NOTE: The tier status of a Prescription Drug Product may change periodically based on the process described above. As a result of such changes, you may be required to pay more or less for that Prescription Drug Product. Please access www.myuhc.com through the Internet or call *Customer Care* at the telephone number on your ID card for the most up-to-date tier status.

Identification Card (ID Card) - Network Pharmacy

You must either show your ID card at the time you obtain your Prescription Drug Product at a Network Pharmacy or you must provide the Network Pharmacy with identifying information that can be verified by us during regular business hours.

If you don't show your ID card or provide verifiable information at a Network Pharmacy, you will be required to pay the Usual and Customary Charge for the Prescription Drug Product at the pharmacy.

You may seek reimbursement from us as described in the *Certificate* in *Section 5: How to File a Claim*. When you submit a claim on this basis, you may pay more because you failed to verify your eligibility when the Prescription Drug Product was dispensed. The amount you are reimbursed will be based on the Prescription Drug Charge, less the required Copayment and/or Coinsurance and any deductible that applies.

Submit your claim to the Pharmacy Benefit Manager claims address noted on your ID card.

Designated Pharmacies

If you require certain Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products, we may direct you to a Designated Pharmacy with whom we have an arrangement to provide those Prescription Drug Products.

If you are directed to a Designated Pharmacy and you choose not to obtain your Prescription Drug Product from a Designated Pharmacy, you will be subject to the non-Network Benefit for that Prescription Drug Product.

Limitation on Selection of Pharmacies

If we determine that you may be using Prescription Drug Products in a harmful or abusive manner, or with harmful frequency, your selection of Network Pharmacies may be limited. If this happens, we may require you to select a single Network Pharmacy that will provide and coordinate all future pharmacy services. Benefits will be paid only if you use the designated single Network Pharmacy. If you don't make a selection within 31 days of the date we notify you, we will select a single Network Pharmacy for you.

Rebates and Other Payments

We may receive rebates for certain drugs included on the Prescription Drug List, including those drugs that you purchase prior to meeting the Annual Drug Deductible. We do not pass these rebates on to you, nor are they applied to the Annual Drug Deductible or taken into account in determining your Copayments and/or Coinsurance.

We, and a number of our affiliated entities, conduct business with various pharmaceutical manufacturers separate and apart from this *Outpatient Prescription Drug Rider*. Such business may include, but is not limited to, data collection, consulting, educational grants and research. Amounts received from pharmaceutical manufacturers pursuant to such arrangements are not related to this *Outpatient Prescription Drug Rider*. We are not required to pass on to you, and do not pass on to you, such amounts.

Coupons, Incentives and Other Communications

At various times, we may send mailings or provide other communications to you, your Physician, or your pharmacy that communicate a variety of messages, including information about Prescription and non-prescription Drug Products. These communications may include offers that enable you, at your discretion, to purchase the described product at a discount. Pharmaceutical manufacturers or other non-UnitedHealthcare entities may pay for and/or provide content for these communications and offers. Only you and your Physician can determine whether a change in your Prescription and/or non-prescription Drug regimen is appropriate for your medical condition.

Special Programs

We may have certain programs in which you may receive an enhanced or reduced Benefit based on your actions such as adherence/compliance to medication or treatment regimens, and/or participation in health management programs. You may access information on these programs through the Internet at www.myuhc.com or by calling *Customer Care* at the telephone number on your ID card.

Maintenance Medication Program

If you require certain Maintenance Medications, we may direct you to the Mail Order Network Pharmacy to obtain those Maintenance Medications. If you choose not to obtain your Maintenance Medications from the Mail Order Network Pharmacy, you may opt-out of the Maintenance Medication Program each year through the Internet at www.myuhc.com or by calling *Customer Care* at the telephone number on your ID card.

Prescription Drug Products Prescribed by a Specialist Physician

You may receive an enhanced or reduced Benefit, or no Benefit, based on whether the Prescription Drug Product was prescribed by a Specialist Physician. You may access information on which Prescription Drug Products are subject to Benefit enhancement, reduction or no Benefit through the Internet at www.myuhc.com or by calling *Customer Care* at the telephone number on your ID card.

Outpatient Prescription Drug Rider Table of Contents

Section 1: Benefits for Prescription Drug Products.....15
Section 2: Exclusions17
Section 3: Defined Terms19

Section 1: Benefits for Prescription Drug Products

Benefits are available for Prescription Drug Products at either a Network Pharmacy or a non-Network Pharmacy and are subject to Copayments and/or Coinsurance or other payments that vary depending on which of the tiers of the Prescription Drug List the Prescription Drug Product is listed. Refer to the *Outpatient Prescription Drug Schedule of Benefits* for applicable Copayments and/or Coinsurance requirements.

Benefits for Prescription Drug Products are available when the Prescription Drug Product meets the definition of a Covered Health Service.

Benefits are available for refills of Prescription Drug Products only when dispensed as ordered by a duly licensed health care provider and only after 3/4 of the original Prescription Drug Product has been used.

Specialty Prescription Drug Products

Benefits are provided for Specialty Prescription Drug Products.

If you require Specialty Prescription Drug Products, we may direct you to a Designated Pharmacy with whom we have an arrangement to provide those Specialty Prescription Drug Products.

If you are directed to a Designated Pharmacy and you choose not to obtain your Specialty Prescription Drug Product from a Designated Pharmacy, you will be subject to the non-Network Benefit for that Specialty Prescription Drug Product.

Please see *Section 3: Defined Terms* for a full description of Specialty Prescription Drug Product and Designated Pharmacy.

Refer to the *Outpatient Prescription Drug Schedule of Benefits* for details on Specialty Prescription Drug Product supply limits.

Prescription Drugs from a Retail Network Pharmacy

Benefits are provided for Prescription Drug Products dispensed by a retail Network Pharmacy.

Refer to the *Outpatient Prescription Drug Schedule of Benefits* for details on retail Network Pharmacy supply limits.

Prescription Drugs from a Retail Non-Network Pharmacy

Benefits are provided for Prescription Drug Products dispensed by a retail non-Network Pharmacy.

If the Prescription Drug Product is dispensed by a retail non-Network Pharmacy, you must pay for the Prescription Drug Product at the time it is dispensed and then file a claim for reimbursement with us, as described in your *Certificate, Section 5: How to File a Claim*. We will not reimburse you for the difference between the Predominant Reimbursement Rate and the non-Network Pharmacy's Usual and Customary Charge for that Prescription Drug Product. We will not reimburse you for any non-covered drug product.

In most cases, you will pay more if you obtain Prescription Drug Products from a non-Network Pharmacy.

Refer to the *Outpatient Prescription Drug Schedule of Benefits* for details on retail non-Network Pharmacy supply limits.

Prescription Drug Products from a Mail Order Network Pharmacy

Benefits are provided for certain Prescription Drug Products dispensed by a mail order Network Pharmacy.

Refer to the *Outpatient Prescription Drug Schedule of Benefits* for details on mail order Network Pharmacy supply limits.

Please access www.myuhc.com through the Internet or call *Customer Care* at the telephone number on your ID card to determine if Benefits are provided for your Prescription Drug Product and for information on how to obtain your Prescription Drug Product through a mail order Network Pharmacy.

Section 2: Exclusions

Exclusions from coverage listed in the *Certificate* also apply to this Rider. In addition, the exclusions listed below apply.

When an exclusion applies to only certain Prescription Drug Products, you can access www.myuhc.com through the Internet or call *Customer Care* at the telephone number on your ID card for information on which Prescription Drug Products are excluded.

1. Coverage for Prescription Drug Products for the amount dispensed (days' supply or quantity limit) which exceeds the supply limit.
2. Coverage for Prescription Drug Products for the amount dispensed (days' supply or quantity limit) which is less than the minimum supply limit.
3. Prescription Drug Products dispensed outside the United States, except as required for Emergency treatment.
4. Drugs which are prescribed, dispensed or intended for use during an Inpatient Stay.
5. Experimental or Investigational or Unproven Services and medications; medications used for experimental indications and/or dosage regimens determined by us to be experimental, investigational or unproven.
6. Prescription Drug Products furnished by the local, state or federal government. Any Prescription Drug Product to the extent payment or benefits are provided or available from the local, state or federal government (for example, Medicare) whether or not payment or benefits are received, except as otherwise provided by law.
7. Prescription Drug Products for any condition, Injury, Sickness or Mental Illness arising out of, or in the course of, employment for which benefits are available under any workers' compensation law or other similar laws, whether or not a claim for such benefits is made or payment or benefits are received.
8. Any product dispensed for the purpose of appetite suppression or weight loss.
9. A Pharmaceutical Product for which Benefits are provided in your *Certificate*.
10. Durable Medical Equipment. Prescribed and non-prescribed outpatient supplies, other than the diabetic supplies and inhaler spacers specifically stated as covered.
11. General vitamins, except the following which require a Prescription Order or Refill: prenatal vitamins, vitamins with fluoride, and single entity vitamins.
12. Unit dose packaging or repackagers of Prescription Drug Products.
13. Medications used for cosmetic purposes.
14. Prescription Drug Products, including New Prescription Drug Products or new dosage forms, that we determine do not meet the definition of a Covered Health Service.
15. Prescription Drug Products as a replacement for a previously dispensed Prescription Drug Product that was lost, stolen, broken or destroyed.
16. Prescription Drug Products when prescribed to treat infertility.
17. Certain Prescription Drug Products for smoking cessation.
18. Compounded drugs that do not contain at least one ingredient that has been approved by the U.S. Food and Drug Administration (FDA) and requires a Prescription Order or Refill. Compounded

drugs that contain a non-FDA approved bulk chemical. Compounded drugs that are available as a similar commercially available Prescription Drug Product. (Compounded drugs that contain at least one ingredient that requires a Prescription Order or Refill are assigned to Tier 4.)

19. Drugs available over-the-counter that do not require a Prescription Order or Refill by federal or state law before being dispensed, unless we have designated the over-the-counter medication as eligible for coverage as if it were a Prescription Drug Product and it is obtained with a Prescription Order or Refill from a Physician. Prescription Drug Products that are available in over-the-counter form or comprised of components that are available in over-the-counter form or equivalent. Certain Prescription Drug Products that we have determined are Therapeutically Equivalent to an over-the-counter drug or supplement. Such determinations may be made up to six times during a calendar year, and we may decide at any time to reinstate Benefits for a Prescription Drug Product that was previously excluded under this provision. This exclusion does not apply to over-the-counter drugs used for smoking cessation.
20. Certain New Prescription Drug Products and/or new dosage forms until the date they are reviewed and assigned to a tier by our PDL Management Committee.
21. Growth hormone for children with familial short stature (short stature based upon heredity and not caused by a diagnosed medical condition).
22. Any product for which the primary use is a source of nutrition, nutritional supplements, or dietary management of disease, and prescription food products even when used for the treatment of Sickness or Injury, except as required by Nevada state mandate.
23. A Prescription Drug Product that contains (an) active ingredient(s) available in and Therapeutically Equivalent to another covered Prescription Drug Product. Such determinations may be made up to six times during a calendar year, and we may decide at any time to reinstate Benefits for a Prescription Drug Product that was previously excluded under this provision.
24. A Prescription Drug Product that contains (an) active ingredient(s) which is (are) a modified version of and Therapeutically Equivalent to another covered Prescription Drug Product. Such determinations may be made up to six times during a calendar year, and we may decide at any time to reinstate Benefits for a Prescription Drug Product that was previously excluded under this provision.
25. Certain Prescription Drug Products that have not been prescribed by a Specialist Physician.
26. A Prescription Drug Product that contains marijuana, including medical marijuana.
27. Dental products, including but not limited to prescription fluoride topicals.

Section 3: Defined Terms

Annual Drug Deductible - the amount you are required to pay for covered Prescription Drug Products in a year before we begin paying for Prescription Drug Products. Refer to the *Outpatient Prescription Drug Schedule of Benefits* for details about how the Annual Drug Deductible applies.

Brand-name - a Prescription Drug Product: (1) which is manufactured and marketed under a trademark or name by a specific drug manufacturer; or (2) that we identify as a Brand-name product, based on available data resources including, but not limited to, data sources such as Medi-Span or First DataBank, that classify drugs as either brand or generic based on a number of factors. You should know that all products identified as a "brand name" by the manufacturer, pharmacy, or your Physician may not be classified as Brand-name by us.

Chemically Equivalent - when Prescription Drug Products contain the same active ingredient.

Designated Pharmacy - a pharmacy that has entered into an agreement with us or with an organization contracting on our behalf, to provide specific Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products. The fact that a pharmacy is a Network Pharmacy does not mean that it is a Designated Pharmacy.

Generic - a Prescription Drug Product: (1) that is Chemically Equivalent to a Brand-name drug; or (2) that we identify as a Generic product based on available data resources including, but not limited to, data sources such as Medi-Span or First DataBank, that classify drugs as either brand or generic based on a number of factors. You should know that all products identified as a "generic" by the manufacturer, pharmacy or your Physician may not be classified as a Generic by us.

Maintenance Medication - a Prescription Drug Product anticipated to be used for six months or more to treat or prevent a chronic condition. You may determine whether a Prescription Drug Product is a Maintenance Medication through the Internet at www.myuhc.com or by calling *Customer Care* at the telephone number on your ID card.

Network Pharmacy - a pharmacy that has:

- Entered into an agreement with us or an organization contracting on our behalf to provide Prescription Drug Products to Covered Persons.
- Agreed to accept specified reimbursement rates for dispensing Prescription Drug Products.
- Been designated by us as a Network Pharmacy.

New Prescription Drug Product - a Prescription Drug Product or new dosage form of a previously approved Prescription Drug Product, for the period of time starting on the date the Prescription Drug Product or new dosage form is approved by the *U.S. Food and Drug Administration (FDA)* and ending on the earlier of the following dates:

- The date it is assigned to a tier by our PDL Management Committee.
- December 31st of the following calendar year.

Predominant Reimbursement Rate - the amount we will pay to reimburse you for a Prescription Drug Product that is dispensed at a non-Network Pharmacy. The Predominant Reimbursement Rate for a particular Prescription Drug Product dispensed at a non-Network Pharmacy includes a dispensing fee and any applicable sales tax. We calculate the Predominant Reimbursement Rate using our Prescription Drug Charge that applies for that particular Prescription Drug Product at most Network Pharmacies.

Prescription Drug Charge - the rate we have agreed to pay our Network Pharmacies, including the applicable dispensing fee and any applicable sales tax, for a Prescription Drug Product dispensed at a Network Pharmacy.

Prescription Drug List - a list that categorizes into tiers medications, products or devices that have been approved by the *U.S. Food and Drug Administration (FDA)*. This list is subject to our periodic review and modification (generally quarterly, but no more than six times per calendar year). You may determine to which tier a particular Prescription Drug Product has been assigned through the Internet at www.myuhc.com or by calling *Customer Care* at the telephone number on your ID card.

Prescription Drug List (PDL) Management Committee - the committee that we designate for, among other responsibilities, classifying Prescription Drug Products into specific tiers.

Prescription Drug Product - a medication, product or device that has been approved by the *U.S. Food and Drug Administration (FDA)* and that can, under federal or state law, be dispensed only pursuant to a Prescription Order or Refill. A Prescription Drug Product includes a medication that, due to its characteristics, is appropriate for self-administration or administration by a non-skilled caregiver. For the purpose of Benefits under the Policy, this definition includes:

- Inhalers (with spacers).
- Insulin.
- The following diabetic supplies:
 - standard insulin syringes with needles;
 - blood-testing strips - glucose;
 - urine-testing strips - glucose;
 - ketone-testing strips and tablets;
 - lancets and lancet devices; and
 - glucose monitors.

Prescription Order or Refill - the directive to dispense a Prescription Drug Product issued by a duly licensed health care provider whose scope of practice permits issuing such a directive.

Specialty Prescription Drug Product - Prescription Drug Products that are generally high cost, self-administered biotechnology drugs used to treat patients with certain illnesses. Specialty Prescription Drug Products include orally administered anticancer medications used to kill or slow the growth of cancerous cells. You may access a complete list of Specialty Prescription Drug Products through the Internet at www.myuhc.com or by calling *Customer Care* at the telephone number on your ID card.

Therapeutically Equivalent - when Prescription Drug Products have essentially the same efficacy and adverse effect profile.

Usual and Customary Charge - the usual fee that a pharmacy charges individuals for a Prescription Drug Product without reference to reimbursement to the pharmacy by third parties. The Usual and Customary Charge includes a dispensing fee and any applicable sales tax.

Gender Dysphoria Rider

UnitedHealthcare Insurance Company

This Rider to the Policy is issued to the Enrolling Group and provides Benefits for the treatment of Gender Dysphoria.

Because this Rider is part of a legal document (the group Policy), we want to give you information about the document that will help you understand it. Certain capitalized words have special meanings. We have defined these words in the *Certificate of Coverage (Certificate)* in *Section 9: Defined Terms* and in this Rider below.

When we use the words "we," "us," and "our" in this document, we are referring to UnitedHealthcare Insurance Company. When we use the words "you" and "your" we are referring to people who are Covered Persons, as the term is defined in the *Certificate* in *Section 9: Defined Terms*.

Section 1: Covered Health Services

The following provision is added to the Certificate, Section 1: Covered Health Services:

Gender Dysphoria

Benefits for the treatment of Gender Dysphoria are limited to the following services:

- Psychotherapy for Gender Dysphoria and associated co-morbid psychiatric diagnoses are provided as described under *Mental Health Services* in your *Certificate*.
- Cross-sex hormone therapy:
 - Cross-sex hormone therapy administered by a medical provider (for example during an office visit) is described under *Pharmaceutical Products - Outpatient* in your *Certificate*.
 - Cross-sex hormone therapy dispensed from a pharmacy is provided as described in the *Outpatient Prescription Drug Rider*.
 - Puberty suppressing medication is not cross-sex hormone therapy.
- Laboratory testing to monitor the safety of continuous cross-sex hormone therapy.
- Surgery for the treatment of Gender Dysphoria, including the surgeries listed below.

Male to Female:

- Clitoroplasty (creation of clitoris)
- Labiaplasty (creation of labia)
- Orchiectomy (removal of testicles)
- Penectomy (removal of penis)
- Urethroplasty (reconstruction of female urethra)
- Vaginoplasty (creation of vagina)

Female to Male:

- Bilateral mastectomy or breast reduction

- Hysterectomy (removal of uterus)
- Metoidioplasty (creation of penis, using clitoris)
- Penile prosthesis
- Phalloplasty (creation of penis)
- Salpingo-oophorectomy (removal of fallopian tubes and ovaries)
- Scrotoplasty (creation of scrotum)
- Testicular prosthesis
- Urethroplasty (reconstruction of male urethra)
- Vaginectomy (removal of vagina)
- Vulvectomy (removal of vulva)

Genital Surgery and Bilateral Mastectomy or Breast Reduction Surgery Documentation Requirements:

The Covered Person must provide documentation of the following for breast surgery:

- A written psychological assessment from at least one qualified behavioral health provider experienced in treating Gender Dysphoria. The assessment must document that the Covered Person meets all of the following criteria:
 - Persistent, well-documented Gender Dysphoria.
 - Capacity to make a fully informed decision and to consent for treatment.
 - Must be 18 years or older.
 - If significant medical or mental health concerns are present, they must be reasonably well controlled.

The Covered Person must provide documentation of the following for genital surgery:

- A written psychological assessment from at least two qualified behavioral health providers experienced in treating Gender Dysphoria, who have independently assessed the Covered Person. The assessment must document that the Covered Person meets all of the following criteria.
 - Persistent, well-documented Gender Dysphoria.
 - Capacity to make a fully informed decision and to consent for treatment.
 - Must 18 years or older.
 - If significant medical or mental health concerns are present, they must be reasonably well controlled.
 - Complete at least 12 months of successful continuous full-time real-life experience in the desired gender.
 - Complete 12 months of continuous cross-sex hormone therapy appropriate for the desired gender (unless medically contraindicated).

Schedule of Benefits

The provision below for Gender Dysphoria is added to the Schedule of Benefits and the following bulleted item is added to the Schedule of Benefits as a Covered Health Service which requires prior authorization under Covered Health Services which Require Prior Authorization:

- Gender Dysphoria treatment.

Covered Health Service	Benefit (The Amount We Pay, based on Eligible Expenses)	Apply to the Out-of-Pocket Maximum?	Must You Meet Annual Deductible?
Gender Dysphoria	Prior Authorization Requirement For Non-Network Benefits you must obtain prior authorization as soon as the possibility for any of the services listed above for Gender Dysphoria treatment arises. If you fail to obtain prior authorization as required, Benefits will be reduced to 50% of Eligible Expenses, however the reduction in Benefits will not exceed \$500. In addition, for Non-Network Benefits you must contact us 24 hours before admission for an Inpatient Stay.		
	Network Depending upon where the Covered Health Service is provided, Benefits will be the same as those stated under each Covered Health Service category in the <i>Schedule of Benefits</i> and in the <i>Outpatient Prescription Drug Rider</i>. Non-Network Depending upon where the Covered Health Service is provided, Benefits will be the same as those stated under each Covered Health Service category in the <i>Schedule of Benefits</i> and in the <i>Outpatient Prescription Drug Rider</i>.		

Section 2: Exclusions and Limitations

The exclusion for sex transformation operations and related services in the Certificate under Section 2: Exclusions and Limitations, Procedures and Treatments is deleted. In addition, the following exclusions apply:

- Cosmetic Procedures, including the following:
 - Abdominoplasty
 - Blepharoplasty
 - Breast enlargement, including augmentation mammoplasty and breast implants
 - Body contouring, such as lipoplasty
 - Brow lift
 - Calf implants

- Cheek, chin, and nose implants
- Injection of fillers or neurotoxins
- Face lift, forehead lift, or neck tightening
- Facial bone remodeling for facial feminizations
- Hair removal
- Hair transplantation
- Lip augmentation
- Lip reduction
- Liposuction
- Mastopexy
- Pectoral implants for chest masculinization
- Rhinoplasty
- Skin resurfacing
- Thyroid cartilage reduction; reduction thyroid chondroplasty; trachea shave (removal or reduction of the Adam's Apple)
- Voice modification surgery
- Voice lessons and voice therapy

Section 9: Defined Terms

The following definition of Gender Dysphoria is added to the Certificate under Section 9: Defined Terms:

Gender Dysphoria - a disorder characterized by the following diagnostic criteria classified in the current edition of the *Diagnostic and Statistical Manual of the American Psychiatric Association*:

- *Diagnostic criteria for adults and adolescents:*
 - A marked incongruence between one's experienced/expressed gender and assigned gender, of at least six months' duration, as manifested by at least two of the following:
 - A marked incongruence between one's experienced/expressed gender and primary and/or secondary sex characteristics (or in young adolescents, the anticipated secondary sex characteristics).
 - A strong desire to be rid of one's primary and/or secondary sex characteristics because of a marked incongruence with one's experienced/expressed gender or in young adolescents, a desire to prevent the development of the anticipated secondary sex characteristics).
 - A strong desire for the primary and/or secondary sex characteristics of the other gender.
 - A strong desire to be of the other gender (or some alternative gender different from one's assigned gender).
 - A strong desire to be treated as the other gender (or some alternative gender different from one's assigned gender).

- A strong conviction that one has the typical feelings and reactions of the other gender (or some alternative gender different from one's assigned gender).
- The condition is associated with clinically significant distress or impairment in social, occupational or other important areas of functioning.
- *Diagnostic criteria for children:*
 - A marked incongruence between one's experienced/expressed gender and assigned gender, of at least six months' duration, as manifested by at least six of the following (one of which must be criterion as shown in the first bullet below):
 - A strong desire to be of the other gender or an insistence that one is the other gender (or some alternative gender different from one's assigned gender).
 - In boys (assigned gender), a strong preference for cross-dressing or simulating female attire; or in girls (assigned gender), a strong preference for wearing only typical masculine clothing and a strong resistance to the wearing of typical feminine clothing.
 - A strong preference for cross-gender roles in make-believe play or fantasy play.
 - A strong preference for the toys, games or activities stereotypically used or engaged in by the other gender.
 - A strong preference for playmates of the other gender.
 - In boys (assigned gender), a strong rejection of typically masculine toys, games and activities and a strong avoidance of rough-and-tumble play; or in girls (assigned gender), a strong rejection of typically feminine toys, games and activities.
 - A strong dislike of one's sexual anatomy.
 - A strong desire for the primary and/or secondary sex characteristics that match one's experienced gender.
 - The condition is associated with clinically significant distress or impairment in social, school or other important areas of functioning.

Real Appeal Rider

UnitedHealthcare Insurance Company

This Rider to the Policy provides Benefits for virtual obesity counseling services for eligible Covered Persons through Real Appeal. There are no deductibles, Copayments or Coinsurance you must meet or pay for when receiving these services.

Real Appeal

Benefits are provided for Real Appeal, which provides a virtual lifestyle intervention for weight-related conditions to eligible Covered Persons. The goal is to help those at risk from obesity-related diseases. Real Appeal is designed to support Covered Persons 18 years of age or older.

This intensive, multi-component behavioral intervention provides 52 weeks of support. This support includes one-on-one coaching and online group participation with supporting video content, delivered by a live virtual coach. The experience will be personalized for each individual through an introductory online session.

These Covered Health Services will be individualized and may include, but are not limited to, the following:

- Virtual support and self-help tools: Personal one-on-one coaching, group support sessions, educational videos, tailored kits, integrated web platform and mobile applications.
- Education and training materials focused on goal setting, problem-solving skills, barriers and strategies to maintain changes.
- Behavioral change counseling by a specially trained coach for clinical weight loss.

If you would like additional information regarding these Covered Health Services, you may contact us through www.realappeal.com, <https://member.realappeal.com> or *Customer Care* at the number shown on your ID card.

Important Notices under the Patient Protection and Affordable Care Act (PPACA)

Changes in Federal Law that Impact Benefits

There are changes in Federal law which may impact coverage and Benefits stated in the *Certificate of Coverage (Certificate)* and *Schedule of Benefits*. A summary of those changes and the dates the changes are effective appear below.

Patient Protection and Affordable Care Act (PPACA)

Effective for policies that are new or renewing on or after September 23, 2010, the requirements listed below apply.

- Lifetime limits on the dollar amount of essential benefits available to you under the terms of your plan are no longer permitted. Essential benefits include the following:

Ambulatory patient services; emergency services; hospitalization; laboratory services; maternity and newborn care; mental health and substance use disorder services (including behavioral health treatment); prescription drugs; rehabilitative and habilitative services and devices; preventive and wellness services and chronic disease management; and pediatric services, including oral and vision care.
- On or before the first day of the first plan year beginning on or after September 23, 2010, the enrolling group will provide a 30 day enrollment period for those individuals who are still eligible under the plan's eligibility terms but whose coverage ended by reason of reaching a lifetime limit on the dollar value of all benefits.
- Essential benefits for plan years beginning prior to January 1, 2014 can only be subject to restricted annual limits. Restricted annual limits for each person covered under the plan may be no less than the following:
 - For plan or policy years beginning on or after September 23, 2010 but before September 23, 2011, \$750,000.
 - For plan or policy years beginning on or after September 23, 2011 but before September 23, 2012, \$1,250,000.
 - For plan or policy years beginning on or after September 23, 2012 but before January 1, 2014, \$2,000,000.

Please note that for plan years beginning on or after January 1, 2014, essential health benefits cannot be subject to annual or lifetime dollar limits.

- Coverage for enrolled dependent children is no longer conditioned upon full-time student status or other dependency requirements and will remain in place until the child's 26th birthday. If you have a grandfathered plan, the enrolling group is not required to extend coverage to age 26 if the child is eligible to enroll in an eligible employer-sponsored health plan (as defined by law). Under the *PPACA* a plan generally is "grandfathered" if it was in effect on March 23, 2010 and there are no substantial changes in the benefit design as described in the *Interim Final Rule on Grandfathered Health Plans at that time*.

On or before the first day of the first plan year beginning on or after September 23, 2010, the enrolling group will provide a 30 day dependent child special open enrollment period for dependent children who are not currently enrolled under the policy and who have not yet reached age 26.

During this dependent child special open enrollment period, subscribers who are adding a dependent child and who have a choice of coverage options will be allowed to change options.

- If your plan includes coverage for enrolled dependent children beyond the age of 26, which is conditioned upon full-time student status, the following applies:

Coverage for enrolled dependent children who are required to maintain full-time student status in order to continue eligibility under the policy is subject to the statute known as *Michelle's Law*. This law amends *ERISA*, the *Public Health Service Act*, and the *Internal Revenue Code* and requires group health plans, which provide coverage for dependent children who are post-secondary school students, to continue such coverage if the student loses the required student status because he or she must take a medically necessary leave of absence from studies due to a serious illness or injury.

- If you do not have a grandfathered plan, in-network benefits for preventive care services described below will be paid at 100%, and not subject to any deductible, coinsurance or copayment. If you have pharmacy benefit coverage, your plan may also be required to cover preventive care medications that are obtained at a network pharmacy at 100%, and not subject to any deductible, coinsurance or copayment, as required by applicable law under any of the following:
 - Evidence-based items or services that have in effect a rating of "A" or "B" in the current recommendations of the *United States Preventive Services Task Force*.
 - Immunizations that have in effect a recommendation from the *Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention*.
 - With respect to infants, children and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the *Health Resources and Services Administration*.
 - With respect to women, such additional preventive care and screenings as provided for in comprehensive guidelines supported by the *Health Resources and Services Administration*.
- Retroactive rescission of coverage under the policy is permitted, with 30 days advance written notice, only in the following two circumstances:
 - The individual performs an act, practice or omission that constitutes fraud.
 - The individual makes an intentional misrepresentation of a material fact.
- Other changes provided for under the *PPACA* do not impact your plan because your plan already contains these benefits. These include:
 - Direct access to OB/GYN care without a referral or authorization requirement.
 - The ability to designate a pediatrician as a primary care physician (PCP) if your plan requires a PCP designation.
 - Prior authorization is not required before you receive services in the emergency department of a hospital.

If you seek emergency care from out-of-network providers in the emergency department of a hospital your cost sharing obligations (copayments/coinsurance) will be the same as would be applied to care received from in-network providers.

Effective for policies that are new or renewing on or after January 1, 2014, the requirements listed below apply:

If your plan includes coverage for Clinical Trials, the following applies:

The clinical trial benefit has been modified to distinguish between clinical trials for cancer and other life threatening conditions and those for non-life threatening conditions. For trials for cancer/other life threatening conditions, routine patient costs now include those for covered individuals participating in a preventive clinical trial and Phase IV trials. This modification is optional for certain grandfathered health plans. Refer to your plan documents to determine if this modification has been made to your plan.

Some Important Information about Appeal and External Review Rights under PPACA

If you are enrolled in a non-grandfathered plan with an effective date or plan year anniversary on or after September 23, 2010, the *Patient Protection and Affordable Care Act of 2010 (PPACA)*, as amended, sets forth new and additional internal appeal and external review rights beyond those that some plans may have previously offered. Also, certain grandfathered plans are complying with the additional internal appeal and external review rights provisions on a voluntary basis. Please refer to your benefit plan documents, including amendments and notices, or speak with your employer or UnitedHealthcare for more information on the appeal rights available to you. (Also, please refer to the *Claims and Appeal Notice* section of this document.)

What if I receive a denial, and need help understanding it? Please call UnitedHealthcare at the number listed on the back of your health plan ID card.

What if I don't agree with the denial? You have a right to appeal any decision to not pay for an item or service.

How do I file an appeal? The initial denial letter or *Explanation of Benefits* that you receive from UnitedHealthcare will give you the information and the timeframe to file an appeal.

What if my situation is urgent? If your situation is urgent, your review will be conducted as quickly as possible. If you believe your situation is urgent, you may request an expedited review, and, if applicable, file an external review at the same time. For help call UnitedHealthcare at the number listed on the back of your health plan ID card.

Generally, an urgent situation is when your health may be in serious jeopardy. Or when, in the opinion of your doctor, you may be experiencing severe pain that cannot be adequately controlled while you wait for a decision on your appeal.

Who may file an appeal? Any member or someone that member names to act as an authorized representative may file an appeal. For help call UnitedHealthcare at the number listed on the back of your health plan ID card.

Can I provide additional information about my claim? Yes, you may give us additional information supporting your claim. Send the information to the address provided in the initial denial letter or *Explanation of Benefits*.

Can I request copies of information relating to my claim? Yes. There is no cost to you for these copies. Send your request to the address provided in the initial denial letter or *Explanation of Benefits*.

What happens if I don't agree with the outcome of my appeal? If you appeal, we will review our decision. We will also send you our written decision within the time allowed. If you do not agree with the decision, you may be able to request an external review of your claim by an independent third party. If so, they will review the denial and issue a final decision.

If I need additional help, what should I do? For questions on your appeal rights, you may call UnitedHealthcare at the number listed on the back of your health plan ID card for assistance. You may also contact the support groups listed below.

Are verbal translation services available to me during an appeal? Yes. Contact UnitedHealthcare at the number listed on the back of your health plan ID card. Ask for verbal translation services for your questions.

Is there other help available to me? For questions about appeal rights, an unfavorable benefit decision, or for help, you may also contact the *Employee Benefits Security Administration* at 1-866-444-EBSA (3272). Your state consumer assistance program may also be able to help you. (<http://www.dol.gov/ebsa/healthreform/> -click link for Consumer Assistance Programs)

For information on appeals and other *PPACA* regulations, visit www.healthcare.gov.

If your plan includes coverage for Mental Health or Substance Use, the following applies:

Mental Health/Substance Use Disorder Parity

Effective for Policies that are new or renewing on or after July 1, 2010, Benefits are subject to final regulations supporting the *Mental Health Parity and Addiction Equity Act of 2008 (MHPAEA)*. Benefits for mental health conditions and substance use disorder conditions that are Covered Health Services under the Policy must be treated in the same manner and provided at the same level as Covered Health Services for the treatment of other Sickness or Injury. Benefits for Mental Health Services and Substance Use Disorder Services are not subject to any annual maximum benefit limit (including any day, visit or dollar limit).

MHPAEA requires that the financial requirements for coinsurance and copayments for mental health and substance use disorder conditions must be no more restrictive than those coinsurance and copayment requirements for substantially all medical/surgical benefits. *MHPAEA* requires specific testing to be applied to classifications of benefits to determine the impact of these financial requirements on mental health and substance use disorder benefits. Based upon the results of that testing, it is possible that coinsurance or copayments that apply to mental health conditions and substance use disorder conditions in your benefit plan may be reduced.

Women's Health and Cancer Rights Act of 1998

As required by the *Women's Health and Cancer Rights Act of 1998*, Benefits under the Policy are provided for mastectomy, including reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy (including lymphedema).

If you are receiving Benefits in connection with a mastectomy, Benefits are also provided for the following Covered Health Services, as you determine appropriate with your attending Physician:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance; and
- Prostheses and treatment of physical complications of the mastectomy, including lymphedema.

The amount you must pay for such Covered Health Services (including Copayments, Coinsurance and any Annual Deductible) are the same as are required for any other Covered Health Service. Limitations on Benefits are the same as for any other Covered Health Service.

Statement of Rights under the Newborns' and Mothers' Health Protection Act

Under Federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict Benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the plan or issuer may pay for a shorter stay if the attending provider (e.g. your Physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under Federal law, plans and issuers may not set the level of Benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under Federal law, require that a Physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain providers or facilities, or to reduce your out-of-pocket costs, you may be required to obtain precertification. For information on precertification, contact your issuer.

Claims and Appeal Notice

This Notice is provided to you in order to describe our responsibilities under Federal law for making benefit determinations and your right to appeal adverse benefit determinations. To the extent that state law provides you with more generous timelines or opportunities for appeal, those rights also apply to you. Please refer to your benefit documents for information about your rights under state law.

Benefit Determinations

Post-service Claims

Post-service claims are those claims that are filed for payment of Benefits after medical care has been received. If your post-service claim is denied, you will receive a written notice from us within 30 days of receipt of the claim, as long as all needed information was provided with the claim. We will notify you within this 30 day period if additional information is needed to process the claim, and may request a one time extension not longer than 15 days and pend your claim until all information is received.

Once notified of the extension, you then have 45 days to provide this information. If all of the needed information is received within the 45-day time frame, and the claim is denied, we will notify you of the denial within 15 days after the information is received. If you don't provide the needed information within the 45-day period, your claim will be denied.

A denial notice will explain the reason for denial, refer to the part of the plan on which the denial is based, and provide the claim appeal procedures.

If you have prescription drug Benefits and are asked to pay the full cost of a prescription when you fill it at a retail or mail-order pharmacy, and if you believe that it should have been paid under the Policy, you may submit a claim for reimbursement in accordance with the applicable claim filing procedures. If you pay a Copayment and believe that the amount of the Copayment was incorrect, you also may submit a claim for reimbursement in accordance with the applicable claim filing procedures. When you have filed a claim, your claim will be treated under the same procedures for post-service group health plan claims as described in this section.

Pre-service Requests for Benefits

Pre-service requests for Benefits are those requests that require notification or approval prior to receiving medical care. If you have a pre-service request for Benefits, and it was submitted properly with all needed information, we will send you written notice of the decision from us within 15 days of receipt of the request. If you filed a pre-service request for Benefits improperly, we will notify you of the improper filing and how to correct it within five days after the pre-service request for Benefits was received. If additional information is needed to process the pre-service request, we will notify you of the information needed within 15 days after it was received, and may request a one time extension not longer than 15 days and pend your request until all information is received. Once notified of the extension you then have 45 days to provide this information. If all of the needed information is received within the 45-day time frame, we will notify you of the determination within 15 days after the information is received. If you don't provide the needed information within the 45-day period, your request for Benefits will be denied. A denial notice will explain the reason for denial, refer to the part of the plan on which the denial is based, and provide the appeal procedures.

If you have prescription drug Benefits and a retail or mail order pharmacy fails to fill a prescription that you have presented, you may file a pre-service health request for Benefits in accordance with the applicable claim filing procedure. When you have filed a request for Benefits, your request will be treated under the same procedures for pre-service group health plan requests for Benefits as described in this section.

Urgent Requests for Benefits that Require Immediate Attention

Urgent requests for Benefits are those that require notification or a benefit determination prior to receiving medical care, where a delay in treatment could seriously jeopardize your life or health, or the ability to regain maximum function or, in the opinion of a Physician with knowledge of your medical condition, could cause severe pain. In these situations, you will receive notice of the benefit determination in writing or electronically within 72 hours after we receive all necessary information, taking into account the seriousness of your condition.

If you filed an urgent request for Benefits improperly, we will notify you of the improper filing and how to correct it within 24 hours after the urgent request was received. If additional information is needed to process the request, we will notify you of the information needed within 24 hours after the request was received. You then have 48 hours to provide the requested information.

You will be notified of a benefit determination no later than 48 hours after:

- Our receipt of the requested information; or
- The end of the 48-hour period within which you were to provide the additional information, if the information is not received within that time.

A denial notice will explain the reason for denial, refer to the part of the plan on which the denial is based, and provide the claim appeal procedures.

Concurrent Care Claims

If an on-going course of treatment was previously approved for a specific period of time or number of treatments, and your request to extend the treatment is an urgent request for Benefits as defined above, your request will be decided within 24 hours, provided your request is made at least 24 hours prior to the end of the approved treatment. We will make a determination on your request for the extended treatment within 24 hours from receipt of your request.

If your request for extended treatment is not made at least 24 hours prior to the end of the approved treatment, the request will be treated as an urgent request for Benefits and decided according to the timeframes described above. If an on-going course of treatment was previously approved for a specific period of time or number of treatments, and you request to extend treatment in a non-urgent circumstance, your request will be considered a new request and decided according to post-service or pre-service timeframes, whichever applies.

Questions or Concerns about Benefit Determinations

If you have a question or concern about a benefit determination, you may informally contact our *Customer Care* department before requesting a formal appeal. If the *Customer Care* representative cannot resolve the issue to your satisfaction over the phone, you may submit your question in writing. However, if you are not satisfied with a benefit determination as described above, you may appeal it as described below, without first informally contacting a *Customer Care* representative. If you first informally contact our *Customer Care* department and later wish to request a formal appeal in writing, you should again contact *Customer Care* and request an appeal. If you request a formal appeal, a *Customer Care* representative will provide you with the appropriate address.

If you are appealing an urgent claim denial, please refer to *Urgent Appeals that Require Immediate Action* below and contact our *Customer Care* department immediately.

How to Appeal a Claim Decision

If you disagree with a pre-service request for Benefits determination or post-service claim determination or a rescission of coverage determination after following the above steps, you can contact us in writing to formally request an appeal.

Your request should include:

- The patient's name and the identification number from the ID card.
- The date(s) of medical service(s).
- The provider's name.
- The reason you believe the claim should be paid.
- Any documentation or other written information to support your request for claim payment.

Your first appeal request must be submitted to us within 180 days after you receive the claim denial.

Appeal Process

A qualified individual who was not involved in the decision being appealed will be appointed to decide the appeal. If your appeal is related to clinical matters, the review will be done in consultation with a health care professional with appropriate expertise in the field, who was not involved in the prior determination. We may consult with, or seek the participation of, medical experts as part of the appeal resolution process. You consent to this referral and the sharing of pertinent medical claim information through the submission of your appeal. Upon request and free of charge, you have the right to reasonable access to and copies of all documents, records, and other information relevant to your claim for Benefits. In addition, if any new or additional evidence is relied upon or generated by us during the determination of the appeal, we will provide it to you free of charge and sufficiently in advance of the due date of the response to the adverse benefit determination.

Appeals Determinations

Pre-service Requests for Benefits and Post-service Claim Appeals

You will be provided written or electronic notification of the decision on your appeal as follows:

- For appeals of pre-service requests for Benefits as identified above, the first level appeal will be conducted and you will be notified of the decision within 15 days from receipt of a request for appeal of a denied request for Benefits. The second level appeal will be conducted and you will be notified of the decision within 15 days from receipt of a request for review of the first level appeal decision.
- For appeals of post-service claims as identified above, the first level appeal will be conducted and you will be notified of the decision within 30 days from receipt of a request for appeal of a denied claim. The second level appeal will be conducted and you will be notified of the decision within 30 days from receipt of a request for review of the first level appeal decision.

For procedures associated with urgent requests for Benefits, see *Urgent Appeals that Require Immediate Action* below.

If you are not satisfied with the first level appeal decision, you have the right to request a second level appeal. Your second level appeal request must be submitted to us within 60 days from receipt of the first level appeal decision.

Please note that our decision is based only on whether or not Benefits are available under the Policy for the proposed treatment or procedure. The decision to obtain the proposed treatment or procedure regardless of our decision is between you and your Physician.

Urgent Appeals that Require Immediate Action

Your appeal may require immediate action if a delay in treatment could significantly increase the risk to your health, or the ability to regain maximum function, or cause severe pain. In these urgent situations:

- The appeal does not need to be submitted in writing. You or your Physician should call us as soon as possible.
- We will provide you with a written or electronic determination within 72 hours following receipt of your request for review of the determination, taking into account the seriousness of your condition.

Health Plan Notices of Privacy Practices

Medical Information Privacy Notice

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION.

PLEASE REVIEW IT CAREFULLY.

Effective September 23, 2013

We¹ are required by law to protect the privacy of your health information. We are also required to send you this notice, which explains how we may use information about you and when we can give out or "disclose" that information to others. You also have rights regarding your health information that are described in this notice. We are required by law to abide by the terms of this notice.

The terms "information" or "health information" in this notice include any information we maintain that reasonably can be used to identify you and that relates to your physical or mental health condition, the provision of health care to you, or the payment for such health care. We will comply with the requirements of applicable privacy laws relating to notifying you in the event of a breach of your health information.

We have the right to change our privacy practices and the terms of this notice. If we make a material change to our privacy practices, we will provide to you, in our next annual distribution, either a revised notice or information about the material change and how to obtain a revised notice. We will provide you with this information either by direct mail or electronically in accordance with applicable law. In all cases, we will post the revised notice on your health plan website such as www.myuhc.com or www.uhcwest.com. We reserve the right to make any revised or changed notice effective for information we already have and for information that we receive in the future.

UnitedHealth Group collects and maintains oral, written and electronic information to administer our business and to provide products, services and information of importance to our enrollees. We maintain physical, electronic and procedural security safeguards in the handling and maintenance of our enrollee's information, in accordance with applicable state and federal standards, to protect against risks such as loss, destruction or misuse.

X

How We Use or Disclose Information

We must use and disclose your health information to provide that information:

- To you or someone who has the legal right to act for you (your personal representative) in order to administer your rights as described in this notice; and
- To the *Secretary of the Department of Health and Human Services*, if necessary, to make sure your privacy is protected.

We have the right to use and disclose health information for your treatment, to pay for your health care and to operate our business. For example, we may use or disclose your health information:

- **For Payment** of premiums due us, to determine your coverage, and to process claims for health care services you receive, including for subrogation or coordination of other benefits you may have. For example, we may tell a doctor whether you are eligible for coverage and what percentage of the bill may be covered.
- **For Treatment.** We may use or disclose health information to aid in your treatment or the coordination of your care. For example, we may disclose information to your physicians or hospitals to help them provide medical care to you.
- **For Health Care Operations.** We may use or disclose health information as necessary to operate and manage our business activities related to providing and managing your health care coverage. For example, we might talk to your physician to suggest a disease management or wellness program that could help improve your health or we may analyze data to determine how we can improve our services.
- **To Provide You Information on Health Related Programs or Products** such as alternative medical treatments and programs or about health-related products and services, subject to limits imposed by law.
- **For Plan Sponsors.** If your coverage is through an employer sponsored group health plan, we may share summary health information and enrollment and disenrollment information with the plan sponsor. In addition, we may share other health information with the plan sponsor for plan administration if the plan sponsor agrees to special restrictions on its use and disclosure of the information in accordance with federal law.
- **For Underwriting Purposes.** We may use or disclose your health information for underwriting purposes; however, we will not use or disclose your genetic information for such purposes.
- **For Reminders.** We may use or disclose health information to send you reminders about your benefits or care, such as appointment reminders with providers who provide medical care to you.

We may use or disclose your health information for the following purposes under limited circumstances:

- **As Required by Law.** We may disclose information when required to do so by law.
- **To Persons Involved With Your Care.** We may use or disclose your health information to a person involved in your care or who helps pay for your care, such as a family member, when you are incapacitated or in an emergency, or when you agree or fail to object when given the opportunity. If you are unavailable or unable to object, we will use our best judgment to decide if the disclosure is in your best interests. Special rules apply regarding when we may disclose health information to family members and others involved in a deceased individual's care. We may disclose health information to any persons involved, prior to the death, in the care or payment for care of a deceased individual, unless we are aware that doing so would be inconsistent with a preference previously expressed by the deceased.

- **For Public Health Activities** such as reporting or preventing disease outbreaks to a public health authority.
- **For Reporting Victims of Abuse, Neglect or Domestic Violence** to government authorities that are authorized by law to receive such information, including a social service or protective service agency.
- **For Health Oversight Activities** to a health oversight agency for activities authorized by law, such as licensure, governmental audits and fraud and abuse investigations.
- **For Judicial or Administrative Proceedings** such as in response to a court order, search warrant or subpoena.
- **For Law Enforcement Purposes.** We may disclose your health information to a law enforcement official for purposes such as providing limited information to locate a missing person or report a crime.
- **To Avoid a Serious Threat to Health or Safety** to you, another person, or the public, by, for example, disclosing information to public health agencies or law enforcement authorities, or in the event of an emergency or natural disaster.
- **For Specialized Government Functions** such as military and veteran activities, national security and intelligence activities, and the protective services for the President and others.
- **For Workers' Compensation** as authorized by, or to the extent necessary to comply with, state workers compensation laws that govern job-related injuries or illness.
- **For Research Purposes** such as research related to the evaluation of certain treatments or the prevention of disease or disability, if the research study meets privacy law requirements.
- **To Provide Information Regarding Decedents.** We may disclose information to a coroner or medical examiner to identify a deceased person, determine a cause of death, or as authorized by law. We may also disclose information to funeral directors as necessary to carry out their duties.
- **For Organ Procurement Purposes.** We may use or disclose information to entities that handle procurement, banking or transplantation of organs, eyes or tissue to facilitate donation and transplantation.
- **To Correctional Institutions or Law Enforcement Officials** if you are an inmate of a correctional institution or under the custody of a law enforcement official, but only if necessary (1) for the institution to provide you with health care; (2) to protect your health and safety or the health and safety of others; or (3) for the safety and security of the correctional institution.
- **To Business Associates** that perform functions on our behalf or provide us with services if the information is necessary for such functions or services. Our business associates are required, under contract with us, to protect the privacy of your information and are not allowed to use or disclose any information other than as specified in our contract.
- **Additional Restrictions on Use and Disclosure.** Certain federal and state laws may require special privacy protections that restrict the use and disclosure of certain health information, including highly confidential information about you. "Highly confidential information" may include confidential information under Federal laws governing alcohol and drug abuse information and genetic information as well as state laws that often protect the following types of information:
 - 1. HIV/AIDS;
 - 2. Mental health;
 - 3. Genetic tests;

- 4. Alcohol and drug abuse;
- 5. Sexually transmitted diseases and reproductive health information; and
- 6. Child or adult abuse or neglect, including sexual assault.

If a use or disclosure of health information described above in this notice is prohibited or materially limited by other laws that apply to us, it is our intent to meet the requirements of the more stringent law. Attached to this notice is a "Federal and State Amendments" document.

Except for uses and disclosures described and limited as set forth in this notice, we will use and disclose your health information only with a written authorization from you. This includes, except for limited circumstances allowed by federal privacy law, not using or disclosing psychotherapy notes about you, selling your health information to others, or using or disclosing your health information for certain promotional communications that are prohibited marketing communications under federal law, without your written authorization. Once you give us authorization to release your health information, we cannot guarantee that the recipient to whom the information is provided will not disclose the information. You may take back or "revoke" your written authorization at any time in writing, except if we have already acted based on your authorization. To find out where to mail your written authorization and how to revoke an authorization, contact the phone number listed on the back of your ID card.

What Are Your Rights

The following are your rights with respect to your health information:

- **You have the right to ask to restrict** uses or disclosures of your information for treatment, payment, or health care operations. You also have the right to ask to restrict disclosures to family members or to others who are involved in your health care or payment for your health care. We may also have policies on dependent access that authorize your dependents to request certain restrictions. **Please note that while we will try to honor your request and will permit requests consistent with our policies, we are not required to agree to any restriction.**
- **You have the right to ask to receive confidential communications** of information in a different manner or at a different place (for example, by sending information to a P.O. Box instead of your home address). We will accommodate reasonable requests where a disclosure of all or part of your health information otherwise could endanger you. In certain circumstances, we will accept your verbal request to receive confidential communications, however, we may also require you confirm your request in writing. In addition, any requests to modify or cancel a previous confidential communication request must be made in writing. Mail your request to the address listed below.
- **You have the right to see and obtain a copy** of certain health information we maintain about you such as claims and case or medical management records. If we maintain your health information electronically, you will have the right to request that we send a copy of your health information in an electronic format to you. You can also request that we provide a copy of your information to a third party that you identify. In some cases you may receive a summary of this health information. You must make a written request to inspect and copy your health information or have your information sent to a third party. Mail your request to the address listed below. In certain limited circumstances, we may deny your request to inspect and copy your health information. If we deny your request, you may have the right to have the denial reviewed. We may charge a reasonable fee for any copies.
- **You have the right to ask to amend** certain health information we maintain about you such as claims and case or medical management records, if you believe the health information about you is wrong or incomplete. Your request must be in writing and provide the reasons for the requested amendment. Mail your request to the address listed below. If we deny your request, you may have a statement of your disagreement added to your health information.

- **You have the right to receive an accounting** of certain disclosures of your information made by us during the six years prior to your request. This accounting will not include disclosures of information made: (i) for treatment, payment, and health care operations purposes; (ii) to you or pursuant to your authorization; and (iii) to correctional institutions or law enforcement officials; and (iv) other disclosures for which federal law does not require us to provide an accounting.
- **You have the right to a paper copy of this notice.** You may ask for a copy of this notice at any time. Even if you have agreed to receive this notice electronically, you are still entitled to a paper copy of this notice. You also may obtain a copy of this notice on your health plan website, such as www.myuhc.com or www.uhcwest.com.

Exercising Your Rights

- **Contacting your Health Plan.** If you have any questions about this notice or want information about exercising your rights, please call the toll-free member phone number on the back of your health plan ID card or you may contact the *UnitedHealth Group Customer Call Center Representative* at 866-633-2446.
- **Submitting a Written Request.** Mail to us your written requests to exercise any of your rights, including modifying or cancelling a confidential communication, for copies of your records, or requesting amendments to your record, at the following address:

UnitedHealthcare
Customer Service - Privacy Unit
PO Box 740815
Atlanta, GA 30374-0815

- **Filing a Complaint.** If you believe your privacy rights have been violated, you may file a complaint with us at the address listed above.

You may also notify the Secretary of the U.S. Department of Health and Human Services of your complaint. We will not take any action against you for filing a complaint.

¹This Medical Information Notice of Privacy Practices applies to the following health plans that are affiliated with UnitedHealth Group: ACN Group of California, Inc.; All Savers Insurance Company; All Savers Life Insurance Company of California; AmeriChoice of Connecticut, Inc.; AmeriChoice of Georgia, Inc.; AmeriChoice of New Jersey, Inc.; Arizona Physicians IPA, Inc.; Care Improvement Plus of Maryland, Inc.; Care Improvement Plus of Texas Insurance Company; Care Improvement Plus South Central Insurance Company; Care Improvement Plus Wisconsin Insurance Company; Citrus Health Care, Inc.; Dental Benefit Providers of California, Inc.; Dental Benefit Providers of Illinois, Inc.; Evercare of Arizona, Inc.; Golden Rule Insurance Company; Health Plan of Nevada, Inc.; MAMSI Life and Health Insurance Company; MD - Individual Practice Association, Inc.; Medical Health Plans of Florida, Inc.; Medica HealthCare Plans, Inc.; Midwest Security Life Insurance Company; National Pacific Dental, Inc.; Neighborhood Health Partnership, Inc.; Nevada Pacific Dental; Optimum Choice, Inc.; Oxford Health Insurance, Inc.; Oxford Health Plans (CT), Inc.; Oxford Health Plans (NJ), Inc.; Oxford Health Plans (NY), Inc.; PacifiCare Life and Health Insurance Company; PacifiCare Life Assurance Company; PacifiCare of Arizona, Inc.; PacifiCare of Colorado, Inc.; PacifiCare of Nevada, Inc.; Physicians Health Choice of New York, Inc.; Physicians Health Choice of Texas, LLC; Preferred Partners, Inc.; Sierra Health and Life Insurance Company, Inc.; UHC of California; U.S. Behavioral Health Plan, California; Unimerica Insurance Company; Unimerica Life Insurance Company of New York; Unison Health Plan of Delaware, Inc.; Unison Health Plan of the Capital Area, Inc.; United Behavioral Health; UnitedHealthcare Benefits of Texas, Inc.; UnitedHealthcare Community Plan, Inc.; UnitedHealthcare Community Plan of Texas, L.L.C.; UnitedHealthcare Insurance Company; UnitedHealthcare Insurance Company of Illinois; UnitedHealthcare Insurance Company of New York; UnitedHealthcare Insurance Company of the River Valley; UnitedHealthcare Life Insurance Company; UnitedHealthcare of Alabama, Inc.; UnitedHealthcare

of Arizona, Inc.; UnitedHealthcare of Arkansas, Inc.; UnitedHealthcare of Colorado, Inc.; UnitedHealthcare of Florida, Inc.; UnitedHealthcare of Georgia, Inc.; UnitedHealthcare of Illinois, Inc.; UnitedHealthcare of Kentucky, Ltd.; UnitedHealthcare of Louisiana, Inc.; UnitedHealthcare of Mid-Atlantic, Inc.; UnitedHealthcare of the Midlands, Inc.; UnitedHealthcare of the Midwest, Inc.; United HealthCare of Mississippi, Inc.; UnitedHealthcare of New England, Inc.; UnitedHealthcare of New Mexico, Inc.; UnitedHealthcare of New York, Inc.; UnitedHealthcare of North Carolina, Inc.; UnitedHealthcare of Ohio, Inc.; UnitedHealthcare of Oklahoma, Inc.; UnitedHealthcare of Oregon, Inc.; UnitedHealthcare of Pennsylvania, Inc.; UnitedHealthcare of Texas, Inc.; UnitedHealthcare of Utah, Inc.; UnitedHealthcare of Washington, Inc.; UnitedHealthcare of Wisconsin, Inc.; UnitedHealthcare Plan of the River Valley, Inc.

Financial Information Privacy Notice

THIS NOTICE DESCRIBES HOW FINANCIAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION.

PLEASE REVIEW IT CAREFULLY.

Effective September 23, 2013

We² are committed to maintaining the confidentiality of your personal financial information. For the purposes of this notice, "personal financial information" means information, other than health information, about an enrollee or an applicant for health care coverage that identifies the individual, is not generally publicly available and is collected from the individual or is obtained in connection with providing health care coverage to the individual.

Information We Collect

We collect personal financial information about you from the following sources:

- Information we receive from you on applications or other forms, such as name, address, age, medical information and *Social Security* number;
- Information about your transactions with us, our affiliates or others, such as premium payment and claims history; and
- Information from consumer reports.

Disclosure of Information

We do not disclose personal financial information about our enrollees or former enrollees to any third party, except as required or permitted by law. For example, in the course of our general business practices, we may, as permitted by law, disclose any of the personal financial information that we collect about you without your authorization, to the following types of institutions:

- To our corporate affiliates, which include financial service providers, such as other insurers, and non-financial companies, such as data processors;
- To nonaffiliated companies for our everyday business purposes, such as to process your transactions, maintain your account(s), or respond to court orders and legal investigations; and
- To nonaffiliated companies that perform services for us, including sending promotional communications on our behalf.

Confidentiality and Security

We maintain physical, electronic and procedural safeguards in accordance with applicable state and federal standards to protect your personal financial information against risks such as loss, destruction or misuse. These measures include computer safeguards, secured files and buildings, and restrictions on who may access your personal financial information.

Questions about this Notice

If you have any questions about this notice, please call the toll-free member phone number on the back of your health plan ID card or contact the *UnitedHealth Group Customer Call Center* at 866-633-2446.

²For purposes of this Financial Information Privacy Notice, "we" or "us" refers to the entities listed in footnote 1, beginning on page XV of the Health Plan Notices of Privacy Practices, plus the following UnitedHealthcare affiliates: AmeriChoice Health Services, Inc.; DCG Resource Options, LLC; Dental Benefit Providers, Inc.; HealthAllies, Inc.; MAMSI Insurance Resources, LLC; Managed Physical Network,

Inc.; OneNet PPO, LLC; Oxford Benefit Management, Inc.; Oxford Health Plans LLC; ProcessWorks, Inc.; Spectera, Inc.; UMR, Inc.; Unison Administrative Services, LLC; United Behavioral Health of New York I.P.A., Inc.; United HealthCare Services, Inc.; UnitedHealth Advisors, LLC; UnitedHealthcare Service LLC; UnitedHealthcare Services Company of the River Valley, Inc.; UnitedHealthOne Agency, Inc. This Financial Information Privacy Notice only applies where required by law. Specifically, it does not apply to (1) health care insurance products offered in Nevada by Health Plan of Nevada, Inc. and Sierra Health and Life Insurance Company, Inc.; or (2) other UnitedHealth Group health plans in states that provide exceptions for HIPAA covered entities or health insurance products.

UnitedHealth Group

Health Plan Notice of Privacy Practices: Federal and State Amendments

Revised: June 30, 2013

The first part of this Notice, which provides our privacy practices for Medical Information, describes how we may use and disclose your health information under federal privacy rules. There are other laws that may limit our rights to use and disclose your health information beyond what we are allowed to do under the federal privacy rules. The purpose of the charts below is to:

- Show the categories of health information that are subject to these more restrictive laws; and
- Give you a general summary of when we can use and disclose your health information without your consent.

If your written consent is required under the more restrictive laws, the consent must meet the particular rules of the applicable federal or state law.

Summary of Federal Laws

Alcohol & Drug Abuse Information
We are allowed to use and disclose alcohol and drug abuse information that is protected by federal law only (1) in certain limited circumstances, and/or disclose only (2) to specific recipients.
Genetic Information
We are not allowed to use genetic information for underwriting purposes.

Summary of State Laws

General Health Information	
We are allowed to disclose general health information only (1) under certain limited circumstances, and /or (2) to specific recipients.	CA, NE, PR, RI, VT, WA, WI
HMOs must give enrollees an opportunity to approve or refuse disclosures, subject to certain exceptions.	KY
You may be able to restrict certain electronic disclosures of such health information.	NC, NV
We are not allowed to use health information for certain purposes.	CA, IA
We will not use and/or disclose information regarding certain public assistance programs except for certain purposes.	MO, NJ, SD
Prescriptions	
We are allowed to disclose prescription-related information only (1) under certain limited	ID, NH, NV

circumstances, and /or (2) to specific recipients.	
Communicable Diseases	
We are allowed to disclose communicable disease information only (1) under certain limited circumstances, and /or (2) to specific recipients.	AZ, IN, KS, MI, NV, OK
Sexually Transmitted Diseases and Reproductive Health	
We are allowed to disclose sexually transmitted disease and/or reproductive health information only (1) under certain limited circumstances and/or (2) to specific recipients.	CA, FL, IN, KS, MI, MT, NJ, NV, PR, WA, WY
Alcohol and Drug Abuse	
We are allowed to use and disclose alcohol and drug abuse information (1) under certain limited circumstances, and/or disclose only (2) to specific recipients.	CT, GA, KY, IL, IN, IA, LA, MN, NC, NH, WA, WI
Disclosures of alcohol and drug abuse information may be restricted by the individual who is the subject of the information.	WA
Genetic Information	
We are not allowed to disclose genetic information without your written consent.	CA, CO, IL, KS, KY, LA, NY, RI, TN, WY
We are allowed to disclose genetic information only (1) under certain limited circumstances and/or (2) to specific recipients.	AK, AZ, FL, GA, IA, MD, MA, MO, NJ, NV, NH, NM, OR, RI, TX, UT, VT
Restrictions apply to (1) the use, and/or (2) the retention of genetic information.	FL, GA, IA, LA, MD, NM, OH, UT, VA, VT
HIV / AIDS	
We are allowed to disclose HIV/AIDS-related information only (1) under certain limited circumstances and/or (2) to specific recipients.	AZ, AR, CA, CT, DE, FL, GA, IA, IL, IN, KS, KY, ME, MI, MO, MT, NH, NM, NV, NY, NC, OR, PA, PR, RI, TX, VT, WA, WV, WI, WY
Certain restrictions apply to oral disclosures of HIV/AIDS-related information.	CT, FL
Mental Health	
We are allowed to disclose mental health information only (1) under certain limited circumstances and/or (2) to specific recipients.	CA, CT, DC, IA, IL, IN, KY, MA, MI, NC, NM, PR, TN, WA, WI
Disclosures may be restricted by the individual who is the subject of the information.	WA
Certain restrictions apply to oral disclosures of mental health information.	CT

Certain restrictions apply to the use of mental health information.	ME
Child or Adult Abuse	
We are allowed to use and disclose child and/or adult abuse information only (1) under certain limited circumstances, and/or disclose only (2) to specific recipients.	AL, CO, IL, LA, NE, NJ, NM, RI, TN, TX, UT, WI

XX

Statement of Employee Retirement Income Security Act of 1974 (ERISA) Rights

As a participant in the plan, you are entitled to certain rights and protections under the *Employee Retirement Income Security Act of 1974 (ERISA)*.

Receive Information about Your Plan and Benefits

You are entitled to examine, without charge, at the Plan Administrator's office and at other specified locations, such as worksites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the *U.S. Department of Labor* and available at the *Public Disclosure Room* of the *Employee Benefits Security Administration*.

You are entitled to obtain, upon written request to the Plan Administrator, copies of documents governing the operation of the plan, including insurance contracts and collective bargaining agreements, and copies of the latest annual report (Form 5500 Series) and updated *Summary Plan Description*. The Plan Administrator may make a reasonable charge for the copies.

Continue Group Health Plan Coverage

You are entitled to continue health care coverage for yourself, spouse or Dependents if there is a loss of coverage under the plan as a result of a qualifying event. You or your Dependents may have to pay for such coverage. The Plan Sponsor is responsible for providing you notice of your *Consolidated Omnibus Budget Reconciliation Act (COBRA)* continuation rights. Review the *Summary Plan Description* and the documents governing the plan on the rules governing your *COBRA* continuation coverage rights.

You are entitled to a reduction or elimination of exclusionary periods of coverage for preexisting conditions under your group health plan, if you have creditable coverage from another group health plan. You should be provided a certificate of creditable coverage, in writing, free of charge, from your group health plan or health insurance issuer when you lose coverage under the plan, when you become entitled to elect *COBRA* continuation coverage, when your *COBRA* continuation coverage ceases, if you request it before losing coverage, or if you request it up to 24 months after losing coverage. You may request a certificate of creditable coverage by calling the number on the back of your ID card. Without evidence of creditable coverage, you may be subject to a preexisting condition exclusion for 12 months (18 months for late enrollees) after your enrollment date in your coverage.

Prudent Actions by Plan Fiduciaries

In addition to creating rights for plan participants, *ERISA* imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate your plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of you and other plan participants and beneficiaries. No one, including your employer, your union, or any other person may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under *ERISA*.

Enforce Your Rights

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules. Under *ERISA*, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a Federal court. In such a case, the court may require the Plan Administrator to provide the materials and pay you up to \$110 a day until you receive the

materials, unless the materials were not sent because of reasons beyond the control of the Plan Administrator. If you have a claim for Benefits which is denied or ignored, in whole or in part, you may file suit in a state or Federal court. In addition, if you disagree with the plan's decision or lack thereof concerning the qualified status of a domestic relations order or a medical child support order, you may file suit in Federal court. If it should happen that plan fiduciaries misuse the plan's money, or if you are discriminated against for asserting your rights, you may seek assistance from the *U.S. Department of Labor*, or you may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds your claim is frivolous.

Assistance with Your Questions

If you have any questions about your plan, you should contact the Plan Administrator. If you have any questions about this statement or about your rights under *ERISA*, or if you need assistance in obtaining documents from the Plan Administrator, you should contact the nearest office of the *Employee Benefits Security Administration, U.S. Department of Labor* listed in your telephone directory or the *Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor*, 200 Constitution Avenue, N.W., Washington, D.C. 20210. You may also obtain certain publications about your rights and responsibilities under *ERISA* by calling the publication hotline of the *Employee Benefits Security Administration*.

ERISA Statement

If the Enrolling Group is subject to *ERISA*, the following information applies to you.

Summary Plan Description

Name of Plan: Insperity Group Health Plan

Name, Address and Telephone Number of Plan Sponsor and Named Fiduciary:

Insperity Holdings, Inc.
19001 Crescent Springs Drive
Kingwood, TX 77339-3802
(866) 715-3552

The Plan Sponsor retains all fiduciary responsibilities with respect to the Plan except to the extent the Plan Sponsor has delegated or allocated to other persons or entities one or more fiduciary responsibilities with respect to the Plan.

Claims Fiduciary: UnitedHealthcare Insurance Company ("UnitedHealthcare," refer to your Certificate of Coverage for details on the legal entity that provides your coverage) is your Plan's Claims Fiduciary and has been delegated this responsibility by your Plan Sponsor. Your Claims Fiduciary has the authority to require eligible individuals to furnish it with information necessary for the proper administration of your Plan.

Employer Identification Number (EIN): 76-0178498

Plan Number: 502

Plan Year: January 1 through December 31

Type of Plan: Health care coverage plan

Name, Business Address, and Business Telephone Number of Plan Administrator:

Insperity Holdings, Inc.
19001 Crescent Springs Drive
Kingwood, TX 77339-3802
(866) 715-3552

Type of Administration of the Plan: Your Plan is fully insured. Benefits are provided under a group insurance contract entered into between your Plan Sponsor and UnitedHealthcare. Claims for benefits are sent to UnitedHealthcare. Your employer and UnitedHealthcare share responsibility for administering the plan.

UnitedHealthcare Insurance Company for Network Benefits and UnitedHealthcare Insurance Company for Non-Network Benefits

UnitedHealthcare Insurance Company

185 Asylum Street
Hartford, CT 06103-0450
860-702-5000

Person designated as Agent for Service of Legal Process: Plan Administrator

Discretionary Authority of Plan Administrator and Other Plan Fiduciaries: The Plan Administrator and other Plan fiduciaries shall have discretionary authority to interpret the terms of the Plan and to determine eligibility for benefits in accordance with the terms of the Plan. Any interpretation or

XXIII

determination made pursuant to such discretionary authority shall be given deference and be legally binding on all parties and subject to review by a legal authority only to the extent the decision was arbitrary and capricious.

Source of Contributions and Funding under the Plan: There are no contributions to the Plan. Any required employee contributions are used to partially reimburse the Plan Sponsor for Premiums under the Plan. Benefits under the Plan are funded by the payment of Premium required by the group Policy.

Method of Calculating the Amount of Contribution: Employee-required contributions to the Plan Sponsor are the employee's share of costs as determined by Plan Sponsor. From time to time, the Plan Sponsor will determine the required employee contributions for reimbursement to the Plan Sponsor and distribute a schedule of such required contributions to employees.

Qualified Medical Child Support Orders: The Plan's procedures for handling qualified medical child support orders are available without charge upon request to the Plan Administrator.

Amendment or Termination of the Plan: Your employer, as the Plan Sponsor, has the right to amend or terminate this Plan at any time. Note that the insurance contract, which is how benefits under the Plan are provided, is not necessarily the same as the Plan. As a result, termination of the insurance contract does not necessarily terminate the Plan.

I agree with identification of the 2 firms, and also reaffirm that UHC should not be identified as the data source.
Thanks for asking.

Subject: FW: OON--Confidential---LOOKING FOR INPUT AHEAD OF PHASE 2 PUBLICATION
Importance: High

Sam/Dan/Jeff/Dewayne:

Zack and Fiona are working on their write up of the deeper research describing and quantifying the reasons behind the OON ER docs issues. Their goal is publication (and associated media coverage) during this coming summer. They would like to name EmCare and TeamHealth (currently labelled as Firm 1 and 2) specifically in the publication and are asking if we would be OK with them doing so. They believe it will add to the credibility of the research and also be useful from a policy standpoint (as the two organizations have different approaches with different results).

Do you have a strong feeling either way on the publication of the names?

Note: we would not be specifically identified as the data source, same as with the earlier NEJM study, (and they determined who these two firms were by means other than our data, but our data has helped validate other publicly written info --re: changes in OON rates and upcoding--including lawsuits/settlements involving these two companies).

Please let us know your thoughts.

Thanks,
Ted

Thanks, Dan. Very helpful. They are thinking through possible solutions to recommend (one of the reasons they were looking at the impact of the NY law) and I'm sure they'll appreciate this feedback.

Very interesting. I'd like to see some solutions in addition to the problem – like maybe suggest that hospitals should bundle their hospital based physicians into their contracts with insurers. Im also interested in knowing if the pattern in the report exists with other hospital based physicians or with certain types of non-hospital based specialties such as neurosurgery.

Subject: FW: OON--Confidential---DRAFT of Phase 2 Research Results

Sam/Dan/Dewayne/Jeff:

As you know, the first round of the release of this research (impact of OON ER physicians at in-network hospitals) has had a tremendous impact (media coverage and interest from others in Congress and the FTC). As discussed (and with input from all of us), the Yale folks have now done a deeper dive into the causes. More specifically, they have been looking at the impact of outside for profit companies organizing the OON ER groups (most notably EMCare and TeamHealth) as well as the impact of the NY law. Slide 4 of the attached deck provides a good summary of the results (note: Firm 1 is EMCare and Firm 2 is TeamHealth).

The results are stunning and likely to generate significant media and other attention when they go public (which is probably not for a couple more months as they are in the peer review process of the results right now. Once this is done, they will draft the article). Please take a look and let me know your thoughts.

RA000756

Thanks everyone for your help,
Ted

Subject: RE: OON--Confidential---FTC study published in Health Affairs

FYI...FTC has just published a study on the topic in Health Affairs using the Truven dataset. The results are consistent with the Yale study (e.g. 20% overall with lots of variation across the country) and the Yale study is referenced in the footnotes. See attached for a copy of the article.

In addition, one of the Florida senators has written a letter to the FTC asking them to investigate the practice (this was also covered by the NY Times and references the Yale study) and the research along with some additional work from HCCI (which was posted on a Health Affairs blog) seems to be having a positive impact on legislation pending in NJ.

Dewayne and I met with Steve Heyman to make sure we are all aligned as we continue to move forward with additional deeper supporting research.

Sam/Dan:

FYI. Just wanted to give you a quick recap :

O NEJM article (authored by Zack Cooper and Fiona Morton Scott—two Yale Health economists) was officially released at 5PM ET on Nov 16 (see attached). The related press coverage was quite good (incl. a featured story that evening on NBC Nightly News and stories in the NY Times, WSJ, Washington Post, NPR, ABC World News tonight and others—see below for links to some of the key stories).

O The Congressman from Texas (who was quoted in the NY Times article) reached out to Zack Cooper (Yale professor) asking for his help to propose new legislation on this issue.

O Zack and the reporters from the NY Times have interest in diving deeper into the issue including getting a good understanding of the impact of NY and Florida legislation, the impact of outside companies (e.g. TeamHealth, Emcare) as well as the OON anesthesiologist/Outside surgeon issues. Zack views this deeper understanding as critical to help with new legislation.

O Dewayne and I are meeting with Steve Heyman (from Cory's group) to discuss further and to make sure we are all aligned on next steps.

In summary, we have made tremendous progress in terms of highlighting and bringing credibility to this key issue of surprise out of network emergency room physician charges at in network hospitals. We're in a great place to build on this momentum by continuing to support more research to help policymakers gain a deeper understanding of the issues, possible fixes, and to introduce broader legislation particularly in problem areas such as Texas.

Please don't hesitate to reach out if you would like to discuss further.

Thanks,
Ted

Sam/Dan/Dewayne:

RA000759

Thank you all for your help today on the ED out of-network organization names. After speaking to Sam late this afternoon:

O we'll plan to provide Zack with TeamHealth, Emcare and Sheridan Health as 3 big names in this space.

O we'll also encourage Zack to ask the reporter to cover the new Florida law in the accompanying article.

Also, just to make sure everyone has the latest info---attached are two word documents. The first is a copy of the latest document that Zack's submitted to NEJM (after their first request for a revise and resubmit---note: the description of the data reflects input from Don). The second document contains links to a sampling of State ER laws (our legal folks had pulled it together to share with the Yale team).

Please don't hesitate to reach out with any further questions or comments.

Thanks,
Ted

I will forward your questions to Ted Prospect. Where did you land in terms of naming Firms 1 and 2 (Emcare and Teamcare)?

From: Rosenthal, Daniel I
Sent: Monday, March 20, 2017 1:37 PM
To: Boado, Andrea M
Subject: RE: OON--Confidential-- phase 2

Here are my thoughts:

I wonder if the report could include a table of the largest firms to create a logic flow to why firm 1 & 2 are highlighted in this report. I assume they were because they are the two largest firms in the space, representing at least x% of the market but it is hard to tell from the words on the page.

P4- the comparisons between firm 1 and firm 2 are confusing. Are they reporting the same thing or apples and oranges?

P7- is there a data point to support the conclusions in bullet 1?

Redacted

P16- do s bullet 1 mean that the conclusions in the report may not be accurate? It sounds like whining.

P26- is this information, or something similar, available from other sources?

Good morning to you too!

Re your question, public shaming comes to mind. That said, with costs on the rise, throwing heat and light on them may not be a bad thing. Ultimately, it's a business decision.

You also may want to note slide 26, which while seemingly intended to show the difference between INN rates (ranked by percentile) as compared to OON, provides a road map to those who may want to arbitrage the way Emcare has.

Subject: RE: OON--Confidential-- phase 2

Good morning. My question is - what benefit is there from specifically identifying them? Given their size, it seems obvious who they are and naming them feels like unnecessarily poking the bear.

Subject: FW: OON--Confidential---LOOKING FOR INPUT AHEAD OF PHASE 2 PUBLICATION

Importance: High

Sam/Dan/Jeff/Dewayne:

Zack and Fiona are working on their write up of the deeper research describing and quantifying the reasons behind the OON ER docs issues. Their goal is publication (and associated media coverage) during this coming summer. They would like to name EmCare and TeamHealth (currently labelled as Firm 1 and 2) specifically in the publication and are asking if we would be OK with them doing so. They believe it will add to the credibility of the research and also be useful from a policy standpoint (as the two organizations have different approaches with different results).

Do you have a strong feeling either way on the publication of the names?

RA000764

ATTORNEYS' EYES ONLY

DEF108742

P085004

Note: we would not be specifically identified as the data source, same as with the earlier NEJM study, (and they determined who these two firms were by means other than our data, but our data has helped validate other publicly written info --re: changes in OON rates and upcoding--including lawsuits/settlements involving these two companies).

Please let us know your thoughts.

Thanks,
Ted

Very interesting. I'd like to see some solutions in addition to the problem -- like maybe suggest that hospitals should bundle their hospital based physicians into their contracts with insurers. Im also interested in knowing if the pattern in the report exists with other hospital based physicians or with certain types of non-hospital based specialties such as neurosurgery.

Subject: FW: OON--Confidential---DRAFT of Phase 2 Research Results

Sam/Dan/Dewayne/Jeff:

As you know, the first round of the release of this research (impact of OON ER physicians at in-network hospitals) has had a tremendous impact (media coverage and interest from others in Congress and the FTC). As discussed (and with input from all of us), the Yale folks have now done a deeper dive into the causes. More specifically, they have been looking at the impact of outside for profit companies organizing the OON ER groups (most notably EMCare and TeamHealth) as well as the impact of the NY law. Slide 4 of the attached deck provides a good summary of the results (note: Firm 1 is EMCare and Firm 2 is TeamHealth).

The results are stunning and likely to generate significant media and other attention when they go public (which is probably not for a couple more months as they are in the peer review process of the results right now. Once this is done, they will draft the article). Please take a look and let me know your thoughts.

Thanks everyone for your help,
Ted

Subject: RE: OON--Confidential---FTC study published in Health Affairs

FYI...FTC has just published a study on the topic in Health Affairs using the Truven dataset. The results are consistent with the Yale study (e.g. 20% overall with lots of variation across the country) and the Yale study is referenced in the footnotes. See attached for a copy of the article.

In addition, one of the Florida senators has written a letter to the FTC asking them to investigate the practice (this was also covered by the NY Times and references the Yale study) and the research along with some additional work from HCCI (which was posted on a Health Affairs blog) seems to be having a positive impact on legislation pending in NJ.

Dewayne and I met with Steve Heyman to make sure we are all aligned as we continue to move forward with additional deeper supporting research.

Sam/Dan:

FYI. Just wanted to give you a quick recap :

O NEJM article (authored by Zack Cooper and Fiona Morton Scott—two Yale Health economists) was officially released at 5PM ET on Nov 16 (see attached). The related press coverage was quite good (incl. a featured story that evening on NBC Nightly News and stories in the NY Times, WSJ, Washington Post, NPR, ABC World News tonight and others—see below for links to some of the key stories).

O The Congressman from Texas (who was quoted in the NY Times article) reached out to Zack Cooper (Yale professor) asking for his help to propose new legislation on this issue.

O Zack and the reporters from the NY Times have interest in diving deeper into the issue including getting a good understanding of the impact of NY and Florida legislation, the impact of outside companies (e.g. TeamHealth, Emcare) as well as the OON anesthesiologist/Outside surgeon issues. Zack views this deeper understanding as critical to help with new legislation.

O Dewayne and I are meeting with Steve Heyman (from Cory's group) to discuss further and to make sure we are all aligned on next steps.

In summary, we have made tremendous progress in terms of highlighting and bringing credibility to this key issue of surprise out of network emergency room physician charges at in network hospitals. We're in a great place to build on this momentum by continuing to support more research to help policymakers gain a deeper understanding of the issues, possible fixes, and to introduce broader legislation particularly in problem areas such as Texas.

Please don't hesitate to reach out if you would like to discuss further.

Thanks,
Ted

Sam/Dan/Dewayne:

Thank you all for your help today on the ED out of-network organization names. After speaking to Sam late this afternoon:

O we'll plan to provide Zack with TeamHealth, Emcare and Sheridan Health as 3 big names in this space.

O we'll also encourage Zack to ask the reporter to cover the new Florida law in the accompanying article.

Also, just to make sure everyone has the latest info---attached are two word documents. The first is a copy of the latest document that Zack's submitted to NEJM (after their first request for a revise and resubmit---note: the description of the data reflects input from Don). The second document contains links to a sampling of State ER laws (our legal folks had pulled it together to share with the Yale team).

Please don't hesitate to reach out with any further questions or comments.

Thanks,
Ted

Subject: FW: OON Manuscript--LATEST DRAFT
Attachments: 20170519_oon_paper.pdf

Sam/Dan/Jeff/Dewayne:

Attached is a copy of the latest draft of the manuscript. This draft is close to final. It highlights:

O the specific impact of the two leading physician outsourcing firms (EmCare, TeamHealth) on the cost of ER visits and hospital admissions

O the positive early impact of the NY State law on reducing out-of-network billing rates

We currently expect the study to be released through NBER and the NY Times article to be published in late June (although, based on past experience this could change). We understand that the NY Times is talking to impacted hospitals and also hoping to have quotes from physicians who are associated with these two firms.

Thanks again for your support in this process,
Ted

Glad to see strong interest from the Times on this study ... this is exactly what we want.

I like the broader focus of the planned story (not limited to an attack/expo on two firms) and I also understand the desire to tie results to specific companies within this context.

I'm good with this and wouldn't want to fall back on just an academic publication of results.

DAN: You had concerns on naming names. Are you alright moving forward with this context and no mention of UHG as data source?

Thanks.
Tom

From: Prospect, Theodore A

Cc: Beauregard, Tom
Subject: FW: OON Manuscript draft and feedback from NYTimes: LOOKING FOR INPUT

Sam/Dan/Jeff/Dewayne:

Following our last discussion, we shared our collective feedback with Zack which was primarily to ensure the OON billing issue would be viewed as broad as possible in both the manuscript and any associated media reporting (most notably the NY Times). To accomplish this, we were OK with naming Emcare and TeamHealth as two of the leading physician outsourcing firms in the ED space, but asked that they not be tied directly to their specific firm by firm results shown in our data.

Zack pulled together an early draft of the paper and also had an initial discussion with the NY Times (see note below and attached). As you'll see, the good news is that we were successful in that they are very interested in broadening the issue from a few different angles (including comparing/contrasting the approaches of the two leading firms, the resulting changes in admissions to hospitals, the role/relationship of these firms to the American College of Emergency Physicians as well as the favorable early results of the NY law). To accomplish this, the NY Times views it as critical to name each firm with their specific results. I think this will also help them tie to other independent work they are doing to research those firms.

Zack also shared that the NY Times is interested in the follow-up research work in other areas impacted by the OON issue (assistant surgeons, anesthesiologists, neonatologists and any other areas that are significant).

Given this feedback and their approach (which is now different than what we had discussed previously), is everyone ok with the release of specific named firm by firm results for Emcare and TeamHealth?

Thanks everyone for your help,
Ted

Cc: Oneil, Robert T
Subject: Manuscript

Hi Ted,

Attached is a draft of our paper. The paper is making progress. There is a bit more empirical work to be done and I'll likely need to do a few more drafts to tighten the writing. I also have yet to add references. All figures are included in the back of the paper. There are two or three more tables that we are working to finish now. The paper should be finished completely by early to mid-May. My aim is to have a finished manuscript that has been reviewed by you by the end of May.

We should discuss the plan for the next steps of the paper.

I have had extensive discussions with the reporting team at the New York Times, which now includes Margot Sanger-Katz, Reed Abelson, and Julie Creswell. That the editors have put three reporters on this project is a very good sign. The more resources the Times devotes to a project, the more prominent they think it is and the more prominent they're likely to feature the piece when it ultimately is printed. The NYTimes reporters have spoken to their editors. In short, they're hugely interested in the paper and are currently working on background. They believe the research is newsworthy. Their focus, at this juncture, is really on the evolution of emergency medicine and how firms like EmCare, Team Health, and the raft of urgent care clinics have entered the market. They're hugely interested in the fact that out-of-network billing is not something happening at all hospitals and is, instead, something at a

small group of hospitals. They believe the transfer we observe from physicians to hospitals is also very important. Finally, they're interested in the role that the American College of Emergency Physicians is playing and some of its links to these firms.

I had a discussion with the Times about what they need to report on the story. Their one request - which they state as 'existential' - is the ability to identify EmCare and Team Health by name. In this draft of the manuscript, we identify EmCare as "Firm 1" and TeamHealth as "Firm 2". They would like to see us not use Firm 1/Firm 2 labels and instead name the firms. They believe that they would not be able to report on the paper without these names.

At this juncture, this then is a question for UHG. Without the names, we'll still have a very nice publication. I would post the paper on the NBER webpage. We could hope for press coverage, but the rub is that it may generate minimal press interest. In that case, I don't believe the Times would want an exclusive. Ultimately, while our results are economically interesting without the names, they are not as news worthy.

Alternatively, with the names of the firms, the Times would be hugely interested. We would give them an exclusive and they would do some heavy investigative reporting. They can never promise the front page, but they would be able to invest significant resources in the project. This has been reviewed by senior leadership at the Times and they are aware that they may not be able to name the firms. The Times is particularly motivated because of some earlier reporting Reed has done and the fact that Becky Parker, the President of the American College of Emergency Physicians and EmCare was not forthright in November when she gave the New York Times quotes about out-of-network billing.

My own view is that this paper has very interesting economics. The paper without the names will make a nice piece of academic scholarship. However, I also really want it to have impact. What we've found is that out-of-network billing is really being done by a small group of predatory firms. Ultimately, I think that having a feature piece in the Times would go a long way towards eliminating this practice in the future.

We have taken steps to make sure UHG is not named. The NYTimes will not report on the source of the data any where in the reporting and it will not be named in the paper. My strategy will mirror the approach I took last time, which is to discuss the paper for what it is, which is science using good data to study a big problem.

Look forward to discussing everything.

Yours,

Zack
