(check one box)

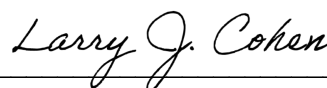

- ☐ The parties have agreed to a settlement of this matter.
- ☐ The parties were unable to agree to a settlement of this matter.
- ☐ The settlement process is continued as follows:

Date: _____ Time: _____

Location: _____

☒ **Other:** The parties in this case reached a settlement a considerable time ago. Thereafter, in the course of documenting the settlement disagreements over the terms that would document their agreement. Notwithstanding those differences the parties continues to want the case resolved. The Settlement Judge worked with them to facilitate communications aimed at resolving their differences over the drafting of terms. When the parties were unable to resolve their differences through facilitated direct negotiations the Settlement Judge took on the responsibility of drafting a document her believed consistent with the terms of the settlement that would also resolve their differences over the drafting of terms. The parties have been waiting for a lengthy period of time for the Settlement Judge to provide the proposed document. The Settlement Judge needs to complete that effort and deliver to the parties the proposed documentation of their agreement. The delay at this point is entirely due to the time it is taking the Settlement Judge to complete this work. The parties and their attorneys should be commended for the efforts they made in reaching an agreement on the disputes in the case, for their effort to overcome their differences over documentation of the settlement terms, and for their patience with the Settlement Judge, The Settlement Judge commits to deliver the proposed documentation to the parties through their respective counsel no later than April 5, 2024.
