I.

On March 25, 2020, this Honorable Court granted Appellants’ telephonic request for an extension to file Appellants’ Opening Brief and Appendix, making said brief and appendix due on April 9, 2020. On Tuesday, April 7, 2020, the entire nationwide network for the undersigned’s firm went offline and, as of the writing and filing of this Motion, is still offline. All documents related to the present appeal (including the Opening Brief and the Appendix which are currently set to be due on April 9, 2020) are currently inaccessible to the undersigned as all files for the firm are stored electronically on the firm’s network. Appellants’ Opening Brief and Appendix are largely complete and the undersigned would have been able to file the same timely if the firm’s network were functional. However, the undersigned simply cannot access the necessary documents at this time.

As such, the undersigned would humbly request a brief extension of time to file the Opening Brief and Appendix in this matter. Two weeks should be more than enough time for the undersigned’s firm to resolve its network issues. Further, should the Court be so inclined as to grant the requested extension, the undersigned will file the briefing for this case as soon as possible.
