ORDER DIRECTING ANSWER

This is an original pro se petition for a writ of mandamus challenging a district court order denying a motion to correct a clerical error in petitioner's judgment of conviction. Petitioner contends the district court erred by denying his motion without first ordering a transcript of his sentencing hearing.

Having reviewed the petition and attached documentation, it appears that an answer may assist the court in resolving this matter. Therefore, real party in interest, on behalf of respondents, shall have 28 days from the date of this order to file and serve an answer, including authorities, against issuance of the requested writ. We further direct real party in interest to address the propriety of writ relief, in addition to

addressing the merits of the petition, in its answer. Petitioner shall have 14 days from service of the answer to file and serve any reply.

It is so ORDERED.
